An act to add Title 25 (commencing with Section 100000) to the Government Code, relating to retirement, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 125, as amended, De Leon. Retirement: California Employee Savings Program.

Existing federal law provides for tax-qualified retirement plans and individual retirement accounts or individual retirement annuities by which private citizens may save money for retirement.

This bill would create the California Employee Savings Program, which would be operative only upon a specified appropriation in the annual Budget ~~Act or~~ *Act* or if sufficient funds are made available through a ~~non-profit nonprofit~~ or private entity *or federal funding*, as specified. The program would be administered by the Board of Administration of the Public Employees' Retirement System (PERS), with the intent of promoting greater retirement savings for California private employees in a convenient, low-cost, and portable manner. The bill would require the board, under this program, to offer one or more individual retirement accounts or defined benefit plans, as specified, to eligible employees of participating eligible employers, as defined. The bill would specify that eligible employees of participating employers

are not members of PERS. The bill would permit the board, in initiating and administering the program, to, among other things, employ staff and 3rd-party administrators, as necessary, collaborate with various entities in the private sector, recover expenses from contributions or investment returns, as specified, and evaluate and establish the process by which eligible employees who want to contribute a portion of their paycheck to an account offered by the program are able to notify their employers and require the employer to forward the contribution and related information to the program. The bill would require the Employment Development Department to cooperate in this regard. The bill would authorize the Employment Development Department to charge a fee for any administrative costs it incurs by reason of implementing and administering the program. The bill would require the board to make reports to employers on the progress and status of the program.

The bill would also require the board to make specified reports to the Legislature, including a report upon determining that all specified conditions necessary to implement the program can be satisfied, a report if it finds that the program is not self-sustaining, and annual reports on the status of the program, as specified. The bill would require PERS, after specified acts have occurred, to request funding through a Budget Act appropriation or from a nonprofit or private entity *or from federal funding* for the purpose of implementing the program. The bill would require the board to keep program funds and accounts separate from those of PERS and would prohibit the use of funds in PERS, as specified, to initiate, develop, implement, or administer the program. In addition, the bill would require that all expenses and obligations created by the program be funded by its contributions, returns, and assets, except as the Legislature may appropriate funds for this purpose, to be deposited in the California Employee Savings Program Administrative Fund, which this bill would establish as a continuously appropriated fund. The bill would require PERS to obtain the necessary approvals from federal authorities for the program's implementation. The bill would prohibit any claim, tax lien, or other right of setoff from applying to funds or assets of the program, as specified. The bill would indemnify from the General Fund and hold harmless the present, former, and future board members, officers, employees of, and investment managers under contract with, PERS in connection with any decision or action related to the administration of the program. The bill would provide that the program may only be implemented if the board

determines that certain conditions are satisfied, and would permit the board to discontinue the program on its determination, as specified. The bill would permit the board to adopt regulations in regard to the program, and would provide that the adoption, amendment, or repeal of a regulation is exempted from the rulemaking provisions of the Administrative Procedure Act. Subject to the availability of funds, as specified, the bill would require the board to report to Legislature regarding the feasibility of creating a defined benefit plan option to be available to employers. The bill would also make a statement of findings.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature finds and declares the following:
- 2 (a) Currently, 6 million Californians, 43 percent of the state's
- 3 workforce, work at a job that does not offer them a pension or
- 4 retirement savings plan to supplement social security.
- 5 (b) Social security payments alone, which average \$1,081 per
- 6 month in California, will not sustain Californians in their
- 7 retirement. Seniors without savings may be more likely to require
- 8 government assistance with housing, medical care, and other
- 9 necessities.
- 10 (c) Though investments in savings accounts have increased over
- 11 time, investments from low-income small businesses, or
- 12 short-tenured and transient employees, are strikingly low and have
- 13 not increased at the same rate.
- 14 (d) Nationally, two out of three low-wage workers lack access
- 15 to an employer-sponsored retirement plan, while only one in four
- 16 high-wage workers do. Nearly 65 percent of low-income workers,
- 17 those earning less than \$40,000 per year, do not participate in
- 18 employer plans, according to the Congressional Budget Office.
- 19 (e) Only 26 percent of full-time, full-year private sector workers
- 20 in businesses with fewer than 25 employees participated in a
- 21 pension plan in 2004, compared with 69 percent of those employed
- 22 by companies with 500 or more employees. Complexity and cost
- 23 of administering retirement plans may prevent small companies,
- 24 in comparison to larger corporations, from creating retirement
- 25 plans for their employees.

