LEGISLATIVE COUNSEL'S DIGEST

AB 1423, as amended, Tom Berryhill. Commercial hunting clubs: Shared Habitat Alliance for Recreational Enhancement program: interference with hunting.

(1) Existing law establishes the Department of Fish and Game in the Natural Resources Agency. Existing law authorizes the department to regulate commercial hunting clubs. Existing law requires a person in possession or control of property who imposes or collects a fee for the privilege of taking birds or mammals on that property, or who imposes or collects a fee for any type of entry or use permit that includes the privilege of taking birds or mammals on that property, to obtain a commercial hunting club license from the department, as prescribed. Existing law requires that license to be issued to any person upon submission of a completed application on a form approved by the Fish and Game Commission and the payment of a fee, as specified. Existing law exempts from those provisions any hunting club or program licensed under other provisions of the Fish and Game Code and any person who

receives less than \$50 per entrant to the club and an annual total of fees that is less than \$500.

This bill would recast those provisions to establish a number of exemptions from the requirement to obtain a commercial hunting club license. The bill would require an application for a commercial hunting club license to be on a form furnished by the department. The bill would require the application to contain prescribed information. The bill would authorize the department to issue a license to any person upon submission of a completed application and payment of a fee, in accordance with a fee schedule based on the number of properties used by the club.

(2) Existing law requires the Department of Fish and Game to establish the Shared Habitat Alliance for Recreational Enhancement program to encourage private landowners to voluntarily make their land available to the public for wildlife-dependent recreational activities, as defined. Existing law establishes the SHARE Account in the Fish and Game Preservation Fund to be used for specified purposes relating to wildlife conservation.

This bill, among other changes, would require the department to adopt regulations for the management and control of wildlife-dependent recreational activities on land that is subject to the program, to report to the Fish and Game Commission annually on the status of the program, and to maintain data on the types of wildlife-dependent recreational activities preferred by users of the program. The department would be authorized to establish and impose user fees, use existing hunting and fishing license stamp or tag fees from the Fish and Game Preservation Fund, or apply for grants, federal funds, or other contributions from other sources. Money generated pursuant to this authorization, *except as otherwise provided* would be deposited into the SHARE Account and would, upon appropriation by the Legislature, be available for expenditure by the department to fund the program.

(3) Existing law prohibits a person from willfully interfering with the participation of any individual in the lawful activity of shooting, hunting, fishing, falconry, or trapping at the location where that activity is taking place.

This bill would include in that list of actions field trials and related hunting dog training. The bill would ~~make~~ *authorize* a violation of the prohibition above *to be enforced as either an infraction or a misdemeanor*. By creating a new crime, this bill would impose a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1571 of the Fish and Game Code is
2 amended to read:

8 or in-kind contributions by nongovernmental organizations, the
9 department, and other interested parties working in concert to
10 achieve the goals of the program.

11 (c) "Private landowner" means an owner of any possessory
12 interest in real property that is suitable for use for

18 outdoor activities.

19 SEC. 2. Section 1572 of the Fish and Game Code is amended
20 to read:

21 1572. (a) The department, in partnership with nonprofit
22 conservation groups and other interested nongovernmental
23 organizations that seek to increase and enhance wildlife-dependent
24 recreational opportunities, shall work cooperatively to plan,
25 develop, and implement a program to facilitate public access to
26 private lands for wildlife-dependent recreational activities.

27 (b) The department shall adopt regulations for the management
28 and control of wildlife-dependent recreational activities on land
29 that is subject to the program. The department shall report to the
30 commission annually on the status of the program and maintain

1 data on the types of wildlife-dependent recreational activities
2 preferred by users of the program.

3 (c) (1) The SHARE Account is hereby established in the Fish
4 and Game Preservation Fund. Money deposited in the account
5 from the sources cited in this subdivision shall only be used for
6 the purposes set forth in this article.

7 (2) Consistent with existing law, the department may establish
8 and impose user fees, use existing hunting and fishing license
9 stamp or tag fees from the Fish and Game Preservation Fund, or
10 apply for grants, federal funds, or other contributions from other
11 sources to fund the program. *No General Fund moneys shall be*
12 *used for the program.*

13 (3) All funding generated pursuant to paragraph (2) *from grants,*
14 *federal funds, or other sources, where the person or entity*
15 *providing the funds specifically designates in writing prior to the*
16 *time of transmittal of the funds to the department that the funds*
17 *are intended solely for the purposes of the program, and any user*
18 *fees assessed by the department specifically for the program* shall
19 be deposited in the SHARE Account in the Fish and Game
20 Preservation Fund. The moneys in the account, upon appropriation
21 by the Legislature, shall be available for expenditure by the
22 department solely for programs and projects to benefit the program
23 and for the direct costs and administrative overhead incurred solely
24 in carrying out the department's program activities. Funds may
25 also be used for wildlife conservation purposes on lands subject
26 to an agreement under the program. Administrative overhead shall
27 be limited to the reasonable costs associated with the direct
28 administration of the program. The department shall maintain
29 internal accountability necessary to ensure that all restrictions on
30 the expenditure of these funds are met.

31 (d) The department may make grants or enter into contracts
32 with nonprofit organizations for the use of these funds when it
33 finds that the contracts are necessary for carrying out the purposes
34 of this article.

35 (e) The program is not subject to Part 2 (commencing with
36 Section 10100) of Division 2 of the Public Contract Code, or
37 Article 6 (commencing with Section 999) of Chapter 6 of Division
38 4 of the Military and Veterans Code. With the approval of the
39 entity in control of property affected by the program, the
40 department may make grants to, or enter into contracts with,

1 nonprofit organizations to accomplish the goals of the program,
2 or the department may reimburse the controlling entity for its costs
3 related to the implementation of the program.

4 SEC. 3. Section 1573 of the Fish and Game Code is amended
5 to read:

6 1573. (a) (1) The department may enter into a voluntary
7 agreement with a private landowner, including an agreement under
8 which the private landowner is compensated by the department
9 for public use of the land, to provide public access for
10 wildlife-dependent recreational activities. Any financial
11 compensation offered to a private landowner pursuant to this
12 paragraph shall not exceed thirty dollars (\$30) per acre, and shall
13 be commensurate with the quality of the wildlife-dependent
14 recreational opportunities that are to be provided on the property.

15 (2) The department also may enter into a voluntary agreement
16 with a private landowner to facilitate access to adjacent public
17 lands or waters, upon approval of the governmental entity that
18 holds title to the land. This article does not authorize a private
19 landowner to exclude persons not participating in the SHARE
20 program from using public land for wildlife-dependent recreational
21 activities.

22 (3) The department may enter into a voluntary agreement with
23 a governmental entity to provide wildlife-dependent recreational
24 opportunities to the public on public lands or waters.

25 (b) Notwithstanding any other provision of law, the department
26 shall keep confidential and not release to the public any personal
27 identifying information received from a private landowner
28 participating in the program, unless the director determines that
29 release of that information is necessary for the administration of
30 the program.

31 (c) Either the department or a private landowner may, in writing,
32 modify or cancel an agreement executed under the program, at
33 any time. Upon cancellation or modification of the agreement by
34 either party, the other party shall be reimbursed for any lost
35 revenues or expenses incurred pursuant to the terms of the original
36 agreement.

37 (d) In addition to any other protection or remedy under law, the
38 protections and remedies afforded to an owner of an estate or any
39 other interest in real property under Section 846 of the Civil Code
40 shall apply to a private landowner participating in the program.

(e) The department shall require every person who wants to use land that is subject to an agreement pursuant to subdivision (a), prior to using that land, to sign a waiver that releases the department or any private group, governmental entity, or other organization involved in administering the program, and the private landowner, from liability for any injury or damage that arises from, or is connected with that person's use of the land. Upon request, the department shall provide a copy of the waiver to any of the parties to the waiver.

