CHAPTER 461

An act to add Section 60501 to the Education Code, relating to instructional materials.

[Approved by Governor September 15, 2000. Filed
with Secretary of State September 18, 2000.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2236, Leach. Instructional materials: textbooks.

Existing law requires governing boards of school districts to adopt rules, regulations, and procedures for prescribing standards for determining when instructional materials adopted by them and either loaned by them or in their possession are obsolete, and if the materials are usable or unusable for educational purposes.

This bill would permit a school district to review instructional materials to determine when those materials are obsolete pursuant to the rules, regulations, and procedures adopted by its governing board and report the results and staff recommendations at a public meeting of the school district governing board.

The people of the State of California do enact as follows:

SECTION 1. Section 60501 is added to the Education Code, to read:

60501. A school district may review instructional materials to determine when those materials are obsolete pursuant to the rules, regulations, and procedures adopted pursuant to Section 60500 and may report the results of its review and staff recommendations at a public meeting of the school district governing board.