1 (f) Low investment participation rates in retirement plans can
2 also be attributed to a worker losing coverage access after moving
3 into a new job with a new business.

4 (g) Workers today are spending more than they are saving,
5 relying more on credit, and thus accruing debt and putting their
6 future financial security at risk. Nationally, the personal savings
7 rate for individuals has fallen to 0.5 percent of income for 2007.
8 At this rate, even with social security benefits, Californians will
9 not be able to afford retirement.

10 (h) California workers without access to an employer-sponsored
11 retirement plan need a seamless, lifelong savings system, providing
12 them with the opportunity to build their assets and helping them
13 to attain their financial stability and future through a secure,
14 portable savings account.

15 (i) Providing California workers with a guaranteed retirement
16 income to supplement Social Security, traditionally funded by
17 stable employer contributions via a defined-benefit employer-based
18 pension plan, is optimal to ensure that workers accumulate the
19 benefits they need for a secure retirement. California must continue
20 to explore guaranteed replacement income programs, such as
21 defined benefit plans, for working Californians. Establishing and
22 offering a defined benefit plan would require additional study to
23 research and address the complex policies and regulatory approvals
24 necessary for creation and implementation, and would be an
25 important step toward ensuring the retirement security for working
26 Californians.

27 (j) Though guaranteed retirement income programs are valuable
28 savings tools for workers, given the changing needs and work
29 habits of California's workers, alone, they are insufficient to afford
30 workers a comfortable and secure retirement. California workers
31 need additional retirement savings options to ensure their retirement
32 security.

33 (k) In creating an additional savings program for its workers,
34 California would supplement existing savings options, assisting
35 California's working men and women to save for retirement. This
36 program would be funded by the program's participants and would
37 be maintained and administered at no cost to taxpayers.

38 (l) The California Employee Savings Program is hereby
39 established by this act to promote expanded retirement security

1 for working Californians' employers' sponsorship of retirement
2 plans for their employees.

3 SEC. 2. Title 25 (commencing with Section 100000) is added
4 to the Government Code, to read:

5

3 (d) Cause expenses incurred to initiate, implement, maintain,

30 measures.

31 (h) Arrange for collective, common, and pooled investment of
32 assets of the IRA arrangements, including investment in
33 conjunction with other funds with which those assets are permitted
34 to be collectively invested, with a view to saving costs through
35 efficiencies and economies of scale, but only to the extent that
36 these collective investment arrangements would not jeopardize or
37 alter the current exemptions from ERISA and federal securities
38 laws of the plans maintained by the system and administered by
39 the board for state and local government employers and employees.
40 Nothing in this subdivision shall adversely affect or otherwise

10 and eligible employees.

11 (l) If necessary, determine the eligibility of an employer,

16 are able to notify their employers, either at the time of hiring or
17 thereafter, and require the participating employer to forward the
18 employee contribution and related information to the program or
19 its agents. This may include, but is not limited to, the ability to
20 use the current tax processing and accounting system of the
21 Employment Development Department, financial services
22 companies, and third-party administrators with the capability to
23 receive and process employee information and contributions for
24 payroll deduction IRA arrangements or other retirement savings
25 arrangements authorized by this title. The Employment
26 Development Department shall assist the board in its efforts to
27 study and implement these tasks, and, if selected by the board,

29 IRA arrangement or other retirement savings arrangements under
30 the program.

31 (n) Subject to the conditions specified in Section 100014, allow

38 by reason of implementing and administering the program.

39 100005.5. (a) The board shall keep separate and distinct any

12 or defined benefit plan arrangements established under the program,
13 except as the Legislature may provide for funding through
14 appropriation which shall be deposited in the California Employee
15 Savings Program Administrative Fund established pursuant to
16 Section 100016.

17 100006. The board shall obtain the necessary approvals, rulings,
18 opinions, determinations, or confirmations from federal authorities
19 or agencies, including the Internal Revenue Service, the
20 Department of Labor, or the Securities and Exchange Commission.
21 It is intended that the IRA arrangements established under the
22 program shall adhere to all applicable standards and requirements
23 under federal law regulating the operation of, and the offering,
24 sale, or distribution of securities under, those plans or
25 arrangements.

