LEGISLATIVE COUNSEL'S DIGEST

SB 400, Ortiz. Public Employees' Retirement System: benefits.

(1) Under the Public Employees' Retirement Law, retirement allowances for school members are calculated, in part, based on the highest average compensation earnable during a consecutive 3-year period.

This bill would instead base that calculation on the highest average compensation earnable during a consecutive 12-month period.

(2) The Public Employees' Retirement Law defines "state peace officer/firefighter" in terms of employees employed by specified state departments in specified job classifications and provides higher retirement benefit formulas and higher employer and employee contribution rates for state peace officer/firefighter members than for state miscellaneous members.

This bill would add the Sergeants-at-Arms of each house of the State Legislature, excluding the Chief Sergeant-at-Arms, within the state peace officer/firefighter membership category.

(3) The Public Employees' Retirement Law establishes retirement formulas, known as the Second

Tier and the modified First Tier, that are applicable to specified members of the system.

This bill would provide that state miscellaneous and state industrial members hired or returning to state service, as specified, on or after January 1, 2000, shall be subject to First Tier benefits unless they elect to be subject to Second Tier benefits; authorize members subject to Second Tier benefits to elect to become subject to First Tier benefits and contribution rates, thereby making an appropriation; and provide that members subject to modified First Tier benefits shall become subject to First Tier benefits, as specified. The bill would also establish the means for members subject to Second Tier benefits, who are employed by the state on or after January 1, 2000, to elect to have their former Second Tier service converted to First Tier service.

(4) The Public Employees' Retirement Law prescribes a 2% at age 60 retirement formula for state miscellaneous, university, state industrial and school members.

This bill would make that formula inapplicable to those members employed by the state on or after January 1, 2000, except as specified, and would instead prescribe a 2% at age 55 retirement formula, as specified. The bill would also provide a 1 to 6%, inclusive, retirement allowance increase for certain retired state and school members, as specified, and make related technical changes.

(5) The Public Employees' Retirement Law prescribes a 2% at age 50 retirement formula for members of the California Highway Patrol and specified local safety members, a 2.5% at age 55 retirement formula for state peace officer/firefighter members and specified local safety members, and a 2% at age 55 retirement formula for state safety members and specified local safety members, all subject to maximum benefit limitations based on specified percentages of final compensation.

This bill would make those formulas inapplicable to those state members who are employed by the state on

or after January 1, 2000, and would instead prescribe a 3% at age 50 retirement formula for members of the California Highway Patrol and a 3% at age 55 for state peace officer/firefighter members and certain local safety members, as specified; provide an enhanced retirement formula for state safety members, as specified; and make related technical changes. The bill would also modify the maximum benefit limitations, as specified.

(6) The Public Employees' Retirement Law, as amended by Chapter 3 of the Statutes of 1999, provides preretirement death benefits for the surviving spouse or children, or both, as specified, of state members and specified school members not covered by the federal Social Security Act and provides that a surviving spouse becomes eligible for certain of these benefits when he or she attains the age of 62 years and meets other specified criteria.

This bill would decrease the surviving spouse's eligibility age to 60 years, would modify the method for funding these benefits, and would repeal these benefits on January 1, 2010.

(7) The bill would provide that the operation and application of certain of its provisions would be subject to specified conditions and limitations.

(8) This bill would incorporate additional changes to Sections 20391, 20677, 21337, 21362, 21363, 21369, 21572, 21573, and 21581 of the Government Code proposed by AB 99, AB 232, AB 813, SB 234, SB 339, SB 800, and SB 401, as applicable, to take effect if this bill and those bills, as specified, are enacted and become effective on or before January 1, 2000, and this bill is enacted last.

Appropriation: yes.

The people of the State of California do enact as follows:

(c) This section shall supersede Section 21353 for all school members, all university members, and all state miscellaneous members, with respect to service rendered for the California State University or the legislative or judicial branch of government, who retire on or after January 1, 2000.

(d) This section shall also supersede Section 21353 for state miscellaneous or state industrial members, for service not subject to subdivision (c), who are employed by the state on or after January 1, 2000, and who do not elect under Section 21070.5 to be subject to Second Tier benefits.

(e) Operation and application of this section are subject to the limitations set forth in Section 21251.13.

