

AMENDED IN ASSEMBLY APRIL 23, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 333

Introduced by Assembly Member Fuentes

February 18, 2009

An act to ~~add Section 66452.22 to~~ *amend Section 65961 of, and to add Section 66452.22 to*, the Government Code, relating to land use.

LEGISLATIVE COUNSEL'S DIGEST

AB 333, as amended, Fuentes. Land use: subdivision maps: expiration dates.

(1) The Subdivision Map Act establishes a statewide regulatory framework for controlling the subdividing of land. It generally requires a subdivider to submit, and have approved by, the city, county, or city and county in which the land is situated a tentative or vesting tentative map, which confers a vested right to proceed with development in substantial compliance with specified ordinances, policies, and standards. The act provides for the expiration of tentative or vesting tentative maps, after specified periods of time, and specifically extends by 12 months the expiration date of any tentative or vesting tentative map or parcel map for which a tentative or vesting tentative map has been approved that had not expired on January 1, 2011. This extension is in addition to any other extension of the expiration date provided for in specified provisions of the act. Any legislative, administrative, or other approval by any local agency, state agency, or other political subdivision of the state that pertains to a development project included in a map that is extended is to be extended by 12 months under specified conditions.

This bill would extend the applicable expiration date to ~~72~~ 24 months, as specified, for any vesting tentative map, in addition to a tentative map, generally, that has not expired as of the date adding these provisions and that will expire, as specified, before January 1, ~~2016~~ 2012. By adding to the procedures that officials in counties, cities, and cities and counties must follow, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) *This bill would declare that it is to take effect immediately as an urgency statute.*

Vote: ~~majority~~ ²/₃. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 65961 of the Government Code is
2 amended to read:
3 65961. Notwithstanding any other provision of law, *except as*
4 *provided in Section 66452.22, relating to the extension of the*
5 *expiration date for subdivisions subject to that section,* upon
6 approval or conditional approval of a tentative map for a
7 subdivision of single- or multiple-family residential units, or upon
8 recordation of a parcel map for such a subdivision for which no
9 tentative map was required, during the five year period following
10 recordation of the final map or parcel map for the subdivision, a
11 city, county, or city and county shall not require as a condition to
12 the issuance of any building permit or equivalent permit for such
13 single- or multiple-family residential units, conformance with or
14 the performance of any conditions that the city or county could
15 have lawfully imposed as a condition to the previously approved
16 tentative or parcel map. Nor shall a city, county, or city and county
17 withhold or refuse to issue a building permit or equivalent permit
18 for failure to conform with or perform any conditions that the city,
19 county, or city and county could have lawfully imposed as a
20 condition to the previously approved tentative or parcel map.

1 However, the provisions of this section shall not prohibit a city,
2 county, or city and county from doing any of the following:

3 (a) Imposing conditions or requirements upon the issuance of
4 a building permit or equivalent permit which could have been
5 lawfully imposed as a condition to the approval of a tentative or
6 parcel map if the local agency finds it necessary to impose the
7 condition or requirement for any of the following reasons:

8 (1) A failure to do so would place the residents of the
9 subdivision or of the immediate community, or both, in a condition
10 perilous to their health or safety, or both.

11 (2) The condition is required in order to comply with state or
12 federal law.

13 (b) Withholding or refusing to issue a building permit or
14 equivalent permit if the local agency finds it is required to do so
15 in order to comply with state or federal law.

16 (c) Assuring compliance with the applicable zoning ordinance.

17 (d) This section shall also apply to a city or city and county
18 which incorporates on or after January 1, 1985, and which includes
19 within its boundaries any areas included in the tentative or parcel
20 map described in this section.

21 When the incorporation includes areas included in the tentative
22 or parcel map described in this section, “a condition that the city
23 could have lawfully imposed as a condition to the previously
24 approved tentative or parcel map,” as used in this section, refers
25 to conditions the county could have imposed had there been no
26 incorporation.

27 **SECTION 1.**

29 to read:

6 (d) For purposes of this section, the determination of whether

11 Section 66452.21 became effective and any additional time in

16 or litigation stay allowed or permitted by Section 66452.6 or

23 (c) Any legislative, administrative, or other approval by any

26 by 24 months if this approval has not expired on the date that the
27 act that added this section became effective. This extension shall
28 be in addition to any extension provided for in Sections 66452.13
29 and 66452.21.

30 (d) (1) For purposes of this section, the determination of whether
31 a tentative subdivision map or parcel map expires before January
32 1, 2012, shall count only those extensions of time pursuant to
33 subdivision (e) of Section 66452.6 or subdivision (c) of Section
34 66463.5 approved on or before the date that the act that added
35 this section became effective and any additional time in connection
36 with the filing of a final map pursuant to subdivision (a) of Section
37 66452.6 for a map that was recorded on or before the date that
38 the act that added this section became effective.

1 (2) *The determination made pursuant to this subdivision shall*
2 *not include any development moratorium or litigation stay allowed*
3 *or permitted by Section 66452.6 or 66463.5.*

14 ~~SEC. 2:~~