26 100008. No claim, tax lien, or other right of setoff of the state
27 or any of its agencies or instrumentalities shall apply against any
28 funds or assets held for the benefit of individuals in a plan or IRA
29 under the program or coming into the possession of a state official
30 under the program.

31 100010. No claim, tax lien, or other right of setoff of the state
32 or any of its agencies or instrumentalities shall apply against any
33 funds or assets administered by the board for the purpose of
34 providing pension, long-term care, or health benefits for employees
35 of the state or contracting agencies, by reason of any decision or
36 action related to the initiation, implementation, maintenance, or
37 administration of the program.

38 100012. Present, future, and former board members of the
39 Public Employees' Retirement System, jointly and individually,
40 state officers and employees, and investment managers under

1 contract with the Public Employees' Retirement System shall be
2 indemnified from the General Fund and held harmless by the State
3 of California from all claims, demands, suits, actions, damages,
4 judgments, costs, charges, and expenses, including court costs and
5 attorney's fees, and against all liability, losses, and damages of
6 any nature whatsoever that they shall or may at any time sustain
7 by reason of any decision or action related to the initiation,
8 implementation, maintenance, or administration of the program.

9 100013. The board shall follow the process described in this
10 section in developing and implementing the program:

11 (a) Initially, the board shall conduct an economic feasibility
12 study to determine whether the necessary conditions for
13 implementation can be met, including, but not limited to, likely
14 participation rates, participants' comfort with various investment
15 vehicles and degree of risk, contribution levels, and the rate of
16 account closures and rollovers. The board shall present these
17 findings to the Legislature for review. The board shall conduct
18 this study only if sufficient funds therefor are made available
19 through a nonprofit or private entity, *federal funding*, or an annual
20 Budget Act appropriation. The board shall not use assets, resources,
21 or personnel administered by the board that are not associated with
22 this study.

23 (b) Upon completing the study described in subdivision (a) and
24 reaching the conclusion that the program is feasible, the board
25 shall request funding through a Budget Act appropriation or from
26 a nonprofit or private entity *or federal funding* to be used for the
27 purpose of obtaining the necessary approvals described in Section
28 100006 and subdivision (a) of Section 100014 and for the purpose
29 of designing the program. After obtaining the necessary approvals
30 to implement the program and completing the design of the
31 program, the board shall report to the Legislature as described in
32 subdivision (a) of Section 100017. The board shall not use assets,
33 resources, and personnel administered by the board that are not
34 associated with these purposes.

35 (c) After completing the actions described in subdivision (b),
36 the board shall request funding through a Budget Act appropriation
37 or from a nonprofit or private entity *or federal funding* for the
38 purpose of implementing the program.

39 100014. (a) The program may only be implemented if the
40 board determines the following conditions are satisfied:

1 (1) There is an adequate appropriation or loan or other funding
2 under appropriate terms and conditions to the California Employee
3 Savings Program Administrative Fund sufficient to fund program
4 development, implementation, and administrative costs.

5 (2) Approval satisfactory to the board is received from agencies
6 or departments of the United States government, including, but
7 not limited to, the Internal Revenue Service, the United States
8 Department of Labor, and the Securities and Exchange Commission
9 that both of the following are true:

10 (A) The IRA plans or arrangements offered under the program
11 do not jeopardize or alter the current status of the system with
12 respect to its operations under relevant federal laws.

13 (B) Any payroll deposit IRA arrangement offered under the
14 program is not subject to ERISA.

15 (3) The board obtains offers from well-qualified and experienced
16 financial service providers to administer the recordkeeping,
17 investment, and compliance functions of any IRA plan or
18 arrangement offered under the program.

19 (4) The program will be self-sustaining.

20 (b) If the board determines that all of the conditions in
21 subdivision (a) can be satisfied, it shall file a report with the
22 Legislature pursuant to paragraph (1) of subdivision (a) of Section
23 100017.

24 (c) If the board determines that any of the conditions in
25 subdivision (a) cannot be satisfied, the program shall not be
26 implemented. If, at any time after initial implementation, any of
27 the conditions set forth in subdivision (a) are not satisfied, the
28 board may discontinue the program. In either instance, the board
29 shall file a report with the Legislature pursuant to paragraph (2)
30 of subdivision (a) of Section 100017. The board shall include in
31 its report suggested funding options and alternative ways of
32 operating the program, including, but not limited to, identifying
33 another entity to study, design, or implement the program.

34 (d) If, subsequent to the program's implementation, any
35 traditional or payroll deposit IRA arrangement offered pursuant
36 to the program becomes subject to ERISA, or the board determines
37 in its discretion that it may be feasible to offer another plan or
38 arrangement authorized by subdivision (b) of Section 100002, the
39 board shall have the sole discretion to determine whether it shall
40 establish or maintain the plan or arrangement that is subject to

1 ERISA, and in no event shall the board be required to establish or
2 maintain that plan or arrangement.

3 100016. (a) The California Employee Savings Program
4 Administrative Fund is hereby established to serve as the repository
5 of funds received by the program for administrative expenses
6 pursuant to this title.

7 (b) Notwithstanding Section 13340 of the Government Code,
8 all moneys in the California Employee Savings Fund shall be
9 continuously appropriated without regard to fiscal years to carry
10 out the purposes of this title.

11 (c) The board may establish multiple accounts within the
12 California Employee Savings Program Administrative Fund to
13 assist in the allocation of funds for various program needs and
14 functions, including administration, operation, and reserve.

15 100017. The board shall submit reports to the Legislature, as
16 follows:

17 (a) (1) Upon determining that all the conditions necessary to
18 implement the program under subdivision (a) of Section 100014
19 can be satisfied, the board shall submit a report to the Legislature
20 that shall include, but not be limited to, information regarding the
21 expectations of the program, an outline of the program, and details
22 regarding the administration and projected cost of the program.
23 The board shall not implement the program until after the report
24 is presented to the Legislature, and moneys in an amount sufficient
25 to fund the projected cost of the program are appropriated by the
26 Legislature in an annual Budget Act.

27 (2) If the board concludes that the program will not be
28 self-sustaining, or if the necessary conditions specified in
29 subdivision (a) of Section 100014 are not satisfied, the board shall
30 submit a report to the Legislature regarding the details of its
31 conclusion, including, but not limited to, legal, financial,
32 regulatory, and administrative considerations and obstacles, and
33 actions taken to address those concerns. This report shall also
34 include any changes that the board believes would make it feasible
35 to implement the programs, including suggested changes that the
36 Legislature could make in order to implement the program.

37 (b) The board shall submit annual reports to the Legislature on
38 the status of the program, including, but not limited to, outreach,
39 investments, and solvency efforts.

1 (c) If the board finds it necessary to suspend or discontinue the
2 program, it shall submit a report to the Legislature at least 90 days
3 prior to that suspension or discontinuation. This report shall
4 include, but is not limited to, any conditional changes that need to
5 be made by the Legislature in order to continue or improve the
6 program, and address any concerns that the board has regarding
7 the program.

8 100018. The board may adopt regulations that implement this
9 title. The adoption, amendment, or repeal of a regulation authorized
10 by this section is hereby exempted from the rulemaking provisions
11 of the Administrative Procedure Act (Chapter 3.5 (commencing
12 with Section 11340) of Part 1 of Division 3 of Title 2. However,
13 the board shall transmit those regulations to the Office of
14 Administrative Law for filing with the Secretary of State and
15 publication in the California Code of Regulations. Those
16 regulations shall become effective immediately upon filing with
17 the Secretary of State.

18 100019. The board shall submit to the Legislature a report
19 evaluating the feasibility of creating a defined benefit plan option
20 available to employers, including any related considerations and
21 issues. This report shall be required only if an annual Budget Act
22 appropriates moneys, or funds are made available through a
23 nonprofit or private entity *or federal funding*, in amounts sufficient
24 to allow the board to study, develop, and obtain the approvals
25 necessary to implement the program pursuant to the conditions in
26 subdivision (a) of Section 100014. Existing assets, resources, and
27 personnel administered by the board shall not be used to develop,
28 initiate, implement, or administer the program without that
29 appropriation or outside funding.

30 100022. This title shall become operative only if an annual
31 Budget Act appropriates moneys or funds are made available
32 through a nonprofit or private entity *or federal funding*, in amounts
33 sufficient to allow the board to study, develop, and obtain the
34 approvals necessary to implement the program pursuant to the
35 conditions in subdivision (a) of Section 100014. Existing assets,
36 resources, and personnel administered by the board shall not be
37 used to develop, initiate, implement, or administer the program
38 without that appropriation or outside funding.

O