SEC. 33. Section 21362 of the Government Code is amended to read:

21362. (a) The current service pension for patrol members and the combined current and prior service pensions for local safety members with respect to local

safety service rendered to a contracting agency that is subject to this section is a pension derived from the contributions of the employer sufficient when added to the service retirement annuity that is derived from the accumulated normal contributions of the patrol member at the date of his or her retirement to equal the fraction of one-fiftieth of his or her final compensation set forth opposite his or her age at retirement taken to the preceding completed quarter year, in the following table, multiplied by the number of years of patrol service and local safety service subject to this section with which he or she is credited at retirement:

(b) In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an

amount that, when added to the service retirement annuity related to that service, equals 75 percent of final compensation. For state members who retire on or after January 1, 1995, and with respect to service for all state employers under this section, the benefit shall not exceed 80 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed that maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to that employer bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum. Where a state member retiring on or after January 1, 1995, has service under this section with both state and local agency employers, the 80-percent limit shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the state employer.

(c) This section shall not apply to any contracting agency, unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after the date this section is operative, by express provision in the contract making the contracting agency subject to the provisions of this section.

(d) This section shall supersede Section 21363, 21366, 21368, 21369, or 21370, whichever is then applicable, with respect to patrol and local safety members who retire after the date this section becomes applicable to their respective employers.

(e) This section shall not apply to state safety or state peace officer/firefighter members.

(f) With respect to patrol members, this section shall only apply to patrol members who are not employed by the state on or after January 1, 2000.

(g) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and

modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier ages of service retirement made possible by the benefits under this section.

SEC. 33.5. Section 21362 of the Government Code is amended to read:

21362. (a) The current service pension for patrol members and the combined current and prior service pensions for local safety members with respect to local safety service rendered to a contracting agency that is subject to this section is a pension derived from the contributions of the employer sufficient when added to the service retirement annuity that is derived from the accumulated normal contributions of the patrol member at the date of his or her retirement to equal the fraction of one-fiftieth of his or her final compensation set forth opposite his or her age at retirement taken to the preceding completed quarter year, in the following table, multiplied by the number of years of patrol service and local safety service subject to this section with which he or she is credited at retirement:

(b) In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount that, when added to the service retirement annuity related to that service, equals 75 percent of final compensation. For state members who retire on or after January 1, 1995, and with respect to service for all state employers under this section, the benefit shall not exceed 80 percent of final compensation. For local members who retire on or after January 1, 2000, the benefit shall not exceed 85 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed that maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to that employer bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum. Where a state or local member retiring on or after January 1, 1995, has service under this section with both state and local agency employers, the higher maximum shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the employer for whom the member performed the service subject to the higher maximum.

(c) This section shall not apply to any contracting agency, unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after the date this section is operative, by express provision in the contract making the contracting agency subject to the provisions of this section.

(d) This section shall supersede Section 21363, 21366, 21368, 21369, or 21370, whichever is then applicable, with respect to patrol and local safety members who retire after the date this section becomes applicable to their respective employers.

(e) This section shall not apply to state safety or state peace officer/firefighter members.

(f) With respect to patrol members, this section shall only apply to patrol members who are not employed by the state on or after January 1, 2000.

(g) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier ages of service retirement made possible by the benefits under this section.

SEC. 34. Section 21362.2 is added to the Government Code, to read:

21362.2. (a) The combined current and prior service pension for state patrol members and for local safety members with respect to local safety service rendered to a contracting agency that is subject to the provisions of this section is a pension derived from the contributions of the employer sufficient when added to the service retirement annuity that is derived from the accumulated normal contributions of the patrol member at the date of his or her retirement to 3 percent of his or her final compensation at the age of 50 years, multiplied by the number of years of patrol service or local safety service subject to this section with which he or she is credited at retirement.

(b) In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount that, when added to the service retirement annuity related to that service, equals 75 percent of final compensation. For state patrol members with respect to service for all state employers under this section, the

benefit shall not exceed 90 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed that maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to that employer bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum. Where a state patrol member has service under this section with both state and local agency employers, the 90 percent limit shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the state employer.

(c) For patrol members employed by the state on or after January 1, 2000, this section shall supersede Section 21362.

