AMENDED IN ASSEMBLY MARCH 27, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 570

Introduced by Assembly Member Arambula

February 25, 2009

An act to amend Sections 50843.5 and 53545.9 of the Health and Safety Code, relating to housing.

LEGISLATIVE COUNSEL'S DIGEST

AB 570, as amended, Arambula. Local Housing Trust Fund Matching Grant Program.

(1) Existing law establishes the Local Housing Trust Fund Matching Grant Program for the purpose of supporting local housing trust funds dedicated to the creation or preservation of affordable housing. Under the grant program, the Department of Housing and Community Development is authorized to make matching grants available to cities and counties, or a city and county, and existing charitable nonprofit organizations that have created, funded, and operated housing trust funds. The minimum allocation to a program applicant is \$1,000,000, and the maximum allocation is \$2,000,000, with all funds provided under the grant program to be matched on a dollar-for-dollar basis with money that is not required by any state or federal law to be spent on housing.

This bill would establish the minimum allocation at \$500,000 for a newly established trust, as defined, that is in a county with a population of less than 425,000 persons, based on the decennial United States Census for the year 2000, and at \$1,000,000 for all other trusts.

The bill would prohibit an application for a new trust to be considered unless the Department of Housing and Community Development has received adequate documentation, as determined by the department, that an ordinance imposing or dedicating a tax or fee to be deposited into the new trust has been enacted or the applicant has adopted a legally binding commitment to deposit matching funds into the new trust. The bill would prohibit funds to be disbursed by the department to any trust until all matching funds are on deposit.

(2) Existing law requires that in order to be eligible for funding, a city, county, or city and county, or nonprofit organization applicant meet a specified requirement.

This bill would additionally require the city, county, or city and county to submit an annual progress report required by existing law within a specified time if the department has adopted certain forms and definitions. The bill would additionally require a nonprofit organization to agree to utilize the funds in a project located in such a municipality that has submitted that report.

(2)

(3) Existing law requires the Department of Housing and Community Development to make available the amount of \$35,000,000 for the Local Housing Trust Fund Matching Grant Program, and requires the department, when awarding grants using those funds to newly established housing trust funds, to set aside funding, for a period of 36 months from the date funds are first made available, for newly established housing trust funds that are in a county with a population of less than 425,000 persons.

This bill would require that this maximum population figure be based on the decennial United States Census for the year 2000.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 50843.5 of the Health and Safety Code
- 2 is amended to read:
- 3 50843.5. (a) Subject to the availability of funding, the
- 4 ~~department shall make matching grants available to any city,~~
- 5 ~~county, city and county, and charitable nonprofit organization~~
- 6 ~~organized under Section 501(c)(3) of the Internal Revenue Code~~
- 7 ~~that has created and is operating or will operate housing trust funds.~~

4 *that have created and are operating or will operate housing trust*
5 *funds. These funds shall be awarded through the issuance of a*
6 *Notice of Funding Availability (NOFA).*

7 (1) Applicants that provide matching funds from a source or
8 sources other than impact fees on residential development shall
9 receive a priority for funding.

10 (2) The department shall set aside funding for new trusts, as
11 defined by the department in the NOFA.

12 (b) Housing trusts eligible for funding under this section shall
13 have the following characteristics:

14 (1) Utilization of a public or joint public and private fund
15 established by legislation, ordinance, resolution, or a public-private
16 partnership to receive specific revenue to address local housing
17 needs.

18 (2) Receipt of ongoing revenues from dedicated sources of
19 funding such as taxes, fees, loan repayments, or private
20 contributions.

21 (c) The minimum allocation to an applicant that is a newly
22 established trust, and is in a county with a population that conforms
23 with paragraph (2) of subdivision (c) of Section 53545.9, shall be
24 five hundred thousand dollars (\$500,000). The minimum allocation
25 for all other trusts shall be one million dollars (\$1,000,000). No
26 applicant may receive an allocation in excess of two million dollars
27 (\$2,000,000). All funds provided pursuant to this section shall be
28 matched on a dollar-for-dollar basis with money that is not required
29 by any state or federal law to be spent on housing. No application
30 for an existing housing trust shall be considered unless the
31 department has received adequate documentation of the deposit
32 in the local housing trust fund of the local match and the identity
33 of the source of matching funds. An application for a new trust
34 shall not be considered unless the department has received adequate
35 documentation, as determined by the department, that an ordinance
36 imposing or dedicating a tax or fee to be deposited into the new
37 trust has been enacted or the applicant has adopted a legally binding
38 commitment to deposit matching funds into the new trust. Funds
39 shall not be disbursed by the department to any trust until all
40 matching funds are on deposit and then funds may be disbursed

