AMENDED IN SENATE APRIL 17, 2006

SENATE BILL

No. 1483

Introduced by Senator Alquist

February 23, 2006

An act to add and repeal Section 17441 of the Family Code, relating to child support.

LEGISLATIVE COUNSEL'S DIGEST

SB 1483, as amended, Alquist. Child support.

Existing law sets forth provisions by which a child support order may be revised by the court and specifies that a support order may not be modified or terminated as to an amount that accrued before *the* filing of a motion or an order to show cause to modify, except as specified.

This bill, effective until January 1, 2009, would establish a child support pilot project for the Counties of Alameda, Fresno, Orange, San Mateo, and Santa Clara. The bill would authorize the court in those counties to modify a child support order when a local child support agency submits an application for modification of support that complies with specified provisions. The bill would specifically authorize a local child support agency to seek modification of an existing child support order or to set an amount for support when the issue has been reserved if it determines that an existing order is not in substantial conformity with state child support guidelines, as specified.

The bill would also establish procedures by which a party may object to the proposed order. The bill would require each county to work in conjunction with the local courts to develop necessary and

appropriate forms for implementation of the expedited order modification process and would require the Department of Child Support Services to compile appropriate statistics to determine the effectiveness of this pilot project and report the results to the Governor and the Legislature by July 1, 2008. By placing additional duties on local officials, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
