CALIFORNIA LEGISLATURE—2007—08 REGULAR SESSION

ASSEMBLY BILL

No. 1017

Introduced by Assembly Member Ma

February 22, 2007

An act to amend Section 21151 of the Public Resources Code, relating to environmental quality.

LEGISLATIVE COUNSEL'S DIGEST

AB 1017, as amended, Ma. California Environmental Quality Act: appeal to local lead agency's elected decisionmaking body.

(1) The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment.

CEQA provides that if a nonelected decisionmaking body of a local lead agency certifies an EIR, approves a negative declaration or

mitigated negative declaration, or determines that a project is not subject to CEQA, that certification, approval, or determination may be appealed to the agency’s elected decisionmaking body, if any.

This bill would require that appeal to be filed within 30 days of the approval of the project, unless the period for filing ~~the~~ appeals is extended to a maximum of 60 days by the elected decisionmaking body, in which case an appeal would be required to be filed within that extended period. *The bill would require the elected decisionmaking body to set the matter for a hearing within 90 days of the filing of the appeal and to make a decision on the appeal within 30 days of a hearing, which may be extended by the elected decisionmaking body to 45 days, following the conclusion of the hearing.* The bill would also ~~extend~~ *provide that the ~~deadline~~ time period for filing specified actions or proceedings ~~until~~ commences on the date that the elected decisionmaking body acts on the appeal.* The bill would provide that a notice of an approval or a determination to carry out a project subject to CEQA, or a notice of a determination that a project is not subject to CEQA, would be invalid if the approval of the project is appealed. The bill, following final action by the elected decisionmaking body on the appeal, would require the local lead agency to file a notice of an approval or determination to carry out the project and would authorize, *if applicable*, the local lead agency to file a notice of a determination that the project is not subject to CEQA. By increasing the duties of a local government with respect to these provisions, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 21151 of the Public Resources Code is

8 approval or determination pursuant to subdivision (b) of Section
9 21152, if applicable.

10 SEC. 2. No reimbursement is required by this act pursuant to

14 level of service mandated by this act, within the meaning of Section
15 17556 of the Government Code.
