## CHAPTER \_\_\_\_\_

An act to amend Sections 22141, 24415, and 24417 of, and to add Section 24410.7 to, the Education Code, relating to the State Teachers' Retirement System.

## LEGISLATIVE COUNSEL'S DIGEST

AB 429, Correa. State Teachers' Retirement System: supplemental benefits.

Under the State Teachers' Retirement Law, retired members and nonmember spouses, disabled members, and beneficiaries of the Defined Benefit Program, as defined, receive monthly allowances that are subject to supplementary increases to preserve their purchasing power.

This bill would increase the monthly allowance amounts payable to retired members and nonmember spouses, disabled members, and beneficiaries according to a specified schedule, payable commencing on or before July 1, 2001, and provide for additional supplemental increases to those benefits to preserve their purchasing power, as specified.

*The people of the State of California do enact as follows:*

SECTION 1. Section 22141 of the Education Code is amended to read:

22141. Notwithstanding Section 22140, "improvement factor" means an increase of 2 percent in benefits provided under Sections 24408 and 24409 for each year commencing on September 1, 1981, and under Section 24410.5 for each year commencing September 1, 2001, and under Sections 24410.6 and 24110.7 for each year commencing September 1, 2002. The factor shall not be compounded nor shall it be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions. The Legislature reserves the right to adjust the amount of the improvement factor up or down as the

economic conditions dictate. No adjustments of the improvement factor shall reduce the monthly retirement allowance or benefit below that which would be payable to the recipient under this part had this section not been enacted.

SEC. 2. Section 24410.7 is added to the Education Code, to read:

24410.7. (a) The monthly allowance payable on the effective date of this section, excluding annuities payable from accumulated annuity deposit contributions and tax-sheltered annuity contributions and benefits payable pursuant to Sections 24410.5 and 24410.6, to retired members and nonmember spouses, disabled members, and beneficiaries, including option beneficiaries, shall be increased by the percentage set forth opposite the applicable period during which retirement, disability, or death occurred set forth in the following schedule:

Period during which retirement, disability, or death occurred:	Percentage:
36 months ending Dec. 31, 2000	0.0%
12 months ending Dec. 31, 1997	1.0%
24 months ending Dec. 31, 1996	2.0%
60 months ending Dec. 31, 1994	3.0%
60 months ending Dec. 31, 1989	4.0%
120 months ending Dec. 31, 1984	5.0%
Dec. 31, 1974 or earlier	6.0%

(b) The increase provided pursuant to this section is in addition to any payments received by a retired member or nonmember spouse, disabled member, or beneficiary, including an option beneficiary, under Section 24415.

(c) Benefits payable under this section shall be initially payable by the system on or before July 1, 2001.

SEC. 3. Section 24415 of the Education Code is amended to read:

24415. (a) The proceeds of the Supplemental Benefit Maintenance Account shall be distributed annually in quarterly supplemental payments commencing on September 1, 1990, to retired members, disabled

members, and beneficiaries, as defined in subdivision (a) of Section 22107. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Section 24412, and excluding those provided pursuant to Sections 24410.5, 24410.6, and 24410.7.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as specified in Section 24412, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of distribution. In any year in which the purchasing power of the allowances of all retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, equals not less than 75 percent and additional funds remain from the allocation authorized by this section, those funds shall remain in the Supplemental Benefit Maintenance Account for allocation in future years.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The increases provided by subdivision (b) are not cumulative, not part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The adjustments authorized by this section are vested only up to the amount payable as a result of the

annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Sections 22140 and 22141.

(f) Notwithstanding subdivision (b), for purposes of restoring the purchasing power of benefits provided pursuant to Section 24410.5 for members and beneficiaries receiving benefits pursuant to subdivision (b), the purchasing power calculation shall be based on 75 percent of the change in the All Urban California Consumer Price Index between January 2000 and June of the fiscal year preceding the fiscal year of distribution, after the application of increases authorized by Section 24412 that are made to the allowances provided pursuant to Section 24410.5.

(g) Notwithstanding subdivision (b), for purposes of restoring the purchasing power of benefits provided pursuant to Sections 24410.6 and 24410.7 for members and beneficiaries receiving benefits pursuant to subdivision (b), the purchasing power calculation shall be based on 75 percent of the change in the All Urban California Consumer Price Index between January 2001 and June of the fiscal year preceding the fiscal year of distribution, after the application of increases authorized by Section 24412 that are made to the allowances provided pursuant to Sections 24410.6 and 24410.7.

SEC. 4. Section 24417 of the Education Code is amended to read:

24417. (a) The proceeds of an auxiliary Supplemental Benefit Maintenance Account shall be distributed annually in quarterly supplemental payments, commencing when funds in the Supplemental Benefit Maintenance Account are insufficient to support 75 percent, to retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this

part, including those specified in Sections 24412 and 24415, and excluding those provided pursuant to Sections 24410.5, 24410.6, and 24410.7.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as specified in Sections 24412 and 24415, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of the benefit effective date and June of the fiscal year preceding the fiscal year of distribution.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The increases provided by subdivision (b) are not cumulative, nor part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account and the auxiliary Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The distributions authorized by this section are vested only up to the amount payable as a result of the annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Sections 22140 and 22141.

(f) Notwithstanding subdivision (b), for purposes of restoring the purchasing power of benefits provided pursuant to Section 24410.5 for members and beneficiaries receiving benefits pursuant to subdivision (b), the purchasing power calculation shall be based on 75 percent of the change in the All Urban California Consumer Price Index between January 2000 and June of

the fiscal year preceding the fiscal year of distribution, after the application of increases authorized by Section 24412 that are made to the allowances provided pursuant to Section 24410.5.

(g) Notwithstanding subdivision (b), for purposes of restoring the purchasing power of benefits provided pursuant to Sections 24410.6 and 24410.7 for members and beneficiaries receiving benefits pursuant to subdivision (b), the purchasing power calculation shall be based on 75 percent of the change in the All Urban California Consumer Price Index between January 2001 and June of the fiscal year preceding the fiscal year of distribution, after the application of increases authorized by Section 24412 that are made to the allowances provided pursuant to Sections 24410.6 and 24410.7.