(d) This section shall not apply to state safety or state peace officer/firefighter members.

(e) This section shall not apply to any contracting agency nor its employees unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after the date this section becomes operative, by express provision in the contract making the contracting agency subject to this section. The operative date of this section for a local safety member shall be the effective date of the amendment to his or her employer's contract electing to be subject to this section.

(f) This section shall supersede Section 21362, 21363, 21363.1, 21366, 21368, 21369, or 21370, whichever is then applicable, with respect to local safety members who retire after the date this section becomes applicable to their respective employers.

(g) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate

because of the earlier ages of service retirement made possible by the benefits under this section.

(h) Operation and application of this section is subject to the limitations set forth in Section 21251.13.

SEC. 35. Section 21363 of the Government Code is amended to read:

(b) In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount that, when added to the service retirement annuity related to that service, equals 75 percent of final compensation. For state members who retire on or after January 1, 1995, and with respect to service for all state employers under this section, the benefit shall not exceed 80 percent of final compensation. If the pension relates to service to more than one employer, or this section and Section 21369, and would otherwise exceed that maximum, the pension payable with respect to each section or employer shall be reduced in the same proportion as the allowance bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum. Where a state member retiring on or after January 1, 1995, has service under this section with both state and local agency employers, the 80-percent limit shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the state employer.

(c) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

(d) This section may be applied to related supervisory classes or confidential positions for the respective bargaining units specified in this section.

(e) (1) This section shall be operative with respect to state peace officer/firefighter members in Corrections Bargaining Unit No. 6, Protective Services and Public Safety Bargaining Unit No. 7, or Firefighters Bargaining Unit No. 8, in accordance with a memorandum of understanding reached between the state and the exclusive bargaining agent in the respective unit pursuant to Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1.

(2) This section also shall be operative with respect to the state peace officer/firefighter members employed by a California State University police department who are in Public Safety Unit No. 8 in accordance with a memorandum of understanding reached between the Trustees of the California State University and the recognized employee organization pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1.

(4) Nothing in this section or in any other provision of law affected by Chapter 1320 of the Statutes of 1984 or Chapter 234 of the Statutes of 1986 shall be construed as authorizing any future negotiation with respect to whether or not any bargaining unit specified in this section whose memorandum of understanding was previously approved by the Legislature pursuant to law and this section, shall continue to remain within the state peace officer/firefighter membership category.

(5) The operative date of this section with respect to members in each of the bargaining units specified in this

section shall be as provided for in the memorandum of understanding.

(g) The Legislature reserves the right to subsequently modify or amend this part in order to completely effectuate the intent and purposes of this section and the right to not provide any new comparable advantages if disadvantages to employees result from any modification or amendment.

(h) This section shall not apply to a contracting agency nor its employees until, first, it is agreed to in a written memorandum of understanding entered into by an employer and representatives of employees and, second, the contracting agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his or her employer's contract electing to be subject to this section.

(b) In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount that, when added to the service retirement annuity related to that service, equals 75 percent of final compensation. For state members who retire on or after

January 1, 1995, and with respect to service for all state employers under this section, the benefit shall not exceed 80 percent of final compensation. If the pension relates to service to more than one employer, or this section and Section 21369, and would otherwise exceed that maximum, the pension payable with respect to each section or employer shall be reduced in the same proportion as the allowance bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum. Where a state member retiring on or after January 1, 1995, has service under this section with both state and local agency employers, the 80-percent limit shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the state employer.

(c) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

(d) This section may be applied to related supervisory classes or confidential positions for the respective bargaining units specified in this section.

(e) (1) This section shall be operative with respect to state peace officer/firefighter members in Corrections Bargaining Unit No. 6, Protective Services and Public Safety Bargaining Unit No. 7, or Firefighters Bargaining Unit No. 8, in accordance with a memorandum of understanding reached between the state and the exclusive bargaining agent in the respective unit pursuant to Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1.

(2) This section also shall be operative with respect to the state peace officer/firefighter members employed by a California State University police department who are in Public Safety Unit No. 8 in accordance with a

memorandum of understanding reached between the Trustees of the California State University and the recognized employee organization pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1.

(3) This section shall also be operative with respect to a “state peace officer/firefighter member” defined in subdivision (a) of Section 20396 if authorized by, and in accordance with, a memorandum of understanding reached between the Trustees of the California State University and the recognized employee organization pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1.

(4) Nothing in this section or in any other provision of law affected by Chapter 1320 of the Statutes of 1984 or Chapter 234 of the Statutes of 1986 shall be construed as authorizing any future negotiation with respect to whether or not any bargaining unit specified in this section whose memorandum of understanding was previously approved by the Legislature pursuant to law and this section, shall continue to remain within the state peace officer/firefighter membership category.

(5) The operative date of this section with respect to members in each of the bargaining units specified in this section shall be as provided for in the memorandum of understanding.

(6) With the exception of state peace officer/firefighter members for service rendered for the legislative or judicial branch of government, this section shall apply to any state peace officer/firefighter member who is not employed by the state on or after January 1, 2000.

(f) This section shall be known as, and may be cited as the State Peace Officers’ and Fire Fighters’ Retirement Act.

(g) The Legislature reserves the right to subsequently modify or amend this part in order to completely effectuate the intent and purposes of this section and the right to not provide any new comparable advantages if

disadvantages to employees result from any modification or amendment.

(h) This section shall not apply to a contracting agency nor its employees until, first, it is agreed to in a written memorandum of understanding entered into by an employer and representatives of employees and, second, the contracting agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his or her employer's contract electing to be subject to this section. However, this section shall not apply to any local safety member in the employ of an employer not subject to this section on January 1, 2000.

SEC. 35.4. Section 21363 of the Government Code is amended to read:

21363. (c) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The

operative date of this section with respect to a local safety member shall be the effective date of the amendment to his or her employer’s contract electing to be subject to this section.

(g) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

understanding require the expenditure of funds, those provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 38. Section 21363.6 of the Government Code is repealed.

SEC. 39. Section 21369 of the Government Code is amended to read:

21369. Notwithstanding the preceding sentence, this section shall apply to the current and prior service pension for any other state safety member based on service to which it would have applied had the member, on July 1, 1971, been in employment described in Section 20403 or 20404.

If the pension relates to service to more than one employer and would otherwise exceed that maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to that employer bears to the total allowance computed as though there were no limit, so that the total of those pensions shall equal the maximum. For local members who retire on or after January 1, 2000, the benefit shall not exceed 85 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed that maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to that employer bears to the total allowance computed as though there were no limit, so that the total of those pensions shall equal the maximum. Where a state or local member retiring on or after January 1, 1995, has service under this section with both state and local agency employers, the higher maximum shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the employer for whom the member performed the service subject to the higher maximum.

(d) This section shall not apply to a person whose effective date of retirement is prior to July 1, 1971.

(e) The Legislature reserves, with respect to any member subject to this section, the right to provide for

the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

(f) The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation that does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system. This subdivision shall not apply to a member who retires after the date upon which coverage under the federal system of persons in his or her employment terminates. It shall not apply to a local safety member employed by a contracting agency electing to be subject to this section after March 7, 1973, unless the agency elects to be subject to this paragraph by amendment to its contract or by appropriate provision of a contract entered into after this provision is effective and as to any member, the reduction in the percentage of final compensation shall apply to all local safety service to the agency, if any of the local safety service has been included in the federal system.

(g) With the exception of state safety members for service rendered for the California State University, this section shall apply to state safety members who are not employed by the state on or after January 1, 2000.

(h) This section shall not apply to a contracting agency nor its employees until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his or her employer's contract electing to be subject to this section.

SEC. 40. Section 21369.1 is added to the Government Code, to read:

(b) For state safety members with respect to service for all state employers under this section, the benefit shall not exceed 80 percent of final compensation. If the pension relates to service to more than one employer, and would otherwise exceed that maximum, the pension payable with respect to each section or employer shall be reduced in the same proportion as the allowance based on service to that employer bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum. Where a state safety member employed by the state on or after January 1, 2000, has service with both state and local agency employers and other local agency service, the 80-percent limit shall apply and the additional benefit shall be funded by increasing the member's pension payable with respect to the state employer.

(c) This section shall supersede Section 21369 for state safety members with respect to service rendered for the California State University.

