LEGISLATIVE COUNSEL'S DIGEST

AB 1913, as amended, Cardenas. ~~Juveniles:—crime prevention~~ *Local law enforcement funding.*

(1) Existing law establishes in each county treasury a Supplemental Law Enforcement Services Fund (SLESF) and requires that moneys from this fund be allocated to counties and cities located within a county in accordance with specified requirements for, among other things, front line law enforcement services.

This bill would allocate 50% of SLESF moneys to counties and cities and counties to implement a comprehensive multiagency juvenile justice plan with specified components and objectives, and would require that the plan be developed by the local juvenile justice coordinating council in each county and city and county. The bill would redefine front line law enforcement services to include juvenile justice programs. The bill would require the plan to be submitted to the Board of Corrections for review and approval in order to be funded. The bill would require the county or city and county to report to the board on the programs funded and the board would be required to compile the reports for an interim and a final report to the Governor and the Legislature.

(2) Existing law appropriated \$121,300,000 from the General Fund to the Controller for the 2000–01 fiscal year for allocation to counties and cities and counties for supplemental local law enforcement funding pursuant to the bill.

This bill would increase this appropriation to \$243,350,000 and include in this amount an allocation of \$750,000 to the Board of Corrections for administrative expenses.

(3) Existing law provides that these provisions governing supplemental local law enforcement funding shall become inoperative on July 1, 2004, and are repealed as of January 1, 2005.

This bill would make these provisions inoperative on July 1, 2002, and would repeal them as of January 1, 2003.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

~~(1) Existing law provides that in cases where a probation officer determines that a minor is or likely will be within the jurisdiction of the juvenile court, the officer may delineate an alternative program or programs, not to exceed 6 months, designed to adjust the situation bringing the minor within the juvenile court's jurisdiction by providing care and treatment for addiction, individual and family counseling, and other services, except as specified. Existing law provides that a court may, without adjudging the minor a ward of the court, continue any hearing on a petition for 6 months and order the minor to participate in these alternative programs and services.~~

~~This bill would provide that all minors designated as eligible for alternative supervision diversion pursuant to these provisions shall be enrolled in an appropriate accredited school program as a condition of program participation, be placed on a probation officer caseload of no more than 35 cases, be given a social history assessment as specified, and be provided with alcohol and substance abuse services, counseling, and mental health services, if appropriate. This bill would also provide that, subject to appropriation in the State Budget, \$30,000,000 shall be available to local community-based organizations, mental health agencies, and other specified agencies to provide services pursuant to these provisions.~~

~~The bill would also provide that eligible minors arrested for misdemeanor offenses shall be referred to the local probation department.~~

~~The bill would also provide that, subject to appropriation in the State Budget, at least \$50,000,000 shall be made available for support of local juvenile crime diversion and gang prevention programs, at least \$10,000,000 shall be made available for utilization by local school district police departments for development of school-based juvenile crime diversion programs, as specified, an additional \$15,000,000 would be made available for school-based probation supervision programs, and at least \$25,000,000 shall be made available to support local juvenile crime diversion and gang~~

~~prevention programs for predelinquent youth. The bill would provide that, subject to appropriation in the State Budget, at least \$20,000,000 shall be made available annually to develop or expand gender specific programs for female offenders and to support juvenile ranches and camps for female juvenile offenders, and at least \$8,000,000 shall be made available annually for the support of local female juvenile crime diversion and gang prevention programs. The bill would also provide that, subject to appropriation in the State Budget, at least \$6,000,000 shall be made available annually for the Abolish Chronic Truancy Program in Los Angeles County, and at least \$6,000,000 annually to the Communities in Schools program, as specified. By imposing additional duties on local law enforcement personnel, this bill would impose a state-mandated local program.~~

~~(2) Existing law establishes a 3-year pilot project, subject to appropriation of funds therefor, to be known as the “Repeat Offender Prevention Project” for operation in specified counties, the purpose of which is to design, establish, implement, and evaluate a model program for the reduction of recidivism among juvenile offenders, as specified.~~

~~This bill would specify that this program is contingent upon the appropriation of \$10,000,000, remove the 3-year limitation, make the program available to probation departments in the state unless the board of supervisors of the county adopts a specified resolution, and require participating probation departments to evaluate the need for specific programs for female juvenile offenders.~~

~~(3) Existing law provides that a minor shall be selected for participation in the Repeat Offender Prevention Project based on several specified factors, including that the minor is 15½ years of age or younger, has been declared a ward of the juvenile court for the first time, and has been evaluated and found to have at least 3 of 5 specified factors that place the minor at risk of becoming a chronic juvenile or adult offender. One of those factors is that the minor matches a specified profile.~~

~~This bill would revise the criteria to delete that factor.~~

~~(4) Existing law establishes the Juvenile Crime Enforcement and Accountability Challenge Grant Program;~~

~~and provides that to be eligible for grants under this program, each county shall establish a multiagency juvenile justice coordinating council, as specified, that shall develop and implement a continuum of county-based responses to juvenile crime. Existing law requires the Board of Corrections to award grants that provide funding for 3 years.~~

~~This bill would instead provide that each county that receives funding under this program or under the Repeat Offender Prevention Project must establish a multiagency coordinating council. The bill would require the Board of Corrections to award grants for a period of 4, rather than 3 years. The bill would also declare the Legislature's intent to appropriate \$25,000,000 in the Budget Act of 2000 for funding of the program, as specified.~~

~~(5) This bill would provide that contingent upon a funding allocation of \$3,500,000 in the State Budget, the California Youth Authority Gang Violence Reduction Project shall be established in Los Angeles, Orange, Alameda, and San Joaquin Counties as specified.~~

~~(6) This bill would provide that contingent upon an allocation of \$3,800,000 in the State Budget, the Department of the Youth Authority shall establish a Gang Information and Supervision Agent project at each of its 17 parole districts.~~

~~(7) This bill would provide that contingent upon an allocation of \$2,300,000 in the State Budget, the Gang Service Project shall be added to each parole unit in the state.~~

~~(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.~~

~~This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.~~

~~With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state,~~

~~reimbursement for those costs shall be made pursuant to the statutory provisions noted above.~~

Vote: ~~majority~~ ^{2/3}. Appropriation: ~~no~~ yes. Fiscal committee: yes. State-mandated local program: ~~yes~~ no.