(f) An agreement executed pursuant to the program shall not authorize the take of nongame species by public participants in the program. An agreement may not authorize a private landowner to transfer a hunting or fishing license, stamp, or tag to another person, unless otherwise authorized by law.

(g) In determining which lands may be included in the program, the department shall give priority to those lands with the greatest wildlife habitat value. To the extent possible, the department shall also include in the program private lands that permit multiple wildlife-dependent recreational activities, in order to take into consideration the participation of the general public in the program.

SEC. 4. Section 1574 of the Fish and Game Code is amended to read:

1574. (a) The department may revoke, for up to three years, the public access privilege granted pursuant to this article, of any person who violates any provision of this code or regulation adopted pursuant to this code while on any property that is subject to an agreement under the program.

(b) The department shall enforce all applicable regulations established by the commission on property that is subject to an agreement executed under the program.

SEC. 5. Section 2009 of the Fish and Game Code is amended to read:

2009. (a) A person shall not willfully interfere with the participation of any individual in the lawful activity of shooting, hunting, fishing, falconry, field trials and related hunting dog training, or trapping at the location where that activity is taking place.

(b) A violation of this section is punishable pursuant to Section 12000.

1 (c) This section does not apply to the actions of any peace officer
2 or personnel of the department in the performance of their official
3 duties. This section does not obstruct the rights and normal
4 activities of landowners or tenants, including, but not limited to,
5 farming, ranching, and limiting unlawful trespass.

6 (d) In order to be liable for a violation of this section, the person
7 is required to have had the specific intent to interfere with the
8 participation of an individual who was engaged in lawful shooting,
9 hunting, fishing, falconry, field trials and related hunting dog
10 training, or trapping.

11 (e) For purposes of this section, “interfere with” means any
12 action which physically impedes, hinders, or obstructs the lawful
13 pursuit of any of the above-mentioned activities, including, but
14 not limited to, all of the following:

15 (1) Actions taken for the purpose of frightening away animals
16 from the location where the lawful activity is taking place.

17 (2) Placing or maintaining signs, gates, locks, or barricades that
18 prohibit or deny access to lands without authorization from the
19 landowner or lessee or an authorized designee of the landowner
20 or lessee.

21 (3) Placing food on lands not belonging to the person placing
22 the food for purposes of eliminating the lawful ability to hunt due
23 to the presence of bait, as defined in this code or regulations
24 adopted pursuant to this code.

25 SEC. 6. Section 3240.5 of the Fish and Game Code is amended
26 to read:

28 of contiguous legal parcels held by an owner or a combination of
29 owners and held out for a common purpose.

30 (b) A person, including, but not limited to, a renter or lessee, in
31 possession or control of property on or with respect to which a fee
32 for the privilege of taking birds or mammals is imposed or
33 collected, or on or with respect to which a fee for any type of entry
34 or use permit that includes the privilege of taking birds or mammals
35 on the property is imposed or collected, is maintaining a
36 commercial hunting club if birds or mammals are taken on the
37 property, and shall procure a “commercial hunting club license”
38 before birds or mammals are taken.

39 (c) This article does not apply if the property meets any of the
40 following conditions:

(1) The landowner, or the renter or lessee, of the property receives less than one hundred dollars (\$100) per entrant and receives less than a total of one thousand dollars (\$1,000) between July 1 and the following June 30 for permission, entry access, or use fees that include the privilege of hunting on the property in his or her possession or control. The department may adjust the threshold amounts established in this paragraph pursuant to Section 713.

(d) This article does not apply to a landowner who rents or leases his or her property to the commercial hunting club and is not involved in the operation of the club, if the club is licensed in accordance with this article.

SEC. 7. Section 3241 of the Fish and Game Code is repealed.

SEC. 8. Section 3241 is added to the Fish and Game Code, to read:
