AMENDED IN ASSEMBLY APRIL 16, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 1540

Introduced by Committee on Health (Jones (Chair), Adams, Ammiano, Block, Carter, De La Torre, Hall, Hayashi, Hernandez, Bonnie Lowenthal, Nava, V. Manuel Perez, and Salas)

March 4, 2009

An act to amend Section 6276.24 of the Government Code, to amend Sections 1344, 1366.4, 1374.64, 1375.4, 1376.1, 1377, 1399, 116283, 116286, 116380, 116540, 116650, 116725, 121360.5, 127662, 127664, 127665, 128730, and 128745 of the Health and Safety Code, and to amend Sections 14043.26, 14043.28, 14043.29, and 14115.8 of the Welfare and Institutions Code, relating to health.

LEGISLATIVE COUNSEL'S DIGEST

AB 1540, as amended, Committee on Health. Health.

(1) Existing law, the California Public Records Act, requires certain public records to be made available for public inspection.

Existing law, the Health Data and Advisory Council Consolidation Act, requires every organization that operates, conducts, or maintains a health facility to make and file with the Office of Statewide Health

Planning and Development, specified reports containing various financial and patient data. Existing law requires the office to publish risk-adjusted outcome reports for coronary artery bypass graft surgeries, as specified.

This bill would provide, with respect to the above provisions, that patient medical record numbers and any other data elements that the office believes could be used to determine the identity of an individual patient shall be exempt from the disclosure requirements of the California Public Records Act.

(2) Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Existing law provides for the regulation of health insurers by the Department of Insurance. The Knox-Keene Health Care Service Plan Act of 1975 authorizes the director of the department to adopt, amend, and rescind any rules necessary to carry out the act and requires health care service plans to provide certain notices.

This bill would authorize the director to, by regulation, modify the wording of any notice required by the act for purposes of clarity, readability, and accuracy.

The bill would make other technical, nonsubstantive changes to related provisions governing health care service plans.

(3) Existing law, known as the California Safe Drinking Water Act, requires the State Department of Public Health to administer provisions relating to the regulation of drinking water to protect public health.

Existing law requires the department to adopt regulations it determines to be necessary to carry out the purposes of the California Safe Drinking Water Act. Existing law requires regulations adopted by the department to include requirements governing the use of point-of-entry treatment by public water systems in lieu of centralized treatment, as specified.

This bill would require regulations adopted by the department to include requirements governing the use of point-of-entry and point-of-use treatment by public water systems in lieu of centralized treatment, as specified.

(4) Existing law provides that the department may issue a citation to a public water system that violates the California Safe Drinking Water Act. Existing law provides that for noncontinuing violations of primary drinking standards, other than turbidity, the department may assess a civil penalty in the citation, as specified.

This bill would delete the exemption for turbidity.

This bill would make other technical, nonsubstantive changes to related provisions governing the issuance of citations for violations of the California Safe Drinking Water Act.

(5) Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income persons receive health care benefits. Existing law requires that health care providers apply to, and be certified by, the department prior to their participation in the Medi-Cal program.

Existing law allows the department to grant provisional provider status or preferred provisional provider status to an applicant or provider, and requires the department to terminate that status if any specified grounds exist.

This bill would correct obsolete references in the above provisions.

(6) Under existing law, the Medi-Cal program is partially governed and funded as part of the federal Medicaid Program. Existing law requires the department to amend the Medicaid state plan with respect to the billing option for services by local education agencies to ensure that schools are reimbursed for all eligible services that they provide that are not precluded by federal requirements. Existing law would repeal these provisions on January 1, 2010.

This bill would change the repeal date to January 1, 2013.

(7) Existing law establishes the Local Education Agency Medi-Cal Recovery Account in the Special Deposit Fund, to be used only to support the department in meeting the requirements of the above provisions, and specifies a formula for funding and staffing activities provided for under these provisions.

Existing law provides that as of January 1, 2010, unless the Legislature enacts a new statute or extends the date beyond January 1, 2010, all funds in the Local Education Agency Medi-Cal Recovery Account shall be returned proportionately to all local education agencies whose federal Medicaid funds were used to create the account.

This bill would rename the account the Local Educational Agency Medi-Cal Recovery Fund.

This bill would also provide that, as of January 1, 2013, unless the Legislature enacts a new statute or extends the repeal date, all funds in the Local Educational Agency Medi-Cal Recovery Fund shall be returned proportionally to all local educational agencies whose federal Medicaid funds were used to create the fund.

(8) Existing law, until January 1, 2011, requests the University of California to establish the California Health Benefit Review Program

to assess legislation proposing a mandated health benefit or service, as defined, to be provided by health care service plans and health insurers, and to prepare a written analysis in accordance with specified criteria.

This bill would extend the repeal date of the above provisions to June 30, 2015.

(9) Existing law requests the University of California to submit a report to the Governor and the Legislature no later than January 1, 2010, regarding the implementation of the above provisions.

This bill would, instead, request the University of California to submit a report no later than January 1, 2014.

(10) Existing law, for fiscal years 2006–07 to 2009–10, inclusive, provides funding for the University of California’s implementation of the above provisions from a fee imposed upon health care service plans and health insurers, which would not exceed a total of \$2,000,000, and is to be deposited in the Health Care Benefits Fund.

This bill, instead, provides for the imposition of that fee for fiscal years 2010–11 to 2014–15, inclusive.

(11) Existing law requires the State Department of Public Health to maintain a program for the control of tuberculosis. Existing law, until January 1, 2011, requires a local health department that elects to participate in the program to provide for certification for one year, by the local health officer, of tuberculin skin test technicians.

This bill would delete the repeal date of these provisions, thereby extending the operation of these provisions indefinitely.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 6276.24 of the Government Code is
- 2 amended to read:
- 3 6276.24. Harmful matter, distribution, confidentiality of certain
- 4 recipients, Section 313.1, Penal Code.
- 5 Hazardous substance tax information, prohibition against
- 6 disclosure, Section 43651, Revenue and Taxation Code.
- 7 Hazardous waste control, business plans, public inspection,
- 8 Section 25506, Health and Safety Code.
- 9 Hazardous waste control, notice of unlawful hazardous waste
- 10 disposal, Section 25180.5, Health and Safety Code.

1 Hazardous waste control, trade secrets, disclosure of information,
2 Sections 25511 and 25538, Health and Safety Code.

3 Hazardous waste control, trade secrets, procedures for release
4 of information, Section 25358.2, Health and Safety Code.

5 Hazardous waste generator report, protection of trade secrets,
6 Sections 25244.21 and 25244.23, Health and Safety Code.

7 Hazardous waste licenseholder disclosure statement,
8 confidentiality of, Section 25186.5, Health and Safety Code.

9 Hazardous waste management facilities on Indian lands,
10 confidentiality of privileged or trade secret information, Section
11 25198.4, Health and Safety Code.

12 Hazardous waste recycling, duties of department, Section 25170,
13 Health and Safety Code.

14 Hazardous waste recycling, list of specified hazardous wastes,
15 trade secrets, Section 25175, Health and Safety Code.

16 Hazardous waste recycling, trade secrets, confidential nature,
17 Sections 25173 and 25180.5, Health and Safety Code.

18 Healing arts licensees, central files, confidentiality, Section 800,
19 Business and Professions Code.

20 Health authorities, special county, protection of trade secrets,
21 Sections 14087.35, 14087.36, and 14087.38, Welfare and
22 Institutions Code.

23 Health Care Provider Central Files, confidentiality of, Section
24 800, Business and Professions Code.

25 Health care provider disciplinary proceeding, confidentiality of
26 documents, Section 805.1, Business and Professions Code.

27 Health care service plans, review of quality of care, privileged
28 communications, Sections 1370 and 1380, Health and Safety Code.

29 Health commissions, special county, protection of trade secrets,
30 Section 14087.31, Welfare and Institutions Code.

31 Health facilities, patient's rights of confidentiality, subdivision
32 (c) of Section 128745 and Sections 128735, 128736, 128737,
33 128755, and 128765, Health and Safety Code.

34 Health facility and clinic, consolidated data and reports,
35 confidentiality of, Section 128730, Health and Safety Code.

36 Health personnel, data collection by the Office of Statewide
37 Health Planning and Development, confidentiality of information
38 on individual licentiates, Sections 127775 and 127780, Health and
39 Safety Code.

1 Health planning and development pilot projects, confidentiality
2 of data collected, Section 128165, Health and Safety Code.

3 Hereditary Disorders Act, legislative finding and declaration,
4 confidential information, Sections 124975 and 124980, Health and
5 Safety Code.

6 Hereditary Disorders Act, rules, regulations, and standards,
7 breach of confidentiality, Section 124980, Health and Safety Code.

8 Higher Education Employee-Employer Relations, findings of
9 fact and recommended terms of settlement, Section 3593,
10 Government Code.

11 Higher Education Employee-Employer Relations, access by
12 Public Employment Relations Board to employer's or employee
13 organization's records, Section 3563, Government Code.

14 HIV, disclosures to blood banks by department or county health
15 officers, Section 1603.1, Health and Safety Code.

16 Home address of public employees and officers in Department
17 of Motor Vehicles, records, confidentiality of, Sections 1808.2
18 and 1808.4, Vehicle Code.

19 Horse racing, horses, blood or urine test sample, confidentiality,
20 Section 19577, Business and Professions Code.

21 Hospital district and municipal hospital records relating to
22 contracts with insurers and service plans, subdivision (t), Section
23 6254, Government Code.

24 Hospital final accreditation report, subdivision (s), Section 6254,
25 Government Code.

26 Housing authorities, confidentiality of rosters of tenants, Section
27 34283, Health and Safety Code.

28 Housing authorities, confidentiality of applications by
29 prospective or current tenants, Section 34332, Health and Safety
30 Code.

31 SEC. 2. Section 1344 of the Health and Safety Code is amended
32 to read:

33 1344. (a) The director may from time to time adopt, amend,
34 and rescind any rules, forms, and orders that are necessary to carry
35 out the provisions of this chapter, including rules governing
36 applications and reports, and defining any terms, whether or not
37 used in this chapter, insofar as the definitions are not inconsistent
38 with the provisions of this chapter. For the purpose of rules and
39 forms, the director may classify persons and matters within the
40 director's jurisdiction, and may prescribe different requirements

for different classes. The director may waive any requirement of any rule or form in situations where in the director's discretion that requirement is not necessary in the public interest or for the protection of the public, subscribers, enrollees, or persons or plans subject to this chapter. The director may adopt rules consistent with federal regulations and statutes to regulate health care coverage supplementing Medicare.

(b) The director may, by regulation, modify the wording of any notice required by this chapter for purposes of clarity, readability, and accuracy, *except that a modification shall not change the substantive meaning of the notice.*

(c) The director may honor requests from interested parties for interpretive opinions.

(d) No provision of this chapter imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, order, or written interpretive opinion of the director, or any opinion of the Attorney General, notwithstanding that the rule, form, order, or written interpretive opinion may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

SEC. 3. Section 1366.4 of the Health and Safety Code is amended to read:

1366.4. (a) A medical group, physician, or independent practice association that contracts with a health care service plan may enter into contracts with licensed nonphysician providers to provide services, as defined in Section 1300.67(a)(1) of Title 28 of the California Code of Regulations, to plan enrollees covered by the contract between the plan and the group, physician, or association.

(b) The licensed nonphysician provider described in subdivision (a) that contracts with a medical group, physician, or independent practice association may directly bill, if direct billing is otherwise permitted by law, a health care service plan for covered services pursuant to a contract with the health care service plan that specifies direct billing. Direct billing pursuant to this subdivision is permitted only to the extent that the same services are not billed for by the medical group, physician, or independent practice association.

(c) A health care service plan may require the nonphysician provider to complete an appropriate credentialing process.

(d) Every health care service plan may either list licensed nonphysician providers that contract with medical groups, physicians, and independent practice associations pursuant to subdivision (b) in any listing or directory of plan health care providers that is provided to enrollees or to the public, or may include a notification in the plan's evidence of coverage or provider list that the health care service plan has contracts with nonphysician providers, pursuant to subdivision (b), and may list the types of contracted nonphysician providers. The notification may inform an enrollee that he or she may obtain a list of the nonphysician providers by contacting his or her primary or specialist medical group. The listing may indicate whether licensed nonphysician providers may be accessed directly by enrollees.

(e) Nothing in this section shall be construed to authorize, or otherwise require the director to approve, a risk-sharing arrangement between a plan and a provider.

SEC. 4. Section 1374.64 of the Health and Safety Code is amended to read:

1374.64. (a) Only a plan that has been licensed under this chapter and in operation in this state for a period of five years or more, or a plan licensed under this chapter and operating in this state for a period of five or more years under a combination of (1) licensure under this chapter and (2) pursuant to a certificate of authority issued by the Department of Insurance may offer a point-of-service contract. A specialized health care service plan shall not offer a point-of-service plan contract unless this plan was formerly registered under the Knox-Mills Health Plan Act (Article 2.5 (commencing with Section 12530) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code), as repealed by Chapter 941 of the Statutes of 1975, and offered point-of-service plan contracts previously approved by the director on July 1, 1976, and on September 1, 1993.

(b) A plan may offer a point-of-service plan contract only if the director has not found the plan to be in violation of any requirements, including administrative capacity, under this chapter or the rules adopted thereunder and the plan meets, at a minimum, the following financial criteria:

(1) The minimum financial criteria for a plan that maintains a minimum net worth of at least five million dollars (\$5,000,000) shall be:

1 (A) (i) Initial tangible net equity so that the plan is not required
2 to file monthly reports with the director as required by Section
3 1300.84.3(d)(1)(G) of Title 28 of the California Code of
4 Regulations and then have and maintain adjusted tangible net
5 equity to be determined pursuant to either of the following:

6 (I) In the case of a plan that is required to have and maintain a
7 tangible net equity as required by Section 1300.76(a)(1) or (2) of
8 Title 28 of the California Code of Regulations, multiply 130
9 percent times the sum resulting from the addition of the plan's
10 tangible net equity required by Section 1300.76(a)(1) or (2) of
11 Title 28 of the California Code of Regulations and the number that
12 equals 10 percent of the plan's annualized health care expenditures
13 for out-of-network services for point-of-service enrollees.

14 (II) In the case of a plan that is required to have and maintain
15 a tangible net equity as required by Section 1300.76(a)(3) of Title
16 28 of the California Code of Regulations, recalculate the plan's
17 tangible net equity under Section 1300.76(a)(3) of Title 28 of the
18 California Code of Regulations excluding the plan's annualized
19 health care expenditures for out-of-network services for
20 point-of-service enrollees, add together the number resulting from
21 this recalculation and the number that equals 10 percent of the
22 plan's annualized health care expenditures for out-of-network
23 services for point of services enrollees, and multiply this sum times
24 130 percent, provided that the product of this multiplication must
25 exceed 130 percent of the tangible net equity required by Section
26 1300.76(a)(3) of Title 28 of the California Code of Regulations
27 so that the plan is not required to file monthly reports to the director
28 as required by Section 1300.84.3(d)(1)(G) of Title 28 of the
29 California Code of Regulations.

30 (ii) The failure of a plan offering a point-of-service plan contract
31 under this article to maintain adjusted tangible net equity as
32 determined by this subdivision shall require the filing of monthly
33 reports with the director pursuant to Section 1300.84.3(d) of Title
34 28 of the California Code of Regulations, in addition to any other
35 requirements that may be imposed by the director on a plan under
36 this article and chapter.

37 (iii) The calculation of tangible net equity under any report to
38 be filed by a plan offering a point-of-service plan contract under
39 this article and required of a plan pursuant to Section 1384, and

1 the regulations adopted thereunder, shall be on the basis of adjusted
2 tangible net equity as determined under this subdivision.

3 (B) Demonstrates adequate working capital, including (i) a
4 current ratio (current assets divided by current liabilities) of at
5 least 1:1, after excluding obligations of officers, directors, owners,
6 or affiliates, or (ii) evidence that the plan is now meeting its
7 obligations on a timely basis and has been doing so for at least the
8 preceding two years. Short-term obligations of affiliates for goods
9 or services arising in the normal course of business that are payable
10 on the same terms as equivalent transactions with nonaffiliates
11 shall not be excluded. For purposes of this subdivision, an
12 obligation is considered short term if the repayment schedule is
13 30 days or fewer.

14 (C) Demonstrates a trend of positive earnings over the previous
15 eight fiscal quarters.

16 (2) The minimum financial criteria for a plan that maintains a
17 minimum net worth of at least one million five hundred thousand
18 dollars (\$1,500,000) but less than five million dollars (\$5,000,000)
19 shall be:

20 (A) (i) Initial tangible net equity so that the plan is not required
21 to file monthly reports with the director as required by Section
22 1300.84.3(d)(1)(G) of Title 28 of the California Code of
23 Regulations and then have and maintain adjusted tangible net
24 equity to be determined pursuant to either of the following:

25 (I) In the case of a plan that is required to have and maintain a
26 tangible net equity as required by Section 1300.76(a)(1) or (2) of
27 Title 28 of the California Code of Regulations, multiply 130
28 percent times the sum resulting from the addition of the plan's
29 tangible net equity required by Section 1300.76(a)(1) or (2) of
30 Title 28 of the California Code of Regulations and the number that
31 equals 10 percent of the plan's annualized health care expenditures
32 for out-of-network services for point-of-service enrollees.

33 (II) In the case of a plan that is required to have and maintain
34 a tangible net equity as required by Section 1300.76(a)(3) of Title
35 28 of the California Code of Regulations, recalculate the plan's
36 tangible net equity under Section 1300.76(a)(3) excluding the
37 plan's annualized health care expenditures for out-of-network
38 services for point-of-service enrollees, add together the number
39 resulting from this recalculation and the number that equals 10
40 percent of the plan's annualized health care expenditures for

1 out-of-network services for point-of-services enrollees, and
2 multiply this sum times 130 percent, provided that the product of
3 this multiplication must exceed 130 percent of the tangible net
4 equity required by Section 1300.76(a)(3) of Title 28 of the
5 California Code of Regulations so that the plan is not required to
6 file monthly reports to the director as required by Section
7 1300.84.3(d)(1)(G) of Title 28 of the California Code of
8 Regulations.

9 (ii) The failure of a plan offering a point-of-service plan contract
10 under this article to maintain adjusted tangible net equity as
11 determined by this subdivision shall require the filing of monthly
12 reports with the director pursuant to Section 1300.84.3(d) of Title
13 28 of the California Code of Regulations, in addition to any other
14 requirements that may be imposed by the director on a plan under
15 this article and chapter.

16 (iii) The calculation of tangible net equity under any report to
17 be filed by a plan offering a point-of-service plan contract under
18 this article and required of a plan pursuant to Section 1384, and
19 the regulations adopted thereunder, shall be on the basis of adjusted
20 tangible net equity as determined under this subdivision.

21 (B) Demonstrates adequate working capital, including (i) a
22 current ratio (current assets divided by current liabilities) of at
23 least 1:1, after excluding obligations of officers, directors, owners,
24 or affiliates or (ii) evidence that the plan is now meeting its
25 obligations on a timely basis and has been doing so for at least the
26 preceding two years. Short-term obligations of affiliates for goods
27 or services arising in the normal course of business that are payable
28 on the same terms as equivalent transactions with nonaffiliates
29 shall not be excluded. For purposes of this subdivision, an
30 obligation is considered short term if the repayment schedule is
31 30 days or fewer.

32 (C) Demonstrates a trend of positive earnings over the previous
33 eight fiscal quarters.

