

Senate Bill No. 406

CHAPTER 92

An act to add Section 14556.40 to the Government Code, relating to transportation.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

I am signing Senate Bill No. 406, which corrects certain provisions of AB 2928, a comprehensive transportation funding measure which incorporates most of the proposals I made for almost \$5 billion in congestion relief, transportation system connectivity and goods movement projects. This bill contains the same list of project funding allocations, with a few modifications, as is contained in AB 2928. I am taking identical veto actions on projects in this bill that I took when signing AB 2928.

I am reducing or eliminating certain appropriations made in Section 6 of the bill, which adds Chapter 4.5 (commencing with Article 5, Section 14556.40) to Part 5.3 of Division 3 of Title 2 of the Government Code, by a total of \$93,800,000. These expenditures are being eliminated because I have specific concerns about the projects and their priority for inclusion in this plan, and about the precedent these projects would set with respect to state expenditures. Additionally, I am requesting that the Legislature enact subsequent legislation to correct certain technical defects in this bill and modify the financing of the program to have less of an impact on the State General Fund in future years.

I am reducing the expenditures in Chapter 4.5, Article 5, Section 14556.40, subsection (a) of the Government Code by eliminating or reducing the following paragraphs:

Paragraph (120) is eliminated, which allocates \$1,500,000 to Yuba County for the Yuba Airport runway extension and associated improvements. This project is not a congestion relief project affecting most travelers in the area.

Paragraph (125) is eliminated, which allocates \$5,000,000 to the Orange County Transportation Authority for the Route 57 toll road environmental impact report and study for expansion project. The franchise agreement for this project prohibits use of state funds in this fashion.

Paragraph (130) is eliminated, which allocates \$3,500,000 to the City of Garden Grove for the Route 22; connector to the interchange with I-405. Over \$206 million for Route 22 is already included in Paragraph (70).

Paragraph (131) is eliminated, which allocates \$800,000 to the town of Apple Valley for the Bear Valley Road closure project and Kasota Road safety redesign. Funding for this project may be available in the State Highway Operations and Preservation Program and through local street and road funding.

Paragraph (132) is eliminated, which allocates \$7,000,000 to Los Angeles County for the Fairway Drive grade separation project in the San Gabriel Valley. This project already has access to several funding sources through the Alameda Corridor East Project.

Paragraph (136) is eliminated, which allocates \$3,500,000 to City of Palmdale for the widening of Avenue S; between Route 14 and Route 138. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (137) is eliminated, which allocates \$5,500,000 to City of Lancaster for improvements to the Fox Field Industrial Corridor. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (138) is reduced by \$3,000,000 to \$4,000,000, which allocates funds to the Cross Valley Rail Corridor Joint Powers Authority for the upgrade of railroad track from Visalia to Huron. This project mainly funds improvements to rail lines that will be used by short line freight rail. Although I recognize that this project may provide

significant local goods movement capacity, I expect local and railroad funds to provide the majority of funding.

Paragraph (142) is reduced by \$1,500,000 to \$2,000,000 for the City of West Hollywood for the repair, maintenance, and mitigation of Santa Monica Boulevard. A portion this project appears to be eligible for the street and road maintenance funding provided in this measure.

Paragraph (143) is eliminated, which allocates \$1,900,000 to the Capital Corridor Joint Powers Authority for the expansion of Intercity rail service between San Jose, Oakland, and the Sacramento region. Such service cannot be implemented this year, and the ongoing operating costs should be funded from the Public Transportation Account in due course.

Paragraph (144) is reduced by \$45,000,000 to \$5,000,000 for the Golden Gate Bridge Highway and Transportation District for the seismic retrofit of the Golden Gate Bridge. It is my understanding that other funding sources are available, and Caltrans will be working with the District to assist in securing federal funding for this project.

Paragraph (147) is eliminated, which allocates \$7,000,000 to the Imperial Valley Association of Governments for the reconstruction of the I-8/Imperial Avenue interchange. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (155) is eliminated, which allocates \$8,600,000 to the City of Chula Vista to acquire right-of-way, build, and operate a 10-mile limited access toll facility from San Miguel Road to Otay Mesa Road and conduct a due diligence review, including an independent appraisal of the feasibility of acquisition by a public agency of the Route 125 franchise agreement authorized under Section 143 of the Streets and Highways Code. I do not support state funding for the acquisition of a private toll road franchise.

GRAY DAVIS, Governor

LEGISLATIVE COUNSEL'S DIGEST

SB 406, Ortiz. Transportation.

Existing law requires the California Transportation Commission, in conjunction with the Department of Transportation, transportation planning agencies, county transportation commissions, and transportation authorities, to develop a 4-year state transportation improvement program for purposes of planning the appropriation and allocation of available transportation funds to state, regional, and local transportation projects, including a 4-year process for estimating the amount of state and federal funds to be available for those transportation projects.

The bill would establish a list of transportation projects eligible for funding with money from the Traffic Congestion Relief Fund established by AB 2928 and would specify the lead agency for each project.

The people of the State of California do enact as follows:

SECTION 1. Section 14556.40 is added to the Government Code, to read:

14556.40. (a) The following projects are eligible for grants from the Traffic Congestion Relief Fund, established by Assembly Bill No. 2928 of the 1999–2000 Regular Session, for the purposes and amounts specified:

(57) Route 215; add HOV lanes through downtown San Bernardino, Route 10 to Route 30 in San Bernardino County. Twenty-five million dollars (\$25,000,000). The lead applicant is the department or the San Bernardino County Transportation Commission.

(58) Route 10; widen freeway to eight lanes through Redlands, Route 30 to Ford Street in San Bernardino County. Ten million dollars (\$10,000,000). The lead applicant is the department or the San Bernardino County Transportation Commission.

(59) Route 10; Live Oak Canyon Interchange in the City of Yucaipa in San Bernardino County. Eleven million dollars (\$11,000,000). The lead applicant is the department or the San Bernardino County Transportation Commission.

(60) Route 15; southbound truck climbing lane at two locations in San Bernardino County. Ten million dollars (\$10,000,000). The lead applicant is the department or the San Bernardino County Transportation Commission.

(61) Route 10; reconstruct Apache Trail Interchange east of Banning in Riverside County. Thirty million dollars (\$30,000,000). The lead applicant is the department or the Riverside County Transportation Commission.

(62) Route 91; add HOV lanes through downtown Riverside, Mary Street to Route 60/215 junction in Riverside County. Forty million dollars (\$40,000,000). The lead applicant is the department or the Riverside County Transportation Commission.

(63) Route 60; add seven miles of HOV lanes west of Riverside, Route 15 to Valley Way in Riverside County. Twenty-five million

dollars (\$25,000,000). The lead applicant is the department or the Riverside County Transportation Commission.

(64) Route 91; improve the Green River Interchange and add auxiliary lane and connector ramp east of the Green River Interchange to northbound Route 71 in Riverside County. Five million dollars (\$5,000,000). The lead applicant is the department or the Riverside County Transportation Commission.

(70) Route 22; add HOV lanes on Garden Grove Freeway, Route I-405 to Route 55 in Orange County. Two hundred six million five hundred thousand dollars (\$206,500,000). The lead applicant is the department or the Orange County Transportation Authority.

(73) Alameda Corridor East; (Orangethorpe Corridor) build grade separations on BNSF line, Los Angeles County line through Santa Ana Canyon in Orange County. Twenty-eight million dollars (\$28,000,000). The lead applicant is the Orange County Transportation Authority.

(74) Pacific Surfliner; double track intercity rail line within San Diego County, add maintenance yard in San Diego County. Forty-seven million dollars (\$47,000,000). The lead applicant is the department or North Coast Transit District.

(75) San Diego Transit Buses; acquire about 85 low-emission buses for San Diego transit service in San Diego County. Thirty million dollars (\$30,000,000). The lead applicant is the San Diego Metropolitan Transit Development Board.

(76) Coaster Commuter Rail; acquire one new train set to expand commuter rail in San Diego County. Fourteen million dollars (\$14,000,000). The lead applicant is North County Transit District.

(77) Route 94; complete environmental studies to add capacity to Route 94 corridor, downtown San Diego to Route 125 in Lemon Grove in San Diego County. Twenty million dollars (\$20,000,000). The lead applicant is the department or San Diego Association of Governments.

(78) East Village access; improve access to light rail from new in-town East Village development in San Diego County. Fifteen million dollars (\$15,000,000). The lead applicant is the San Diego Metropolitan Transit Development Board.

(79) North County Light Rail; build new 20-mile light rail line from Oceanside to Escondido in San Diego County. Eighty million dollars (\$80,000,000). The lead applicant is North County Transit District.

(80) Mid-Coast Light Rail; extend Old Town light rail line 6 miles to Balboa Avenue in San Diego County. Ten million dollars (\$10,000,000). The lead applicant is the San Diego Metropolitan Transit Development Board.

(81) San Diego Ferry; acquire low-emission high-speed ferryboat for new off-coast service between San Diego and Oceanside in San

Diego County. Five million dollars (\$5,000,000). The lead applicant is the San Diego Association of Governments.

(82) Routes 5/805; reconstruct and widen freeway interchange, Genesee Avenue to Del Mar Heights Road in San Diego County. Twenty-five million dollars (\$25,000,000). The lead applicant is the department or the San Diego Association of Governments.

(83) Route 15; add high-tech managed lane on I-15 freeway north of San Diego (Stage 1) from Route 163 to Route 78 in San Diego County. Seventy million dollars (\$70,000,000). The lead applicant is the department or the San Diego Association of Governments.

(84) Route 52; build four miles of new six-lane freeway to Santee, Mission Gorge to Route 67 in San Diego County. Forty-five million dollars (\$45,000,000). The lead applicant is the department or the San Diego Association of Governments.
