CHAPTER _____

An act to amend Section 24216.5 of the Education Code, relating to the State Teachers' Retirement System, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 335, Mazzoni. State Teachers' Retirement System: class size.

Existing law, until July 1, 2002, exempts the compensation earned by a member of the State Teachers' Retirement System from specified postretirement compensation limitations if, among other requirements, the member is employed by a school district to provide direct classroom instruction in newly created grades kindergarten to 3 or temporarily fill a position in grades 4 to 12 that was vacated due to a teacher transferring to a classroom in grades kindergarten to 3 within the same district to meet the objectives of the Class Size Reduction Program.

This bill would revise the employment requirements applicable to the above described exemption to require that the member be employed by the school district to provide direct classroom instruction in classrooms created pursuant to specified provisions of existing law regarding class size reduction or to temporarily fill a position that was vacated due to a transfer pursuant to those provisions.

Existing law, until July 1, 2002, provides that, upon written request, a member who retired on or before July 1, 1996, and who, within a specified period of time, terminated his or her service retirement allowance and returned to employment that qualifies for the exemption described in existing law described above may cancel his or her reinstatement and return to retirement status as if the service retirement allowance had not been terminated.

This bill would delete this provision.

This bill would provide that the changes made by the bill would apply to the 1999–2000 school year and subsequent school years.

This bill would declare that it is to take effect immediately as an urgency statute.

The people of the State of California do enact as follows:
