LEGISLATIVE COUNSEL'S DIGEST

AB 107, as amended, Galgiani. Veterinarians and registered veterinary technicians.

Existing law, the Veterinary Medicine Practice Act, provides for the licensure and registration of veterinarians and registered veterinary technicians, and the regulation of the practice of veterinary medicine by the Veterinary Medical Board, which consists of 7 members, 3 of whom are public members and 4 of whom are licensed veterinarians. Existing law requires the Governor to appoint the 4 licensed veterinarians and the Senate Committee on Rules and the Speaker of the Assembly to each appoint a public member. Existing law requires the board to ascertain, by means of examination, the professional qualifications of applicants for licensure to practice veterinary medicine and to issue a license to every person whom it finds to be qualified. Existing law requires that the examination consist of a licensing

examination administered on a national basis, a state board examination, and an examination concerning the statutes and regulations of the act administered by the board. Existing law requires that the complete examination be given at least once each year. Existing law requires the board to waive the examination requirement and issue a temporary license valid for one year to an applicant under the supervision of another California-licensed veterinarian under specified conditions.

Existing

Existing law requires an applicant for registration as a veterinary technician to meet specified age and education requirements, to pass a written and practical examination, and to register with the board. Existing law authorizes the board to issue citations to, place on probation, and revoke or suspend the license of, a licensed veterinarian who violates the act. Existing law authorizes the board to revoke or suspend the registration of a registered veterinary technician who violates the act. Under existing law, veterinary licenses and veterinary technician registrations expire after a 2-year term, but may be renewed at any time within 5 years after expiration, as specified. Under existing law, revoked licenses are subject to expiration, and, if the a revoked license is reinstated, specified fees are required to be paid.

This bill would specify that the Governor shall appoint 5 members to the board, including one public member. The bill would require that the state board examination for licensure as a veterinarian be given at least twice each year, *would* require the board to waive the examination requirement and issue a license to an applicant if he or she meets certain requirements, including holding a license in good standing in another state and having practiced clinical veterinary medicine for a specified amount of time, and *would* also revise the requirements for issuance of a temporary license to practice veterinary medicine. ~~The~~

The bill would modify the examination requirements for registration as a veterinary technician on and after January 1, 2011, to instead require that an applicant for registration pass both a national licensing examination and an examination specific to the animal health care tasks limited to California registered veterinary technicians, as approved by the board. The bill would also authorize the board to assess fines on and issue citations to, and place on probation, a registered veterinary technician who violates the Veterinary Medicine Practice Act. The bill would make the provisions of the act relative to revocation and reinstatement of licenses applicable to veterinary technician registrations. Because fees for the reinstatement of a revoked veterinary technician

registration collected by the board pursuant to these provisions would be deposited in the Veterinary Medical Board Contingent Fund, which is a continuously appropriated fund, the bill would make an appropriation.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.

35 achieved a score on the out-of-state examination at least equal to
36 the score required to pass the licensing examination administered
37 in California.

38 (5) Nothing in this chapter shall preclude the board from
39 permitting a person who has completed a portion of his or her
40 educational program, as determined by the board, in a veterinary

1 college recognized by the board under Section 4846 to take any
2 examination or any part thereof prior to satisfying the requirements
3 for application for a license established by Section 4846.

4 (b) For purposes of reciprocity, the board shall waive the
5 examination requirements of subdivision (a), and issue a license
6 to an applicant to practice veterinary medicine if the applicant
7 meets all of the following requirements and would not be denied
8 issuance of a license by any other provision of this code:

9 (1) The applicant holds a current valid license in good standing
10 in another state, Canadian province, or United States territory and,
11 within three years immediately preceding filing an application for
12 licensure in this state, has practiced clinical veterinary medicine
13 for a minimum of two years and completed a minimum of 2,944

15 in an American Veterinary Medical Association (AVMA)
16 accredited institution's internship, residency, or specialty board
17 training program shall be valid for meeting the minimum
18 experience requirement.

19 The term "in good standing" means that an applicant under this
20 section:

21 (A) Is not currently under investigation nor has been charged
22 with an offense for any act substantially related to the practice of
23 veterinary medicine by any public agency, nor entered into any
24 consent agreement or been subject to an administrative decision

31 alcohol, and has not been found mentally incompetent by a
32 physician so that the applicant is unable to undertake the practice
33 of veterinary medicine in a manner consistent with the safety of a
34 patient or the public.

35 (2) At the time of original licensure, the applicant passed the
36 national licensing requirement in veterinary science with a passing

10 (5) The applicant completes an approved educational curriculum
11 on regionally specific and important diseases and conditions. The
12 board, in consultation with the California Veterinary Medical
13 Association (CVMA), shall approve educational curricula that
14 cover appropriate regionally specific and important diseases and
15 conditions that are common in California. The curricula shall focus
16 on small and large animal diseases consistent with the current
17 proportion of small and large animal veterinarians practicing in
18 the state. The approved curriculum shall not exceed 30 hours of
19 educational time. The approved curriculum may be offered by
20 multiple providers so that it is widely accessible to candidates
21 licensed under this subdivision.

22 (c) The board shall issue a temporary license valid for one year
23 to an applicant to practice veterinary medicine under the
24 supervision of another California-licensed veterinarian in good
25 standing if the applicant satisfies all of the following requirements:

26 (1) The applicant meets the requirements of paragraphs (1) to
27 (4), inclusive, of subdivision (b).

28 (2) The applicant would not be denied issuance of a license
29 under any other provision of this chapter.

30 (3) The applicant agrees to complete the approved educational
31 curriculum described in paragraph (5) of subdivision (b) on
32 regionally specific and important diseases and conditions during
33 the period of temporary licensure.

34 (d) Upon completion of the curriculum described in paragraph
35 (5) of subdivision (b), a temporary licensee shall submit an
36 application for full licensure accompanied by verification of
37 completion of that curriculum and all applicable fees.

38 (e) The board, in its discretion, may extend the expiration date
39 of a temporary license issued pursuant to subdivision (c) for not
40 more than one year for reasons of health, military service, or undue

1 hardship. An application for an extension shall be submitted on a
2 form provided by the board.

3 ~~SEC. 5.~~

4 *SEC. 8.* Section 4848.3 of the Business and Professions Code
5 is amended to read:

6 4848.3. (a) The board shall issue a temporary license valid for
7 one year to an applicant accepted into a qualifying internship or
8 residency program that meets all of the following requirements:

9 (1) Program participants have either graduated from a veterinary
10 college recognized by the board under Section 4846 or possess a
11 certificate issued by the Educational Commission for Foreign
12 Veterinary Graduates or the Program for the Assessment of
13 Veterinary Education Equivalency, and hold a current valid license

18 (3) Two or more board-certified specialists are on the staff of
19 the veterinary practice.

20 (4) The program undergoes annual evaluation and is approved
21 by one or more existing organizations officially recognized for
22 that purpose by the board.

23 (b) The temporary license issued pursuant to this section shall
24 only be valid for activities performed in the course of, and
25 incidental to, a qualifying internship or residency program.

26 ~~SEC. 6.~~

27 *SEC. 9.* Section 4849 of the Business and Professions Code is
28 amended to read:

29 4849. The state board examination shall be given at least twice
30 each year. It shall include all the subjects that are ordinarily
31 included in the curricula of veterinary colleges in good standing
32 and may include any other subjects that the board may by rule
33 authorize and direct.

34 ~~SEC. 7.~~

35 *SEC. 10.* Section 4875 of the Business and Professions Code
36 is amended to read:

37 4875. The board may revoke or suspend for a certain time the
38 license or registration of any person to practice veterinary medicine
39 or any branch thereof in this state after notice and hearing for any
40 of the causes provided in this article. In addition to its authority

1 to suspend or revoke a license or registration, the board shall have
2 the authority to assess a fine not in excess of five thousand dollars
3 (\$5,000) against a licensee or registrant for any of the causes
4 specified in Section 4883. A fine may be assessed in lieu of or in
5 addition to a suspension or revocation. The proceedings under this
6 article shall be conducted in accordance with Chapter 5
7 (commencing with Section 11500) of Part 1 of Division 3 of Title
8 2 of the Government Code, and the board shall have all the powers
9 granted therein. Notwithstanding the provisions of Section 4903,
10 all fines collected pursuant to this section shall be deposited to the
11 credit of the Veterinary Medical Board Contingent Fund.

12 ~~SEC. 8.~~

13 *SEC. 11.* Section 4875.2 of the Business and Professions Code
14 is amended to read:

15 4875.2. If, upon completion of an investigation, the executive
16 officer has probable cause to believe that a veterinarian, a registered
17 veterinary technician, or an unlicensed ~~or unregistered~~ person
18 acting as a veterinarian or a registered veterinary technician has
19 violated provisions of this chapter, he or she may issue a citation
20 to the veterinarian, registered veterinary technician, or unlicensed
21 person, as provided in this section. Each citation shall be in writing
22 and shall describe with particularity the nature of the violation,
23 including a reference to the provision of this chapter alleged to
24 have been violated. In addition, each citation may contain an order
25 of abatement fixing a reasonable time for abatement of the
26 violation, and may contain an assessment of a civil penalty. The
27 citation shall be served upon the veterinarian, registered veterinary
28 technician, or unlicensed individual personally or by any type of
29 mailing requiring a return receipt. Before any citation may be
30 issued, the executive officer shall submit the alleged violation for
31 review and investigation to at least one designee of the board who
32 is a veterinarian licensed in or employed by the state. The review
33 shall include attempts to contact the veterinarian, registered
34 veterinary technician, or unlicensed person to discuss and resolve
35 the alleged violation. Upon conclusion of the board designee's
36 review, the designee shall prepare a finding of fact and a
37 recommendation. If the board designee concludes that probable
38 cause exists that the veterinarian, registered veterinary technician,
39 or unlicensed person has violated any provisions of this chapter,

1 a civil citation shall be issued to the veterinarian, registered
2 veterinary technician, or unlicensed person.

3 ~~SEC. 9.~~

4 *SEC. 12.* Section 4875.6 of the Business and Professions Code
5 is amended to read:

6 4875.6. (a) If a veterinarian, a registered veterinary technician,
7 or an unlicensed person desires to administratively contest a civil
8 citation or the proposed assessment of a civil penalty therefor, he
9 or she shall, within 10 business days after receipt of the citation,
10 notify the executive officer in writing of his or her request for an
11 informal conference with the executive officer or his or her
12 designee. The executive officer or his or her designee shall hold,
13 within 60 days from the receipt of the request, an informal
14 conference. At the conclusion of the informal conference, the
15 executive officer may affirm, modify, or dismiss the citation or
16 proposed assessment of a civil penalty, and he or she shall state
17 with particularity in writing his or her reasons for the action, and
18 shall immediately transmit a copy thereof to the board, the
19 veterinarian, registered veterinary technician, or unlicensed person,
20 and the person who submitted the verified complaint. If the
21 veterinarian, registered veterinary technician, or unlicensed person
22 desires to administratively contest under subdivision (c) a decision
23 made after the informal conference, he or she shall inform the
24 executive officer in writing within 30 calendar days after he or she
25 receives the decision resulting from the informal conference.

26 If the veterinarian, registered veterinary technician, or unlicensed
27 person fails to notify the executive officer in writing that he or she
28 intends to contest the citation or the proposed assessment of a civil
29 penalty therefor or the decision made after an informal conference
30 within the time specified in this subdivision, the citation or the
31 proposed assessment of a civil penalty or the decision made after
32 an informal conference shall be deemed a final order of the board
33 and shall not be subject to further administrative review.

34 Notwithstanding any other provision of law, where a fine is paid
35 to satisfy an assessment based on the finding of a violation,
36 payment of the fine shall be represented as satisfactory resolution
37 of the matter for purposes of public disclosure.

38 (b) A veterinarian, a registered veterinary technician, or an
39 unlicensed person may, in lieu of contesting a citation pursuant to
40 this section, transmit to the board the amount assessed in the

1 citation as a civil penalty, within 10 business days after receipt of
2 the citation. An unlicensed person may notify the board and file a
3 petition for a writ of administrative mandamus under Section
4 1094.5 of the Code of Civil Procedure within 30 calendar days
5 after receipt of the citation, without engaging in an informal
6 conference or administrative hearing. If a petition is not filed
7 pursuant to this section, payment of any fine shall not constitute
8 an admission of the violation charged.

9 (c) If a veterinarian, a registered veterinary technician, or an
10 unlicensed person has notified the executive officer that he or she
11 intends to administratively contest the decision made after the
12 informal conference, the executive officer shall forward the matter
13 to the Attorney General's office who shall prepare a notice of
14 appeal of the citation and civil penalty. After the hearing, the board
15 and administrative law judge shall issue a decision, based on
16 findings of fact, affirming, modifying, or vacating the citation, or
17 directing other appropriate relief that shall include, but need not
18 be limited to, a notice that the failure of a veterinarian, registered
19 veterinary technician, or unlicensed person to comply with any
20 provision of the board's decision constitutes grounds for suspension
21 or denial of licensure, or both, or suspension or denial of
22 registration, or both. The administrative proceedings under this
23 section shall be conducted in accordance with the Administrative
24 Procedure Act (Chapter 5 (commencing with Section 11500) of
25 Part 1 of Division 3 of Title 2 of the Government Code), and the
26 board shall have all the powers granted therein.

27 (d) After the exhaustion of the review procedures provided for
28 in this section or if the time for all appeals has passed, the board
29 may bring an action in the appropriate court in the county in which
30 the offense occurred to recover the civil penalty and obtain an
31 order compelling the cited person to comply with the order of
32 abatement. In that action, the complaint shall include a certified
33 copy of the final order of the board, together with the factual
34 findings and determinations of the board and administrative law
35 judge. The findings shall be prima facie evidence of the facts stated
36 therein, and in the absence of contrary evidence may serve as the
37 basis for the issuance of the judgment and order.

38 (e) Failure of a licensee or registrant to pay a civil penalty within
39 30 days of the date of receipt of the assessment, unless the citation
40 is being appealed, may result in disciplinary action being taken by

1 the board. When a citation is not contested and a civil penalty is
2 not paid, the full amount of the assessed civil penalty shall be
3 added to the fee for renewal of the license or registration. A license
4 or registration shall not be renewed without payment of the renewal
5 fee and civil penalty.

6 (f) Any civil penalties received under this chapter shall be
7 deposited in the Veterinary Medical Board Contingent Fund.

8 ~~SEC. 10.~~

9 *SEC. 13.* Section 4876 of the Business and Professions Code
10 is amended to read:

11 4876. In addition to its authority to suspend or revoke a license
12 or registration, or assess a fine on a person licensed or registered
13 under this chapter, the board shall have the authority to place a
14 licensee or registrant on probation. The authority of the board to
15 discipline by placing the licensee or registrant on probation shall
16 include, but is not limited to, the following:

17 (a) Requiring the licensee or registrant to complete a course of
18 study or service, or both, as prescribed by the board, and to
19 demonstrate renewed competence to the satisfaction of the board.

20 (b) Requiring the licensee or registrant to submit to a complete
21 diagnostic examination by one or more physicians appointed by
22 the board. If the board requires a licensee or registrant to submit
23 to that examination, the board shall receive and consider any other
24 report of a complete diagnostic examination given by one or more
25 physicians of the licensee's or registrant's choice.

26 (c) Restricting or limiting the extent, scope, or type of practice
27 of the licensee or registrant.

28 ~~SEC. 11.~~

29 *SEC. 14.* Section 4883 of the Business and Professions Code
30 is amended to read:

31 4883. The board may deny, revoke, or suspend a license or
32 registration or assess a fine as provided in Section 4875 for any
33 of the following:

34 (a) Conviction of a crime substantially related to the
35 qualifications, functions, or duties of veterinary medicine, surgery,
36 or dentistry, in which case the record of the conviction shall be
37 conclusive evidence.

38 (b) For having professional connection with, or lending the
39 licensee's or registrant's name to, any illegal practitioner of
40 veterinary medicine and the various branches thereof.

1 (c) Violation or attempting to violate, directly or indirectly, any
2 of the provisions of this chapter.

3 (d) Fraud or dishonesty in applying, treating, or reporting on
4 tuberculin or other biological tests.

5 (e) Employment of anyone but a veterinarian licensed in the
6 state to demonstrate the use of biologics in the treatment of animals.

7 (f) False or misleading advertising.

8 (g) Unprofessional conduct, that includes, but is not limited to,
9 the following:

10 (1) Conviction of a charge of violating any federal statutes or
11 rules or any statute or rule of this state regulating dangerous drugs
12 or controlled substances. The record of the conviction is conclusive
13 evidence thereof. A plea or verdict of guilty or a conviction
14 following a plea of nolo contendere is deemed to be a conviction
15 within the meaning of this section. The board may order the license
16 or registration to be suspended or revoked, or assess a fine, or
17 decline to issue a license or registration, when the time for appeal
18 has elapsed, or the judgment of conviction has been affirmed on
19 appeal or when an order granting probation is made suspending
20 the imposition of sentence, irrespective of a subsequent order under
21 Section 1203.4, 1210.1, or 3063.1 of the Penal Code allowing the
22 person to withdraw his or her plea of guilty and to enter a plea of
23 not guilty, or setting aside the verdict of guilty, or dismissing the
24 accusation, information, or indictment.

25 (2) (A) The use of or prescribing for or administering to himself
26 or herself, any controlled substance.

27 (B) The use of any of the dangerous drugs specified in Section
28 4022, or of alcoholic beverages to the extent, or in any manner as
29 to be dangerous or injurious to a person licensed or registered
30 under this chapter, or to any other person or to the public, or to the
31 extent that the use impairs the ability of the person so licensed or
32 registered to conduct with safety the practice authorized by the
33 license or registration.

34 (C) The conviction of more than one misdemeanor or any felony
35 involving the use, consumption, or self-administration of any of
36 the substances referred to in this section or any combination
37 thereof, and the record of the conviction is conclusive evidence.

38 A plea or verdict of guilty or a conviction following a plea of
39 nolo contendere is deemed to be a conviction within the meaning
40 of this section. The board may order the license or registration to

1 be suspended or revoked or assess a fine, or may decline to issue
2 a license or registration, when the time for appeal has elapsed or
3 the judgment of conviction has been affirmed on appeal or when
4 an order granting probation is made suspending imposition of
5 sentence, irrespective of a subsequent order under Section 1203.4,
6 1210.1, or 3063.1 of the Penal Code allowing the person to
