When asked to describe the difference between himself and an average person, Albert Einstein explained that the average person faced with the problem of finding a needle in a haystack would stop when he or she located a needle. But Einstein said he would tear through the entire haystack looking for all possible needles.

My Dear Senators, all of California is asking for you to look for all possibilities to make this an even stronger and better state.

Let us pray:

*Eternal God*, we pray for our California Senate today and may the decisions they make here go to strengthen the betterment of all Californians. This prayer we pray.—AMEN.
