

ASSEMBLY BILL

No. 154

Introduced by Assembly Member Evans

January 23, 2009

An act to amend Sections 16118 and 16119 of the Welfare and Institutions Code, relating to adoption assistance.

LEGISLATIVE COUNSEL'S DIGEST

AB 154, as introduced, Evans. Adoption assistance: federal law.

Under existing law the State Department of Social Services is required to provide assistance to families adopting children from the foster care system. Payments may be made for ongoing expenses or for one-time adoption expenses, as provided. Existing law requires the department to actively seek and make maximum use of federal funds that may be available for those purposes.

This bill would, in accordance with federal law, require any savings realized from the change in federal funding for adoption assistance resulting from the enactment of specified federal legislation to be spent for the provision of foster care and adoption services.

Existing law also requires the department or the licensed adoption agency to disclose specified information to prospective adoptive families.

This bill would add to those disclosure requirements that the department or licensed adoption agency inform the prospective adoptive family of their potential eligibility for a federal tax credit.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
