

AMENDED IN ASSEMBLY JUNE 1, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 1096

Introduced by Assembly Member Galgiani

February 27, 2009

An act to amend Sections 12220, *and* 12260, ~~and 17501~~ of the Elections Code, relating to elections.

LEGISLATIVE COUNSEL'S DIGEST

AB 1096, as amended, Galgiani. Elections: precinct maps.

Existing law requires elections officials to prepare either maps or exterior descriptions of precincts each calendar year and to make that information accessible to members of the public upon request. Local elections officials may charge a person requesting copies of the information the cost necessary to reimburse the jurisdiction for its expenses in providing the copies.

This bill would require elections officials to prepare precinct maps each year and authorize them to prepare exterior descriptions of precincts. The bill would require information to be compiled for each election and made available in both print and electronic format.

~~Existing law requires local elections officials to file updated precinct information, including maps, with the Secretary of State after each general election.~~

~~This bill would also require local elections officials to file updated precinct information, including maps, with the Secretary of State after each primary election. The Secretary of State would be required to make this information available in both print and electronic format to a member of the public upon request. The Secretary of State would be authorized to charge a person requesting the information the cost~~

~~necessary to reimburse the state for its expenses in providing the information.~~

Because the bill would impose additional duties upon local elections officials, it would impose a ~~state-mandated~~ *state-mandated* local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