(d) This section shall also supersede Section 21369 for state safety members, for service not subject to subdivision (c), who are employed by the state on or after January 1, 2000.

(e) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

(f) The Legislature reserves the right to subsequently modify or amend this part in order to completely effectuate the intent and purposes of this section and the right to not provide any new comparable advantages if disadvantages to employees result from any modification or amendment.

(g) Operation and application of this section are subject to the limitations set forth in Section 21251.13

(a) in compensated employment in which he or she was a warden member, or (b) on leave of absence from that employment and who either: (1) has attained the age of 55 years, or (2), if on that date he or she was subject to former Section 21252.2, as amended by Chapter 752 of the Statutes of 1969, he or she entered warden service after attaining the age of 35 years, unless he or she elects in writing to be subject to Section 21369 and the election is filed in the office of the board within 30 calendar days following April 1, 1973.

(1) A surviving spouse who was either continuously married to the member for at least one year prior to death, or was married to the member prior to the occurrence of the injury or onset of the illness that resulted in death, and has the care of unmarried children, including stepchildren, of the deceased member who are under 22 years of age or are so incapacitated, shall be paid four hundred fifty dollars (\$450) per month if there is one child or five hundred thirty-eight dollars (\$538) per month if there are two or more children. 21572. (a) In lieu of benefits provided in Section 21571, if the death benefit provided by Section 21532 is payable on account of a state member's death that occurs under circumstances other than those described in subparagraph (F) of paragraph (1) of subdivision (a) of Section 21530, or if an allowance under Section 21546 is payable, the payment pursuant to subdivision (b) shall be made, in the following order of priority:

(c) "Stepchildren," for purposes of this section, shall include only stepchildren of the member living with the member in a regular parent-child relationship at the time of the death of the member.

Where a surviving spouse attained the age of 62 years prior to January 1, 1987, entitlement shall exist retroactive to January 1, 1985, or to his or her 62nd birthday, whichever is later. All assets and liabilities of all state agencies and their employees on account of benefits provided to beneficiaries specified in this subdivision shall be pooled into a single account. The board shall transfer from the reserve for 1959 survivor contributions retained in the retirement fund, an amount sufficient to pay the cost of the increased benefits provided by this subdivision for beneficiaries of members who died on or before December 31, 1984.

(e) This section shall not apply to beneficiaries with respect to the death of a state member, except as provided in subdivision (i), occurring on or after January 1, 1985, unless provided for in a memorandum of understanding reached pursuant to Section 3517.5, or authorized by the Director of Personnel Administration for classifications of state employees that are excluded from, or not subject to, collective bargaining. On and after January 1, 1985, contracting agencies already subject to Section 21571 or Section 21572 may elect by contract amendment to be subject to this section. All assets and liabilities of all contracting agencies subject to this section, and their employees, on account of benefits provided under this article shall be pooled into a single account, and a single employer rate shall be established to provide benefits under this section on account of members employed by a contracting agency that is subject to this section. Any public agency first contracting with the board on and after January 1, 1994, or any contracting agency amending its contract to remove exclusions of member classifications on or after January 1, 1994, that has not, pursuant to Section 418 of Title 42 of the United States Code, entered into an agreement with the federal government for the coverage of its employees under the federal system, shall be subject to this section.

(h) The rate of contribution of an employer subject to this section shall be figured using the term insurance valuation method. If a contracting agency that is subject to this section has a surplus in its 1959 survivor benefit account as of the date the contracting agency becomes subject to this section, the surplus shall be applied to reduce its rate of contribution. If a contracting agency that is subject to this section has a deficit in its 1959 survivor benefit account as of the date the contracting agency becomes subject to this section, its rate of contribution shall be increased until the deficit is paid.

(i) This section shall not apply to beneficiaries with respect to the death of a state member employed by the California State University occurring on or after January 1, 1988, unless provided for in a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, or authorized by the Trustees of the California State University for employees excluded from collective bargaining. (j) On and after January 1, 2000, and until January 1, 2010, all state and school members covered by this section shall be covered by the benefit provided under Section 21574.7. On and after January 1, 2010, all state and school members not covered by Section 21572 or 21574.7 shall be covered by this section.
