

Assembly Bill No. 2161

CHAPTER 519

An act to amend Section 6924 of the Family Code, and to amend Section 123115 of the Health and Safety Code, relating to health.

[Approved by Governor September 17, 2000. Filed with Secretary of State September 19, 2000.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2161, Vincent. Mental health.

Existing law authorizes a minor who is 12 years of age or older to consent to mental health treatment or counseling services on an outpatient basis, or to residential shelter services, under certain circumstances, where those services are provided by any one of specified entities, including a marriage, family and child counselor.

This bill would additionally authorize a marriage and family therapist registered intern, while working under the supervision of certain licensed professionals, to provide those services. The bill would also make a technical change.

Existing law authorizes a health care provider who determines that there is a substantial risk of significant adverse or detrimental consequences to a patient in seeing or receiving a copy of mental health records requested by the patient to deny the patient's request, subject to designated conditions. One of the conditions is that the health care provider shall permit inspection by, or provide copies of the mental health records to, designated health care providers.

This bill would revise the list of designated health care providers to reflect a change in terminology and to add marriage and family therapist registered interns. It would also require any marriage and family therapist registered intern inspecting records to work under the supervision of certain licensed professionals.

The people of the State of California do enact as follows:

SECTION 1. Section 6924 of the Family Code is amended to read:

(3) “Residential shelter services” means any of the following:

(A) The provision of residential and other support services to minors on a temporary or emergency basis in a facility that services only minors by a governmental agency, a person or agency having a contract with a governmental agency to provide these services, an agency that receives funding from community funds, or a licensed community care facility or crisis resolution center.

(B) The provision of other support services on a temporary or emergency basis by any professional person as defined in paragraph (2).

(b) A minor who is 12 years of age or older may consent to mental health treatment or counseling on an outpatient basis, or to residential shelter services, if both of the following requirements are satisfied:

(1) The minor, in the opinion of the attending professional person, is mature enough to participate intelligently in the outpatient services or residential shelter services.

(2) The minor (A) would present a danger of serious physical or mental harm to self or to others without the mental health treatment or counseling or residential shelter services, or (B) is the alleged victim of incest or child abuse.

in paragraph (3) of subdivision (a), shall make his or her best efforts to notify the parent or guardian of the provision of services.

(d) The mental health treatment or counseling of a minor authorized by this section shall include involvement of the minor's parent or guardian unless, in the opinion of the professional person who is treating or counseling the minor, the involvement would be inappropriate. The professional person who is treating or counseling the minor shall state in the client record whether and when the person attempted to contact the minor's parent or guardian, and whether the attempt to contact was successful or unsuccessful, or the reason why, in the professional person's opinion, it would be inappropriate to contact the minor's parent or guardian.

(e) The minor's parents or guardian are not liable for payment for mental health treatment or counseling services provided pursuant to this section unless the parent or guardian participates in the mental health treatment or counseling, and then only for services rendered with the participation of the parent or guardian. The minor's parents or guardian are not liable for payment for any residential shelter services provided pursuant to this section unless the parent or guardian consented to the provision of those services.

(f) This section does not authorize a minor to receive convulsive therapy or psychosurgery as defined in subdivisions (f) and (g) of Section 5325 of the Welfare and Institutions Code, or psychotropic drugs without the consent of the minor's parent or guardian.

SEC. 2. Section 123115 of the Health and Safety Code is amended to read:

123115. (a) The representative of a minor shall not be entitled to inspect or obtain copies of the minor's patient records in either of the following circumstances:

(1) With respect to which the minor has a right of inspection under Section 123110.

(2) Where the health care provider determines that access to the patient records requested by the representative would have a detrimental effect on the provider's professional relationship with the minor patient or the minor's physical safety or psychological well-being. The decision of the health care provider as to whether or not a minor's records are available for inspection under this section shall not attach any liability to the provider, unless the decision is found to be in bad faith.

(b) When a health care provider determines there is a substantial risk of significant adverse or detrimental consequences to a patient in seeing or receiving a copy of mental health records requested by the patient, the provider may decline to permit inspection or provide copies of the records to the patient, subject to the following conditions:

(1) The health care provider shall make a written record, to be included with the mental health records requested, noting the date

of the request and explaining the health care provider's reason for refusing to permit inspection or provide copies of the records, including a description of the specific adverse or detrimental consequences to the patient that the provider anticipates would occur if inspection or copying were permitted.

(2) The health care provider shall permit inspection by, or provide copies of the mental health records to, a licensed physician and surgeon, licensed psychologist, licensed marriage and family therapist, or licensed clinical social worker, designated by request of the patient. Any marriage and family therapist registered intern, as defined in Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code, may not inspect the patient's mental health records or obtain copies thereof, except pursuant to the direction or supervision of a licensed professional specified in subdivision (f) of Section 4980.40 of the Business and Professions Code. Prior to providing copies of mental health records to a marriage and family therapist registered intern, a receipt for those records shall be signed by the supervising licensed professional. The licensed physician and surgeon, licensed psychologist, licensed marriage and family therapist, licensed clinical social worker, or marriage and family therapist registered intern to whom the records are provided for inspection or copying shall not permit inspection or copying by the patient.

(3) The health care provider shall inform the patient of the provider's refusal to permit him or her to inspect or obtain copies of the requested records, and inform the patient of the right to require the provider to permit inspection by, or provide copies to, a licensed physician and surgeon, licensed psychologist, licensed marriage and family therapist, or licensed clinical social worker, designated by written authorization of the patient.

(4) The health care provider shall indicate in the mental health records of the patient whether the request was made under paragraph (2).
