LEGISLATIVE COUNSEL'S DIGEST

This measure would declare April 1, 2009, to be California Census Awareness Day to promote awareness of the upcoming federal decennial census in order to advance the goal of a complete and accurate count of all Californians.

WHEREAS, A high undercount in the upcoming census could cost the state a seat in the House of Representatives for the first time in history; and

WHEREAS, California benefits substantially from federal programs tied to census figures, and an undercount of the state's population would severely impact funding for health, human services, education, and other programs; and

WHEREAS, Despite outreach efforts in connection with the 2000 census, 522,796 Californians were not counted, resulting in a loss of \$1.5 billion in federal funding for the state; and

WHEREAS, Future outreach efforts depend on strong partnerships with state, local, and tribal governments, community-based organizations, faith-based groups, schools, businesses, the media, and others; and