1 only in amounts necessary to fund projects identified to receive a
2 loan from the trust within a reasonable period of time, as
3 determined by the department. Applicants shall be required to
4 continue funding the local housing trust fund from these identified
5 local sources, and continue the trust in operation, for a period of
6 no less than five years from the date of award. If the funding is
7 not continued for a five-year period, then (1) the amount of the
8 department's grant to the local housing trust fund, to the extent
9 that the trust fund has unencumbered funds available, shall be
10 immediately repaid, and (2) any payments from any projects funded
11 by the local housing trust fund that would have been paid to the
12 local housing trust fund shall be paid instead to the department
13 and used for the program or its successor. The total amount paid
14 to the department pursuant to (1) and (2), combined, shall not
15 exceed the amount of the department's grant.

16 (d) (1) Funds shall be used for the predevelopment costs,
17 acquisition, construction, or rehabilitation of the following types
18 of housing or projects:

19 (A) Rental housing projects or units within rental housing
20 projects. The affordability of all assisted units shall be restricted
21 for not less than 55 years.

22 (B) Emergency shelters, safe havens, and transitional housing,
23 as these terms are defined in Section 50801.

24 (C) For sale housing projects or units within for sale housing
25 projects.

26 (2) At least 30 percent of the total amount of the grant and the
27 match shall be expended on projects, units, or shelters that are
28 affordable to, and restricted for, extremely low income persons
29 and families, as defined in Section 50106. No more than 20 percent
30 of the total amount of the grant and the match shall be expended
31 on projects or units affordable to, and restricted for,
32 moderate-income persons and families whose income does not
33 exceed 120 percent of the area median income. The remaining
34 funds shall be used for projects, units, or shelters that are affordable
35 to, and restricted for, lower income persons and families, as defined
36 in Section 50079.5.

37 (3) If funds are used for the acquisition, construction, or
38 rehabilitation of for sale housing projects or units within for sale
39 housing projects, the grantee shall record a deed restriction against
40 the property that will ensure compliance with one of the following

requirements upon resale of the for sale housing units, unless it is in conflict with the requirements of another public funding source or law:

(A) If the property is sold within 30 years from the date that trust funds are used to acquire, construct, or rehabilitate the property, the owner or subsequent owner shall sell the home at an affordable housing cost, as defined in Section 50025.5, to a household that meets the relevant income qualifications.

(B) The owner and grantee shall share the equity in the unit pursuant to an equity sharing agreement. The grantee shall reuse the proceeds of the equity sharing agreement consistent with this section. To the extent not in conflict with another public funding source or law, all of the following shall apply to the equity-sharing agreement provided for by the deed restriction:

(i) Upon resale by an owner-occupant of the home, the owner-occupant of the home shall retain the market value of any improvements, the downpayment, and his or her proportionate share of appreciation. The grantee shall recapture any initial subsidy and its proportionate share of appreciation, which shall then be used to make housing available to persons and families of the same income category as the original grant and for any type of housing or shelter specified in paragraph (1).

(ii) For purposes of this subdivision, the initial subsidy shall be equal to the fair market value of the home at the time of initial sale to the owner-occupant minus the initial sale price to the owner-occupant, plus the amount of any downpayment assistance or mortgage assistance. If upon resale by the owner-occupant the market value is lower than the initial market value, then the value at the time of the resale shall be used as the initial market value.

(iii) For purposes of this subdivision, the grantee's proportionate share of appreciation shall be equal to the ratio of the initial subsidy to the fair market value of the home at the time of the initial sale.

(e) Loan repayments shall accrue to the grantee housing trust for use pursuant to this section. If the trust no longer exists, loan repayments shall accrue to the department for use in the program or its successor.

32 projects to be funded. That meeting shall be open to the public,
33 and public notice of this meeting shall be provided, except to the
34 extent that any similar meeting of a city or county would be
35 permitted to be held in closed session.

38 the costs of administration of this section.

39 (i) A local housing trust fund shall encumber funds provided
40 pursuant to this section no later than 36 months after receipt. Any

1 funds not encumbered within that period shall revert to the
2 department for use in the program or its successor.

5 section. No later than December 31 of each year in which funds

11 department shall set aside funding, for a period of 36 months from
12 the date funds are first made available, for newly established