34 (D) Demonstrates to the director that it has obtained insurance
35 for the cost of providing any point-of-service enrollee with
36 out-of-network covered health care services, the aggregate value
37 of which exceeds five thousand dollars (\$5,000) in any year. This
38 insurance shall obligate the insurer to continue to provide care for
39 the period in which a premium was paid in the event a plan
40 becomes insolvent. Where a plan cannot obtain insurance as

1 required by this subparagraph, then a plan may demonstrate to the
2 director that it has made other arrangements, acceptable to the
3 director, for the cost of providing enrollees out-of-network health
4 care services; but in this case the expenditure for total
5 out-of-network costs for all enrollees in all point-of-service
6 contracts shall be limited to a percentage, acceptable to the director,
7 not to exceed 15 percent of total health care expenditures for all
8 its enrollees.

9 (c) Within 30 days of the close of each month a plan offering
10 point-of-service plan contracts under paragraph (2) of subdivision
11 (b) shall file with the director a monthly financial report consisting
12 of a balance sheet and statement of operations of the plan, which
13 need not be certified, and a calculation of the adjusted tangible net
14 equity required under subparagraph (A). The financial statements
15 shall be prepared on a basis consistent with the financial statements
16 furnished by the plan pursuant to Section 1300.84.2 of Title 28 of
17 the California Code of Regulations. A plan shall also make special
18 reports to the director as the director may from time to time require.
19 Each report to be filed by a plan pursuant to this subdivision shall
20 be verified by a principal officer of the plan as set forth in Section
21 1300.84.2(e) of Title 28 of the California Code of Regulations.

22 (d) If it appears to the director that a plan does not have
23 sufficient financial viability, or organizational and administrative
24 capacity to assure the delivery of health care services to its
25 enrollees, the director may, by written order, direct the plan to
26 discontinue the offering of a point-of-service plan contract. The
27 order shall be effective immediately.

28 SEC. 5. Section 1375.4 of the Health and Safety Code is
29 amended to read:

30 1375.4. (a) Every contract between a health care service plan
31 and a risk-bearing organization that is issued, amended, renewed,
32 or delivered in this state on or after July 1, 2000, shall include
33 provisions concerning the following, as to the risk-bearing
34 organization's administrative and financial capacity, which shall
35 be effective as of January 1, 2001:

36 (1) A requirement that the risk-bearing organization furnish
37 financial information to the health care service plan or the plan's
38 designated agent and meet any other financial requirements that
39 assist the health care service plan in maintaining the financial
40 viability of its arrangements for the provision of health care

1 services in a manner that does not adversely affect the integrity of
2 the contract negotiation process.

3 (2) A requirement that the health care service plan disclose
4 information to the risk-bearing organization that enables the
5 risk-bearing organization to be informed regarding the financial
6 risk assumed under the contract.

7 (3) A requirement that the health care service plans provide
8 payments of all risk arrangements, excluding capitation, within
9 180 days after close of the fiscal year.

10 (b) In accordance with subdivision (a) of Section 1344, the
11 director shall adopt regulations on or before June 30, 2000, to
12 implement this section which shall, at a minimum, provide for the
13 following:

14 (1) (A) A process for reviewing or grading risk-bearing
15 organizations based on the following criteria:

16 (i) The risk-bearing organization meets criterion 1 if it
17 reimburses, contests, or denies claims for health care services it
18 has provided, arranged, or for which it is otherwise financially
19 responsible in accordance with the timeframes and other
20 requirements described in Section 1371 and in accordance with
21 any other applicable state and federal laws and regulations.

22 (ii) The risk-bearing organization meets criterion 2 if it estimates
23 its liability for incurred but not reported claims pursuant to a
24 method that has not been held objectionable by the director, records
25 the estimate at least quarterly as an accrual in its books and records,
26 and appropriately reflects this accrual in its financial statements.

27 (iii) The risk-bearing organization meets criterion 3 if it
28 maintains at all times a positive tangible net equity, as defined in
29 subdivision (e) of Section 1300.76 of Title 28 of the California
30 Code of Regulations.

31 (iv) The risk-bearing organization meets criterion 4 if it
32 maintains at all times a positive level of working capital (excess
33 of current assets over current liabilities).

34 (B) A risk-bearing organization may reduce its liabilities for
35 purposes of calculating tangible net equity, pursuant to clause (iii)
36 of subparagraph (A), and working capital, pursuant to clause (iv)
37 of subparagraph (A), by the amount of any liabilities the payment
38 of which is guaranteed by a sponsoring organization pursuant to
39 a qualified guarantee. A sponsoring organization is one that has a
40 tangible net equity of a level to be established by the director that

1 is in excess of all amounts that it has guaranteed to any person or
2 entity. A qualified guarantee is one that meets all of the following:
3 (i) It is approved by a board resolution of the sponsoring
4 organization.
5 (ii) The sponsoring organization agrees to submit audited annual
6 financial statements to the plan within 120 days of the end of the
7 sponsoring organization's fiscal year.
8 (iii) The guarantee is unconditional except for a maximum
9 monetary limit.
10 (iv) The guarantee is not limited in duration with respect to
11 liabilities arising during the term of the guarantee.
12 (v) The guarantee provides for six months' advance notice to
13 the plan prior to its cancellation.
14 (2) The information required from risk-bearing organizations
15 to assist in reviewing or grading these risk-bearing organizations,
16 including balance sheets, claims reports, and designated annual,
17 quarterly, or monthly financial statements prepared in accordance
18 with generally accepted accounting principles, to be used in a
19 manner, and to the extent necessary, provided to a single external
20 party as approved by the director to the extent that it does not
21 adversely affect the integrity of the contract negotiation process
22 between the health care service plan and the risk-bearing
23 organizations.
24 (3) Audits to be conducted in accordance with generally
25 accepted auditing standards and in a manner that avoids duplication
26 of review of the risk-bearing organization.
27 (4) A process for corrective action plans, as mutually agreed
28 upon by the health care service plan and the risk-bearing
29 organization and as approved by the director, for cases where the
30 review or grading indicates deficiencies that need to be corrected
31 by the risk-bearing organization, and contingency plans to ensure
32 the delivery of health care services if the corrective action fails.
33 The corrective action plan shall be approved by the director and
34 standardized, to the extent possible, to meet the needs of the
35 director and all health care service plans contracting with the
36 risk-bearing organization. If the health care service plan and the
37 risk-bearing organization are unable to determine a mutually
38 agreeable corrective action plan, the director shall determine the
39 corrective action plan.

1 (5) The disclosure of information by health care service plans
2 to the risk-bearing organization that enables the risk-bearing
3 organization to be informed regarding the risk assumed under the
4 contract, including:

5 (A) Enrollee information monthly.

6 (B) Risk arrangement information, information pertaining to
7 any pharmacy risk assumed under the contract, information
8 regarding incentive payments, and information on income and
9 expenses assigned to the risk-bearing organization quarterly.

10 (6) Periodic reports from each health care service plan to the
11 director that include information concerning the risk-bearing
12 organizations and the type and amount of financial risk assumed
13 by them, and, if deemed necessary and appropriate by the director,
14 a registration process for the risk-bearing organizations.

15 (7) The confidentiality of financial and other records to be
16 produced, disclosed, or otherwise made available, unless as
17 otherwise determined by the director.

18 (c) The failure by a health care service plan to comply with the
19 contractual requirements pursuant to this section shall constitute
20 grounds for disciplinary action. The director shall, as appropriate,
21 within 60 days after receipt of documented violation from a
22 risk-bearing organization, investigate and take enforcement action
23 against a health care service plan that fails to comply with these
24 requirements and shall periodically evaluate contracts between
25 health care service plans and risk-bearing organizations to
26 determine if any audit, evaluation, or enforcement actions should
27 be undertaken by the department.

28 (d) The Financial Solvency Standards Board established in
29 Section 1347.15 shall study and report to the director on or before
30 January 1, 2001, regarding all of the following:

31 (1) The feasibility of requiring that there be in force insurance
32 coverage commensurate with the financial risk assumed by the
33 risk-bearing organization to protect against financial losses.

34 (2) The appropriateness of different risk-bearing arrangements
35 between health care service plans and risk-bearing organizations.

36 (3) The appropriateness of the four criteria specified in
37 paragraph (1) of subdivision (b).

38 (e) This section shall not apply to specialized health care service
39 plans.

(f) For purposes of this section, “provider organization” means a medical group, independent practice association, or other entity that delivers, furnishes, or otherwise arranges for or provides health care services, but does not include an individual or a plan.

(g) (1) For purposes of this section, a “risk-bearing organization” means a professional medical corporation, other form of corporation controlled by physicians and surgeons, a medical partnership, a medical foundation exempt from licensure pursuant to subdivision (I) of Section 1206, or another lawfully organized group of physicians that delivers, furnishes, or otherwise arranges for or provides health care services, but does not include an individual or a health care service plan, and that does all of the following:

(A) Contracts directly with a health care service plan or arranges for health care services for the health care service plan’s enrollees.

(B) Receives compensation for those services on any capitated or fixed periodic payment basis.

(C) Is responsible for the processing and payment of claims made by providers for services rendered by those providers on behalf of a health care service plan that are covered under the capitation or fixed periodic payment made by the plan to the risk-bearing organization. Nothing in this subparagraph in any way limits, alters, or abrogates any responsibility of a health care service plan under existing law.

(2) Notwithstanding paragraph (1), risk-bearing organizations shall not be deemed to include a provider organization that meets either of the following requirements:

(A) The health care service plan files with the department consolidated financial statements that include the provider organization.

(B) The health care service plan is the only health care service plan with which the provider organization contracts for arranging or providing health care services and, during the previous and current fiscal years, the provider organization’s maximum potential expenses for providing or arranging for health care services did not exceed 115 percent of its maximum potential revenue for providing or arranging for those services.

(h) For purposes of this section, “claims” include, but are not limited to, contractual obligations to pay capitation or payments on a managed hospital payment basis.

SEC. 6. Section 1376.1 of the Health and Safety Code is amended to read:

1376.1. The deposit requirements of Section 1300.76.1 of Title 28 of the California Code of Regulations shall not apply to any plan operated by a county, or city and county, if both of the following apply:

(a) All of the evidence of indebtedness of the county, or city and county, has been rated “A” or better by Moody’s Investors Service, Inc. or Standard & Poor’s Corporation, based on a rating conducted during the immediately preceding 12 months.

(b) The county, or city and county, has cash or cash equivalents in an amount equal to fifty million dollars (\$50,000,000) or more, based on its audited financial statements for the immediately preceding fiscal year. For purposes of this subdivision, the term “equivalents” shall have the same meaning as in Section 1300.77 of Title 28 of the California Code of Regulations.

SEC. 7. Section 1377 of the Health and Safety Code is amended to read:

1377. (a) Every plan which reimburses providers of health care services that do not contract in writing with the plan to provide health care services, or which reimburses its subscribers or enrollees for costs incurred in having received health care services from providers that do not contract in writing with the plan, in an amount which exceeds 10 percent of its total costs for health care services for the immediately preceding six months, shall comply with the requirements set forth in either paragraph (1) or (2):

(1) (A) Place with the director, or with any organization or trustee acceptable to the director through which a custodial or controlled account is maintained, a noncontracting provider insolvency deposit consisting of cash or securities that are acceptable to the director that at all times have a fair market value in an amount at least equal to 120 percent of the sum of the following:

(i) All claims for noncontracting provider services received for reimbursement, but not yet processed.

(ii) All claims for noncontracting provider services denied for reimbursement during the previous 45 days.

(iii) All claims for noncontracting provider services approved for reimbursement, but not yet paid.

1 (iv) An estimate of claims for noncontracting provider services
2 incurred, but not reported.

3 (B) Each plan licensed pursuant to this chapter prior to January
4 1, 1991, shall, upon that date, make a deposit of 50 percent of the
5 amount required by subparagraph (A), and shall maintain additional
6 cash or cash equivalents as defined by rule of the director, in the
7 amount of 50 percent of the amount required by subparagraph (A),
8 and shall make a deposit of 100 percent of the amount required by
9 subparagraph (A) by January 1, 1992.

10 (C) The amount of the deposit shall be reasonably estimated as
11 of the first day of the month and maintained for the remainder of
12 the month.

13 (D) The deposit required by this paragraph is in addition to the
14 deposit that may be required by rule of the director and is an
15 allowable asset of the plan in the determination of tangible net
16 equity as defined in subdivision (b) of Section 1300.76 of Title 28
17 of the California Code of Regulations. All income from the deposit
18 shall be an asset of the plan and may be withdrawn by the plan at
19 any time.

20 (E) A health care service plan that has made a deposit may
21 withdraw that deposit or any part of the deposit if (i) a substitute
22 deposit of cash or securities of equal amount and value is made,
23 (ii) the fair market value exceeds the amount of the required
24 deposit, or (iii) the required deposit under this paragraph is reduced
25 or eliminated. Deposits, substitutions, or withdrawals may be made
26 only with the prior written approval of the director, but approval
27 shall not be required for the withdrawal of earned income.

28 (F) The deposit required under this section is in trust and may
29 be used only as provided by this section. The director or, if a
30 receiver has been appointed, the receiver shall use the deposit of
31 an insolvent health care service plan, as defined in Sections 1394.7
32 and 1394.8, for payment of covered claims for services rendered
33 by noncontracting providers under circumstances covered by the
34 plan. All claims determined by the director or receiver, in his or
35 her discretion, to be eligible for reimbursement under this section
36 shall be paid on a pro rata basis based on assets available from the
37 deposit to pay the ultimate liability for incurred expenditures.
38 Partial distribution may be made pending final distribution. Any
39 amount of the deposit remaining shall be paid into the liquidation
40 or receivership of the health care service plan. The director may

1 also use the deposit of an insolvent health care service plan for
2 payment of any administrative costs associated with the
3 administration of this section. The department, the director, and
4 any employee of the department shall not be liable, as provided
5 by Section 820.2 of the Government Code, for an injury resulting
6 from an exercise of discretion pursuant to this section. Nothing in
7 this section shall be construed to provide immunity for the acts of
8 a receiver, except when the director is acting as a receiver.

9 (G) The director may, by regulation, prescribe the time, manner,
10 and form for filing claims.

11 (H) The director may permit a plan to meet a portion of this
12 requirement by a deposit of tangible assets acceptable to the
13 director, the fair market value of which shall be determined on at
14 least an annual basis by the director. The plan shall bear the cost
15 of any appraisal or valuations required hereunder by the director.

16 (2) Maintain adequate insurance, or a guaranty arrangement
17 approved in writing by the director, to pay for any loss to providers,
18 subscribers, or enrollees claiming reimbursement due to the
19 insolvency of the plan.

20 (b) Whenever the reimbursements described in this section
21 exceed 10 percent of the plan's total costs for health care services
22 over the immediately preceding six months, the plan shall file a
23 written report with the director containing the information
24 necessary to determine compliance with subdivision (a) no later
25 than 30 business days from the first day of the month. Upon an
26 adequate showing by the plan that the requirements of this section
27 should be waived or reduced, the director may waive or reduce
28 these requirements to an amount as the director deems sufficient
29 to protect subscribers and enrollees of the plan consistent with the
30 intent and purpose of this chapter.

31 (c) Every plan which reimburses providers of health care service
32 on a fee-for-services basis; or which directly reimburses its
33 subscribers or enrollees, to an extent exceeding 10 percent of its
34 total payments for health care services, shall estimate and record
35 in the books of account a liability for incurred and unreported
36 claims. Upon a determination by the director that the estimate is
37 inadequate, the director may require the plan to increase its estimate
38 of incurred and unreported claims. Every plan shall promptly report
39 to the director whenever these reimbursables exceed 10 percent
40 of its total expenditures for health care services.

1 As used herein, the term “fee-for-services” refers to the situation
2 where the amount of reimbursement paid by the plan to providers
3 of service is determined by the amount and type of service rendered
4 by the provider of service.

5 (d) In the event an insolvent plan covered by this section fails
6 to pay a noncontracting provider sums for covered services owed,
7 the provider shall first look to the uncovered expenditures
8 insolvency deposit or the insurance or guaranty arrangement
9 maintained by the plan for payment. When a plan becomes
10 insolvent, in no event shall a noncontracting provider, or agent,
11 trustee, or assignee thereof, attempt to collect from the subscriber
12 or enrollee sums owed for covered services by the plan or maintain
13 any action at law against a subscriber or enrollee to collect sums
14 owed by the plan for covered services without having first
15 attempted to obtain reimbursement from the plan.

16 SEC. 8. Section 1399 of the Health and Safety Code is amended
17 to read:

18 1399. (a) Surrender of a license as a health plan becomes
19 effective 30 days after receipt of an application to surrender the
20 license or within a shorter period of time as the director may
21 determine, unless a revocation or suspension proceeding is pending
22 when the application is filed or a proceeding to revoke or suspend
23 or to impose conditions upon the surrender is instituted within 30
24 days after the application is filed. If this proceeding is pending or
25 instituted, surrender becomes effective at the time and upon the
26 conditions as the director by order determines.

27 (b) If the director finds that any plan is no longer in existence,
28 or has ceased to do business or has failed to initiate business
29 activity as a licensee within six months after licensure, or cannot
30 be located after reasonable search, the director may by order
31 summarily revoke the license of the plan.

32 (c) The director may summarily suspend or revoke the license
33 of a plan upon (1) failure to pay any fee required by this chapter
34 within 15 days after notice by the director that the fee is due and
35 unpaid, (2) failure to file any amendment or report required under
36 this chapter within 15 days after notice by the director that the
37 report is due, (3) failure to maintain any bond or insurance pursuant
38 to Section 1376, (4) failure to maintain a deposit, insurance, or
39 guaranty arrangement pursuant to Section 1377, or (5) failure to

1 maintain a deposit pursuant to Section 1300.76.1 of Title 28 of the
2 California Code of Regulations.

3 SEC. 9. Section 116283 of the Health and Safety Code, as
4 added by Section 4 of Chapter 874 of the Statutes of 1996, is
5 amended to read:

6 116283. This chapter shall apply to a food facility that is
7 regulated pursuant to the California Retail Food Code only if the
8 human consumption includes drinking of water.

9 SEC. 10. Section 116283 of the Health and Safety Code, as
10 added by Section 4 of Chapter 875 of the Statutes of 1996, is
11 amended to read:

12 116283. This chapter shall apply to a food facility that is
13 regulated pursuant to the California Retail Food Code only if the
14 human consumption includes drinking of water.

15 SEC. 11. Section 116286 of the Health and Safety Code is
16 amended to read:

17 116286. (a) A water district, as defined in subdivision (b), in
18 existence prior to May 18, 1994, that provides primarily
19 agricultural services through a piped water system with only
20 incidental residential or similar uses shall not be considered to be
21 a public water system if the department determines that either of
22 the following applies:

23 (1) The system certifies that it is providing alternative water for
24 residential or similar uses for drinking water and cooking to achieve
25 the equivalent level of public health protection provided by the
26 applicable primary drinking water regulations.

27 (2) The water provided for residential or similar uses for
28 drinking, cooking, and bathing is centrally treated or treated at the
29 point of entry by the provider, a passthrough entity, or the user to
30 achieve the equivalent level of protection provided by the
31 applicable primary drinking water regulations.

32 (b) For purposes of this section, “water district” means any
33 district or other political subdivision, other than a city or county,
34 a primary function of which is irrigation, reclamation, or drainage
35 of land.

36 SEC. 12. Section 116380 of the Health and Safety Code is
37 amended to read:

38 116380. In addition to the requirements set forth in Section
39 116375, the regulations adopted by the department pursuant to
40 Section 116375 shall include requirements governing the use of

1 point-of-entry and point-of-use treatment by public water systems
2 in lieu of centralized treatment where it can be demonstrated that
3 centralized treatment is not economically feasible.

4 SEC. 13. Section 116540 of the Health and Safety Code is
5 amended to read:

6 116540. Following completion of the investigation and
7 satisfaction of the requirements of subdivisions (a) and (b), the
8 department shall issue or deny the permit. The department may
9 impose permit conditions, requirements for system improvements,
10 and time schedules as it deems necessary to assure a reliable and
11 adequate supply of water at all times that is pure, wholesome,
12 potable, and does not endanger the health of consumers.

13 (a) No public water system that was not in existence on January
14 1, 1998, shall be granted a permit unless the system demonstrates
15 to the department that the water supplier possesses adequate
16 financial, managerial, and technical capability to assure the delivery
17 of pure, wholesome, and potable drinking water. This section shall
18 also apply to any change of ownership of a public water system
19 that occurs after January 1, 1998.

20 (b) No permit under this chapter shall be issued to an association
21 organized under Title 3 (commencing with Section 18000) of
22 Division 3 of the Corporations Code. This section shall not apply
23 to unincorporated associations that as of December 31, 1990, are
24 holders of a permit issued under this chapter.

25 SEC. 14. Section 116650 of the Health and Safety Code is
26 amended to read:

27 116650. (a) If the department determines that a public water
28 system is in violation of this chapter or any regulation, permit,
29 standard, or order issued or adopted thereunder, the department
30 may issue a citation to the public water system. The citation shall
31 be served upon the public water system personally or by registered
32 mail.

33 (b) Each citation shall be in writing and shall describe with
34 particularity the nature of the violation, including a reference to
35 the statutory provision, standard, order, or regulation alleged to
36 have been violated.

37 (c) For continuing violations, the citation shall fix the earliest
38 feasible time for elimination or correction of the condition
39 constituting the violation where appropriate. If the public water
40 system fails to correct a violation within the time specified in the

1 citation, the department may assess a civil penalty as specified in
2 subdivision (e).

3 (d) For a noncontinuing violation of primary drinking standards,
4 the department may assess in the citation a civil penalty as specified
5 in subdivision (e).

6 (e) Citations issued pursuant to this section shall be classified
7 according to the nature of the violation or the failure to comply.
8 The department shall specify the classification in the citation and
9 may assess civil penalties for each classification as follows:

10 (1) For violation of a primary drinking standard, an amount not
11 to exceed one thousand dollars (\$1,000) per day for each day that
12 the violation occurred, including each day that the violation
13 continues beyond the date specified for correction in the citation
14 or order.

15 (2) For failure to comply with any citation or order issued for
16 violation of a secondary drinking water standard that the director
17 determines may have a direct or immediate relationship to the
18 welfare of the users, an amount not to exceed one thousand dollars
19 (\$1,000) for each day that the violation continues beyond the date
20 specified for correction in the citation or order.

21 (3) For failure to comply with any citation or order issued for
22 noncompliance with any department regulation or order, other than
23 a primary or secondary drinking water standard, an amount not to
24 exceed two hundred dollars (\$200) per day for each day the
25 violation continues beyond the date specified for correction in the
26 citation.

27 SEC. 15. Section 116725 of the Health and Safety Code is
28 amended to read:

29 116725. (a) Any person who knowingly makes any false
30 statement or representation in any application, record, report, or
31 other document submitted, maintained, or used for purposes of
32 compliance with this chapter, may be liable, as determined by the
33 court, for a civil penalty not to exceed five thousand dollars
34 (\$5,000) for each separate violation or, for continuing violations,
35 for each day that violation continues.

36 (b) Any person who violates a citation schedule of compliance
37 for a primary drinking water standard or any order regarding a
38 primary drinking water standard or the requirement that a reliable
39 and adequate supply of pure, wholesome, healthful, and potable
40 water be provided may be liable, as determined by the court, for

1 a civil penalty not to exceed twenty-five thousand dollars (\$25,000)
2 for each separate violation or, for continuing violations, for each
3 day that violation continues.

4 (c) Any person who violates any order, other than one specified
5 in subdivision (b), issued pursuant to this chapter may be liable,
6 as determined by the court, for a civil penalty not to exceed five
7 thousand dollars (\$5,000) for each separate violation or, for
8 continuing violations, for each day that violation continues.

9 (d) Any person who operates a public water system without a
10 permit issued by the department pursuant to this chapter may be
11 liable, as determined by the court, for a civil penalty not to exceed
12 twenty-five thousand dollars (\$25,000) for each separate violation
13 or, for continuing violations, for each day that violation continues.

14 (e) Each civil penalty imposed for any separate violation
15 pursuant to this section shall be separate and in addition to any
16 other civil penalty imposed pursuant to this section or any other
17 provision of law.

18 SEC. 16. Section 121360.5 of the Health and Safety Code is
19 amended to read:

20 121360.5. (a) Any city or county health department that elects
21 to participate in this program shall provide for one-year
22 certification of tuberculin skin test technicians by local health
23 officers.

24 (b) For purposes of this section, a “certified tuberculin skin test
25 technician” is an unlicensed public health tuberculosis worker
26 employed by, or under contract with, a local public health
27 department, and who is certified by a local health officer to place
28 and measure skin tests in the local health department’s jurisdiction.

29 (c) A certified tuberculin skin test technician may perform the
30 functions for which he or she is certified only if he or she meets
31 all of the following requirements:

32 (1) The certified tuberculin skin test technician is working under
33 the direction of the local health officer or the tuberculosis
34 controller.

35 (2) The certified tuberculin skin test technician is working under
36 the supervision of a licensed health professional. For purposes of
37 this section, “supervision” means the licensed health professional
38 is immediately available for consultation with the tuberculin skin
39 test technician through telephonic or electronic contact.

1 (d) A certified tuberculin skin test technician may perform
2 intradermal injections only for the purpose of placing a tuberculin
3 skin test and measuring the test result.

4 (e) A certified tuberculin skin test technician may not be certified
5 to interpret, and may not interpret, the results of a tuberculin skin
6 test.

7 (f) In order to be certified as a tuberculin skin test technician
8 by a local health officer, a person shall meet all of the following
9 requirements, and provide to the local health officer appropriate
10 documentation establishing that he or she has met those
11 requirements:

12 (1) The person has a high school diploma, or its equivalent.

13 (2) (A) The person has completed a standardized course
14 approved by the California Tuberculosis Controllers Association
15 (CTCA), which shall include at least 24 hours of instruction in all
16 of the following areas: Didactic instruction on tuberculosis control
17 principles and instruction on the proper placement and
18 measurement of tuberculin skin tests, equipment usage, basic
19 infection control, universal precautions, and appropriate disposal
20 of sharps, needles, and medical waste, client preparation and
21 education, safety, communication, professional behavior, and the
22 importance of confidentiality.

23 (B) A certification of satisfactory completion of this
24 CTCA-approved course shall be dated and signed by the local
25 health officer, and shall contain the name and social security
26 number of the tuberculin skin test technician, and the printed name,
27 the jurisdiction, and the telephone number of the certifying local
28 health officer.

29 (3) The person has completed practical instruction including
30 placing at least 30 successful intradermal tuberculin skin tests,
31 supervised by a licensed physician or registered nurse at the local
32 health department, and 30 correct measurements of intradermal
33 tuberculin skin tests, at least 15 of which are deemed positive by
34 the licensed physician or registered nurse supervising the practical
35 instruction. A certification of the satisfactory completion of this
36 practical instruction shall be dated and signed by the licensed
37 physician or registered nurse supervising the practical instruction.

38 (g) The certification may be renewed, and the local health
39 department shall provide a certificate of renewal, if the certificate

1 holder has completed in-service training, including all of the
2 following:

3 (1) At least three hours of a CTCA-approved standardized
4 training course to assure continued competency. This training shall
5 include, but not be limited to, fundamental principles of tuberculin
6 skin testing.

7 (2) Practical instruction, under the supervision of a licensed
8 physician or registered nurse at the local health department,
9 including the successful placement and correct measurement of
10 10 tuberculin skin tests, at least five of which are deemed positive
11 by the licensed physician or registered nurse supervising the
12 practical instruction.

13 (h) The local health officer or the tuberculosis controller may
14 deny or revoke the certification of a tuberculin skin test technician
15 if the local health officer or the tuberculosis controller finds that
16 the technician is not in compliance with this section.

17 (i) Each county or city participating in the program under this
18 section using tuberculin skin test technicians, that elects to
19 participate on or after January 1, 2005, shall submit to the CTCA
20 a survey and an evaluation of its findings, including a review of
21 the aggregate report, by July 1, 2006, and by July 1 of each year
22 thereafter to, and including, July 1, 2011. The report shall include
23 the following:

24 (1) The number of persons trained and certified as tuberculin
25 skin test technicians in that city or county.

26 (2) The estimated number of tuberculin skin tests placed by
27 tuberculin skin test technicians in that city or county.

28 (j) By July 1, 2008, the CTCA shall submit a summary of
29 barriers to implementing the tuberculosis technician program in
30 the state to the department and to the appropriate policy and fiscal
31 committees of the Legislature.

32 (k) The local health officer of each participating city or county
33 shall report to the Tuberculosis Control Branch within the
34 department any adverse event that he or she determines has resulted
35 from improper tuberculin skin test technician training or
36 performance.

37 SEC. 17. Section 127662 of the Health and Safety Code is
38 amended to read:

39 127662. (a) In order to effectively support the University of
40 California and its work in implementing this chapter, there is

1 hereby established in the State Treasury, the Health Care Benefits
2 Fund. The university's work in providing the bill analyses shall
3 be supported from the fund.

4 (b) For fiscal years 2010–11 to 2014–15, inclusive, each health
5 care service plan, except a specialized health care service plan,
6 and each health insurer, as defined in Section 106 of the Insurance
7 Code, shall be assessed an annual fee in an amount determined
8 through regulation. The amount of the fee shall be determined by
9 the Department of Managed Health Care and the Department of
10 Insurance in consultation with the university and shall be limited
11 to the amount necessary to fund the actual and necessary expenses
12 of the university and its work in implementing this chapter. The
13 total annual assessment on health care service plans and health
14 insurers shall not exceed two million dollars (\$2,000,000).

15 (c) The Department of Managed Health Care and the Department
16 of Insurance, in coordination with the university, shall assess the
17 health care service plans and health insurers, respectively, for the
18 costs required to fund the university's activities pursuant to
19 subdivision (b).

20 (1) Health care service plans shall be notified of the assessment
21 on or before June 15 of each year with the annual assessment notice
22 issued pursuant to Section 1356. The assessment pursuant to this
23 section is separate and independent of the assessments in Section
24 1356.

25 (2) Health insurers shall be noticed of the assessment in
26 accordance with the notice for the annual assessment or quarterly
27 premium tax revenues.

28 (3) The assessed fees required pursuant to subdivision (b) shall
29 be paid on an annual basis no later than August 1 of each year.
30 The Department of Managed Health Care and the Department of
31 Insurance shall forward the assessed fees to the Controller for
32 deposit in the Health Care Benefits Fund immediately following
33 their receipt.

34 (4) "Health insurance," as used in this subdivision, does not
35 include Medicare supplement, vision-only, dental-only, or
36 CHAMPUS supplement insurance, or hospital indemnity,
37 accident-only, or specified disease insurance that does not pay
38 benefits on a fixed benefit, cash payment only basis.

39 SEC. 18. Section 127664 of the Health and Safety Code is
40 amended to read:

1 127664. The Legislature requests the University of California
2 to submit a report to the Governor and the Legislature by January
3 1, 2014, regarding the implementation of this chapter.

4 SEC. 19. Section 127665 of the Health and Safety Code is
5 amended to read:

6 127665. This chapter shall remain in effect until June 30, 2015,
7 and shall be repealed as of that date, unless a later enacted statute
8 that becomes operative on or before June 30, 2015, deletes or
9 extends that date.

10 SEC. 20. Section 128730 of the Health and Safety Code is
11 amended to read:

12 128730. (a) Effective January 1, 1986, the office shall be the
13 single state agency designated to collect the following health
14 facility or clinic data for use by all state agencies:

15 (1) That data required by the office pursuant to Section 127285.

16 (2) That data required in the Medi-Cal cost reports pursuant to
17 Section 14170 of the Welfare and Institutions Code.

18 (3) Those data items formerly required by the California Health
19 Facilities Commission that are listed in Sections 128735 and
20 128740. Information collected pursuant to subdivision (g) of
21 Section 128735 and Sections 128736 and 128737 shall be made
22 available to the State Department of Health Care Services and the
23 State Department of Public Health. The departments shall ensure
24 that the patient's rights to confidentiality shall not be violated in
25 any manner. The departments shall comply with all applicable
26 policies and requirements involving review and oversight by the
27 State Committee for the Protection of Human Subjects.

28 (b) The office shall consolidate any and all of the reports listed
29 under this section or Sections 128735 and 128740, to the extent
30 feasible, to minimize the reporting burdens on hospitals. Provided,
31 however, that the office shall neither add nor delete data items
32 from the Hospital Discharge Abstract Data Record or the quarterly
33 reports without prior authorizing legislation, unless specifically
34 required by federal law or regulation or judicial decision.

35 SEC. 21. Section 128745 of the Health and Safety Code is
36 amended to read:

37 128745. (a) Commencing July 1993, and annually thereafter,
38 the office shall publish risk-adjusted outcome reports in accordance
39 with the following schedule:

Publication Date	Period Covered	Procedures and Conditions Covered
July 1993	1988–90	3
July 1994	1989–91	6
July 1995	1990–92	9

Reports for subsequent years shall include conditions and procedures and cover periods as appropriate.

(b) The procedures and conditions required to be reported under this chapter shall be divided among medical, surgical and obstetric conditions or procedures and shall be selected by the office, based on the recommendations of the commission and the advice of the technical advisory committee set forth in subdivision (j) of Section 128725. The office shall publish the risk-adjusted outcome reports for surgical procedures by individual hospital and individual surgeon unless the office in consultation with the technical advisory committee and medical specialists in the relevant area of practice determines that it is not appropriate to report by individual surgeon. The office, in consultation with the technical advisory committee and medical specialists in the relevant area of practice, may decide to report nonsurgical procedures and conditions by individual physician when it is appropriate. The selections shall be in accordance with all of the following criteria:

(1) The patient discharge abstract contains sufficient data to undertake a valid risk adjustment. The risk adjustment report shall ensure that public hospitals and other hospitals serving primarily low-income patients are not unfairly discriminated against.

(2) The relative importance of the procedure and condition in terms of the cost of cases and the number of cases and the seriousness of the health consequences of the procedure or condition.

(3) Ability to measure outcome and the likelihood that care influences outcome.

(4) Reliability of the diagnostic and procedure data.

(c) (1) In addition to any other established and pending reports, on or before July 1, 2002, the office shall publish a risk-adjusted outcome report for coronary artery bypass graft surgery by hospital for all hospitals opting to participate in the report. This report shall be updated on or before July 1, 2003.

(2) In addition to any other established and pending reports, commencing July 1, 2004, and every year thereafter, the office shall publish risk-adjusted outcome reports for coronary artery bypass graft surgery for all coronary artery bypass graft surgeries performed in the state. In each year, the reports shall compare risk-adjusted outcomes by hospital, and in every other year, by hospital and cardiac surgeon. Upon the recommendation of the technical advisory committee based on statistical and technical considerations, information on individual hospitals and surgeons may be excluded from the reports.

(3) Unless otherwise recommended by the clinical panel established by Section 128748, the office shall collect the same data used for the most recent risk-adjusted model developed for the California Coronary Artery Bypass Graft Mortality Reporting Program. Upon recommendation of the clinical panel, the office may add any clinical data elements included in the Society of Thoracic Surgeons' database. Prior to any additions from the Society of Thoracic Surgeons' database, the following factors shall be considered:

(A) Utilization of sampling to the maximum extent possible.

(B) Exchange of data elements as opposed to addition of data elements.

(4) Upon recommendation of the clinical panel, the office may add, delete or revise clinical data elements, but shall add no more than a net of six elements not included in the Society of Thoracic Surgeons' database, to the data set over any five-year period. Prior to any additions or deletions, all of the following factors shall be considered:

(A) Utilization of sampling to the maximum extent possible.

(B) Feasibility of collecting data elements.

(C) Costs and benefits of collection and submission of data.

(D) Exchange of data elements as opposed to addition of data elements.

(5) The office shall collect the minimum data necessary for purposes of testing or validating a risk-adjusted model for the coronary artery bypass graft report.

(6) Patient medical record numbers and any other data elements that the office believes could be used to determine the identity of an individual patient shall be exempt from the disclosure requirements of the California Public Records Act (Chapter 3.5

1 (commencing with Section 6250) of Division 7 of Title 1 of the
2 Government Code).

3 (d) The annual reports shall compare the risk-adjusted outcomes
4 experienced by all patients treated for the selected conditions and
5 procedures in each California hospital during the period covered
6 by each report, to the outcomes expected. Outcomes shall be
7 reported in the five following groupings for each hospital:

8 (1) "Much higher than average outcomes," for hospitals with
9 risk-adjusted outcomes much higher than the norm.

10 (2) "Higher than average outcomes," for hospitals with
11 risk-adjusted outcomes higher than the norm.

12 (3) "Average outcomes," for hospitals with average risk-adjusted
13 outcomes.

14 (4) "Lower than average outcomes," for hospitals with
15 risk-adjusted outcomes lower than the norm.

16 (5) "Much lower than average outcomes," for hospitals with
17 risk-adjusted outcomes much lower than the norm.

18 (e) For coronary artery bypass graft surgery reports and any
19 other outcome reports for which auditing is appropriate, the office
20 shall conduct periodic auditing of data at hospitals.

21 (f) The office shall publish in the annual reports required under
22 this section the risk-adjusted mortality rate for each hospital and
23 for those reports that include physician reporting, for each
24 physician.

25 (g) The office shall either include in the annual reports required
26 under this section, or make separately available at cost to any
27 person requesting it, risk-adjusted outcomes data assessing the
28 statistical significance of hospital or physician data at each of the
29 following three levels: 99 percent confidence level (0.01 p-value),
30 95 percent confidence level (0.05 p-value), and 90 percent
31 confidence level (.10 p-value). The office shall include any other
32 analysis or comparisons of the data in the annual reports required
33 under this section that the office deems appropriate to further the
34 purposes of this chapter.

35 SEC. 22. Section 14043.26 of the Welfare and Institutions
36 Code is amended to read:

37 14043.26. (a) (1) On and after January 1, 2004, an applicant
38 that currently is not enrolled in the Medi-Cal program, or a provider
39 applying for continued enrollment, upon written notification from
40 the department that enrollment for continued participation of all

1 providers in a specific provider of service category or subgroup
2 of that category to which the provider belongs will occur, or, except
3 as provided in subdivisions (b) and (e), a provider not currently
4 enrolled at a location where the provider intends to provide
5 services, goods, supplies, or merchandise to a Medi-Cal
6 beneficiary, shall submit a complete application package for
7 enrollment, continuing enrollment, or enrollment at a new location
8 or a change in location.

9 (2) Clinics licensed by the department pursuant to Chapter 1
10 (commencing with Section 1200) of Division 2 of the Health and
11 Safety Code and certified by the department to participate in the
12 Medi-Cal program shall not be subject to this section.

13 (3) Health facilities licensed by the department pursuant to
14 Chapter 2 (commencing with Section 1250) of Division 2 of the
15 Health and Safety Code and certified by the department to
16 participate in the Medi-Cal program shall not be subject to this
17 section.

18 (4) Adult day health care providers licensed pursuant to Chapter
19 3.3 (commencing with Section 1570) of Division 2 of the Health
20 and Safety Code and certified by the department to participate in
21 the Medi-Cal program shall not be subject to this section.

22 (5) Home health agencies licensed pursuant to Chapter 8
23 (commencing with Section 1725) of Division 2 of the Health and
24 Safety Code and certified by the department to participate in the
25 Medi-Cal program shall not be subject to this section.

26 (6) Hospices licensed pursuant to Chapter 8.5 (commencing
27 with Section 1745) of Division 2 of the Health and Safety Code
28 and certified by the department to participate in the Medi-Cal
29 program shall not be subject to this section.

30 (b) A physician and surgeon licensed by the Medical Board of
31 California or the Osteopathic Medical Board of California
32 practicing in an individual physician practice, who is enrolled and
33 in good standing in the Medi-Cal program, and who is changing
34 locations of that individual physician practice within the same
35 county, shall be eligible to continue enrollment at the new location
36 by filing a change of location form to be developed by the
37 department. The form shall comply with all minimum federal
38 requirements related to Medicaid provider enrollment. Filing this
39 form shall be in lieu of submitting a complete application package
40 pursuant to subdivision (a).

1 (c) (1) Except as provided in paragraph (2), within 30 days
2 after receiving an application package submitted pursuant to
3 subdivision (a), the department shall provide written notice that
4 the application package has been received and, if applicable, that
5 there is a moratorium on the enrollment of providers in the specific
6 provider of service category or subgroup of the category to which
7 the applicant or provider belongs. This moratorium shall bar further
8 processing of the application package.

9 (2) Within 15 days after receiving an application package from
10 a physician, or a group of physicians, licensed by the Medical
11 Board of California or the Osteopathic Medical Board of California,
12 or a change of location form pursuant to subdivision (b), the
13 department shall provide written notice that the application package
14 or the change of location form has been received.

15 (d) (1) If the application package submitted pursuant to
16 subdivision (a) is from an applicant or provider who meets the
17 criteria listed in paragraph (2), the applicant or provider shall be
18 considered a preferred provider and shall be granted preferred
19 provisional provider status pursuant to this section and for a period
20 of no longer than 18 months, effective from the date on the notice
21 from the department. The ability to request consideration as a
22 preferred provider and the criteria necessary for the consideration
23 shall be publicized to all applicants and providers. An applicant
24 or provider who desires consideration as a preferred provider
25 pursuant to this subdivision shall request consideration from the
26 department by making a notation to that effect on the application
27 package, by cover letter, or by other means identified by the
28 department in a provider bulletin. Request for consideration as a
29 preferred provider shall be made with each application package
30 submitted in order for the department to grant the consideration.
31 An applicant or provider who requests consideration as a preferred
32 provider shall be notified within 60 days whether the applicant or
33 provider meets or does not meet the criteria listed in paragraph
34 (2). If an applicant or provider is notified that the applicant or
35 provider does not meet the criteria for a preferred provider, the
36 application package submitted shall be processed in accordance
37 with the remainder of this section.

38 (2) To be considered a preferred provider, the applicant or
39 provider shall meet all of the following criteria:

1 (A) Hold a current license as a physician and surgeon issued by
2 the Medical Board of California or the Osteopathic Medical Board
3 of California, which license shall not have been revoked, whether
4 stayed or not, suspended, placed on probation, or subject to other
5 limitation.

6 (B) Be a current faculty member of a teaching hospital or a
7 children's hospital, as defined in Section 10727, accredited by the
8 Joint Commission or the American Osteopathic Association, or
9 be credentialed by a health care service plan that is licensed under
10 the Knox-Keene Health Care Service Plan Act of 1975 (Chapter
11 2.2 (commencing with Section 1340) of Division 2 of the Health
12 and Safety Code) or county organized health system, or be a current
13 member in good standing of a group that is credentialed by a health
14 care service plan that is licensed under the Knox-Keene Act.

15 (C) Have full, current, unrevoked, and unsuspended privileges
16 at a Joint Commission or American Osteopathic Association
17 accredited general acute care hospital.

18 (D) Not have any adverse entries in the federal Healthcare
19 Integrity and Protection Data Bank.

20 (3) The department may recognize other providers as qualifying
21 as preferred providers if criteria similar to those set forth in
22 paragraph (2) are identified for the other providers. The department
23 shall consult with interested parties and appropriate stakeholders
24 to identify similar criteria for other providers so that they may be
25 considered as preferred providers.

26 (e) (1) If a Medi-Cal applicant meets the criteria listed in
27 paragraph (2), the applicant shall be enrolled in the Medi-Cal
28 program after submission and review of a short form application
29 to be developed by the department. The form shall comply with
30 all minimum federal requirements related to Medicaid provider
31 enrollment. The department shall notify the applicant that the
32 department has received the application within 15 days of receipt
33 of the application. The department shall issue the applicant a
34 provider number or notify the applicant that the applicant does not
35 meet the criteria listed in paragraph (2) within 90 days of receipt
36 of the application.

37 (2) Notwithstanding any other provision of law, an applicant or
38 provider who meets all of the following criteria shall be eligible
39 for enrollment in the Medi-Cal program pursuant to this

1 subdivision, after submission and review of a short form
2 application:

3 (A) The applicant's or provider's practice is based in one or
4 more of the following: a general acute care hospital, a rural general
5 acute care hospital, or an acute psychiatric hospital, as defined in
6 subdivisions (a) and (b) of Section 1250 of the Health and Safety
7 Code.

8 (B) The applicant or provider holds a current, unrevoked, or
9 unsuspended license as a physician and surgeon issued by the
10 Medical Board of California or the Osteopathic Medical Board of
11 California. An applicant or provider shall not be in compliance
12 with this subparagraph if a license revocation has been stayed, the
13 licensee has been placed on probation, or the license is subject to
14 any other limitation.

15 (C) The applicant or provider does not have an adverse entry
16 in the federal Healthcare Integrity and Protection Data Bank.

17 (3) An applicant shall be granted provisional provider status
18 under this subdivision for a period of 12 months.

19 (f) Except as provided in subdivision (g), within 180 days after
20 receiving an application package submitted pursuant to subdivision
21 (a), or from the date of the notice to an applicant or provider that
22 the applicant or provider does not qualify as a preferred provider
23 under subdivision (d), the department shall give written notice to
24 the applicant or provider that any of the following applies, or shall
25 on the 181st day grant the applicant or provider provisional
26 provider status pursuant to this section for a period no longer than
27 12 months, effective from the 181st day:

28 (1) The applicant or provider is being granted provisional
29 provider status for a period of 12 months, effective from the date
30 on the notice.

31 (2) The application package is incomplete. The notice shall
32 identify additional information or documentation that is needed to
33 complete the application package.

34 (3) The department is exercising its authority under Section
35 14043.37, 14043.4, or 14043.7, and is conducting background
36 checks, preenrollment inspections, or unannounced visits.

37 (4) The application package is denied for any of the following
38 reasons:

39 (A) Pursuant to Section 14043.2 or 14043.36.

1 (B) For lack of a license necessary to perform the health care
2 services or to provide the goods, supplies, or merchandise directly
3 or indirectly to a Medi-Cal beneficiary, within the applicable
4 provider of service category or subgroup of that category.

5 (C) The period of time during which an applicant or provider
6 has been barred from reapplying has not passed.

7 (D) For other stated reasons authorized by law.

8 (g) Notwithstanding subdivision (f), within 90 days after
9 receiving an application package submitted pursuant to subdivision
10 (a) from a physician or physician group licensed by the Medical
11 Board of California or the Osteopathic Medical Board of California,
12 or from the date of the notice to that physician or physician group
13 that does not qualify as a preferred provider under subdivision (d),
14 or within 90 days after receiving a change of location form
15 submitted pursuant to subdivision (b), the department shall give
16 written notice to the applicant or provider that either paragraph
17 (1), (2), (3), or (4) of subdivision (f) applies, or shall on the 91st
18 day grant the applicant or provider provisional provider status
19 pursuant to this section for a period no longer than 12 months,
20 effective from the 91st day.

21 (h) (1) If the application package that was noticed as incomplete
22 under paragraph (2) of subdivision (f) is resubmitted with all
23 requested information and documentation, and received by the
24 department within 60 days of the date on the notice, the department
25 shall, within 60 days of the resubmission, send a notice that any
26 of the following applies:

27 (A) The applicant or provider is being granted provisional
28 provider status for a period of 12 months, effective from the date
29 on the notice.

30 (B) The application package is denied for any other reasons
31 provided for in paragraph (4) of subdivision (f).

32 (C) The department is exercising its authority under Section
33 14043.37, 14043.4, or 14043.7 to conduct background checks,
34 preenrollment inspections, or unannounced visits.

35 (2) (A) If the application package that was noticed as
36 incomplete under paragraph (2) of subdivision (f) is not resubmitted
37 with all requested information and documentation and received
38 by the department within 60 days of the date on the notice, the
39 application package shall be denied by operation of law. The

1 applicant or provider may reapply by submitting a new application
2 package that shall be reviewed de novo.

3 (B) If the failure to resubmit is by a provider applying for
4 continued enrollment, the failure shall make the provider also
5 subject to deactivation of the provider's number and all of the
6 business addresses used by the provider to provide services, goods,
7 supplies, or merchandise to Medi-Cal beneficiaries.

8 (C) Notwithstanding subparagraph (A), if the notice of an
9 incomplete application package included a request for information
10 or documentation related to grounds for denial under Section
11 14043.2 or 14043.36, the applicant or provider shall not reapply
12 for enrollment or continued enrollment in the Medi-Cal program
13 or for participation in any health care program administered by
14 the department or its agents or contractors for a period of three
15 years.

16 (i) (1) If the department exercises its authority under Section
17 14043.37, 14043.4, or 14043.7 to conduct background checks,
18 preenrollment inspections, or unannounced visits, the applicant or
19 provider shall receive notice, from the department, after the
20 conclusion of the background check, preenrollment inspection, or
21 unannounced visit of either of the following:

22 (A) The applicant or provider is granted provisional provider
23 status for a period of 12 months, effective from the date on the
24 notice.

25 (B) Discrepancies or failure to meet program requirements, as
26 prescribed by the department, have been found to exist during the
27 preenrollment period.

28 (2) (A) The notice shall identify the discrepancies or failures,
29 and whether remediation can be made or not, and if so, the time
30 period within which remediation must be accomplished. Failure
31 to remediate discrepancies and failures as prescribed by the
32 department, or notification that remediation is not available, shall
33 result in denial of the application by operation of law. The applicant
34 or provider may reapply by submitting a new application package
35 that shall be reviewed de novo.

36 (B) If the failure to remediate is by a provider applying for
37 continued enrollment, the failure shall make the provider also
38 subject to deactivation of the provider's number and all of the
39 business addresses used by the provider to provide services, goods,
40 supplies, or merchandise to Medi-Cal beneficiaries.

1 (C) Notwithstanding subparagraph (A), if the discrepancies or
2 failure to meet program requirements, as prescribed by the director,
3 included in the notice were related to grounds for denial under
4 Section 14043.2 or 14043.36, the applicant or provider shall not
5 reapply for three years.

6 (j) If provisional provider status or preferred provisional provider
7 status is granted pursuant to this section, a provider number shall
8 be used by the provider for each business address for which an
9 application package has been approved. This provider number
10 shall be used exclusively for the locations for which it was
11 approved, unless the practice of the provider's profession or
12 delivery of services, goods, supplies, or merchandise is such that
13 services, goods, supplies, or merchandise are rendered or delivered
14 at locations other than the provider's business address and this
15 practice or delivery of services, goods, supplies, or merchandise
16 has been disclosed in the application package approved by the
17 department when the provisional provider status or preferred
18 provisional provider status was granted.

19 (k) Except for providers subject to subdivision (c) of Section
20 14043.47, a provider currently enrolled in the Medi-Cal program
21 at one or more locations who has submitted an application package
22 for enrollment at a new location or a change in location pursuant
23 to subdivision (a), or filed a change of location form pursuant to
24 subdivision (b), may submit claims for services, goods, supplies,
25 or merchandise rendered at the new location until the application
26 package or change of location form is approved or denied under
27 this section, and shall not be subject, during that period, to
28 deactivation, or be subject to any delay or nonpayment of claims
29 as a result of billing for services rendered at the new location as
30 herein authorized. However, the provider shall be considered during
31 that period to have been granted provisional provider status or
32 preferred provisional provider status and be subject to termination
33 of that status pursuant to Section 14043.27. A provider that is
34 subject to subdivision (c) of Section 14043.47 may come within
35 the scope of this subdivision upon submitting documentation in
36 the application package that identifies the physician providing
37 supervision for every three locations. If a provider submits claims
38 for services rendered at a new location before the application for
39 that location is received by the department, the department may
40 deny the claim.

1 (l) An applicant or a provider whose application for enrollment,
2 continued enrollment, or a new location or change in location has
3 been denied pursuant to this section, may appeal the denial in
4 accordance with Section 14043.65.

5 (m) (1) Upon receipt of a complete and accurate claim for an
6 individual nurse provider, the department shall adjudicate the claim
7 within an average of 30 days.

8 (2) During the budget proceedings of the 2006–07 fiscal year,
9 and each fiscal year thereafter, the department shall provide data
10 to the Legislature specifying the timeframe under which it has
11 processed and approved the provider applications submitted by
12 individual nurse providers.

13 (3) For purposes of this subdivision, “individual nurse providers”
14 are providers authorized under certain home- and community-based
15 waivers and under the state plan to provide nursing services to
16 Medi-Cal recipients in the recipients’ own homes rather than in
17 institutional settings.

18 (n) The amendments to subdivision (b), which implement a
19 change of location form, and the addition of paragraph (2) to
20 subdivision (c), the amendments to subdivision (e), and the addition
21 of subdivision (g), which prescribe different processing timeframes
22 for physicians and physician groups, as contained in Chapter 693
23 of the Statutes of 2007, shall become operative on July 1, 2008.

24 SEC. 23. Section 14043.28 of the Welfare and Institutions
25 Code is amended to read:

26 14043.28. (a) (1) If an application package is denied under
27 Section 14043.26 or provisional provider status or preferred
28 provisional provider status is terminated under Section 14043.27,
29 the applicant or provider is prohibited from reapplying for
30 enrollment or continued enrollment in the Medi-Cal program or
31 for participation in any health care program administered by the
32 department or its agents or contractors for a period of three years
33 from the date the application package is denied or the provisional
34 provider status is terminated, or from the date of the final decision
35 following an appeal from that denial or termination, except as
36 provided otherwise in paragraph (2) of subdivision (h), or
37 paragraph (2) of subdivision (i), of Section 14043.26 and as set
38 forth in this section.

39 (2) If the application is denied under paragraph (2) of
40 subdivision (h) of Section 14043.26 because the applicant failed

1 to resubmit an incomplete application package or is denied under
2 paragraph (2) of subdivision (i) of Section 14043.26 because the
3 applicant failed to remediate discrepancies, the applicant may
4 resubmit an application in accordance with paragraph (2) of
5 subdivision (h) or paragraph (2) of subdivision (i), respectively.

6 (3) If the denial of the application package is based upon a
7 conviction for any offense or for any act included in Section
8 14043.36 or termination of the provisional provider status or
9 preferred provisional provider status is based upon a conviction
10 for any offense or for any act included in paragraph (1) of
11 subdivision (c) of Section 14043.27, the applicant or provider is
12 prohibited from reapplying for enrollment or continued enrollment
13 in the Medi-Cal program or for participation in any health care
14 program administered by the department or its agents or contractors
15 for a period of 10 years from the date the application package is
16 denied or the provisional provider status or preferred provisional
17 provider status is terminated or from the date of the final decision
18 following an appeal from that denial or termination.

19 (4) If the denial of the application package is based upon two
20 or more convictions for any offense or for any two or more acts
21 included in Section 14043.36 or termination of the provisional
22 provider status or preferred provisional provider status is based
23 upon two or more convictions for any offense or for any two acts
24 included in paragraph (1) of subdivision (c) of Section 14043.27,
25 the applicant or provider shall be permanently barred from
26 enrollment or continued enrollment in the Medi-Cal program or
27 for participation in any health care program administered by the
28 department or its agents or contractors.

29 (5) The prohibition in paragraph (1) against reapplying for three
30 years shall not apply if the denial of the application or termination
31 of provisional provider status or preferred provisional provider
32 status is based upon any of the following:

33 (A) The grounds provided for in paragraph (4), or subparagraph
34 (B) of paragraph (7), of subdivision (c) of Section 14043.27.

35 (B) The grounds provided for in subdivision (d) of Section
36 14043.27, if the investigation is closed without any adverse action
37 being taken.

38 (C) The grounds provided for in paragraph (6) of subdivision
39 (c) of Section 14043.27. However, the department may deny

1 reimbursement for claims submitted while the provider was
2 noncompliant with CLIA.

3 (b) (1) If an application package is denied under subparagraph
4 (A), (B), or (D) of paragraph (4) of subdivision (f) of Section
5 14043.26, or with respect to a provider described in subparagraph
6 (B) of paragraph (2) of subdivision (h), or subparagraph (B) of
7 paragraph (2) of subdivision (i), of Section 14043.26, or provisional
8 provider status or preferred provisional provider status is terminated
9 based upon any of the grounds stated in subparagraph (A) of
10 paragraph (7), or paragraphs (1), (2), (3), (5), and (8) to (12),
11 inclusive, of subdivision (c) of Section 14043.27, all business
12 addresses of the applicant or provider shall be deactivated and the
13 applicant or provider shall be removed from enrollment in the
14 Medi-Cal program by operation of law.

15 (2) If the termination of provisional provider status is based
16 upon the grounds stated in subdivision (d) of Section 14043.27
17 and the investigation is closed without any adverse action being
18 taken, or is based upon the grounds in subparagraph (B) of
19 paragraph (7) of subdivision (c) of Section 14043.27 and the
20 applicant or provider obtains the appropriate license, permits, or
21 approvals covering the period of provisional provider status, the
22 termination taken pursuant to subdivision (c) of Section 14043.27
23 shall be rescinded, the previously deactivated provider numbers
24 shall be reactivated, and the provider shall be reenrolled in the
25 Medi-Cal program, unless there are other grounds for taking these
26 actions.

27 (c) Claims that are submitted or caused to be submitted by an
28 applicant or provider who has been suspended from the Medi-Cal
29 program for any reason or who has had its provisional provider
30 status terminated or had its application package for enrollment or
31 continued enrollment denied and all business addresses deactivated
32 may not be paid for services, goods, merchandise, or supplies
33 rendered to Medi-Cal beneficiaries during the period of suspension
34 or termination or after the date all business addresses are
35 deactivated.

36 SEC. 24. Section 14043.29 of the Welfare and Institutions
37 Code is amended to read:

38 14043.29. (a) If, at the end of the period for which provisional
39 provider status or preferred provisional provider status was granted
40 under Section 14043.26, all of the following conditions are met,

1 the provisional status shall cease and the provider shall be enrolled
2 in the Medi-Cal program without designation as a provisional
3 provider:

4 (1) The provider has demonstrated an appropriate volume of
5 business.

6 (2) The provisional provider status or preferred provisional
7 provider status has not been terminated or if it has been terminated,
8 the act of termination was rescinded.

9 (3) The provider continues to meet the standards for enrollment
10 in the Medi-Cal program as set forth in this article and Section
11 51000 and following of Title 22 of the California Code of
12 Regulations.

13 (b) (1) An applicant or a provider who applied for enrollment
14 or continued enrollment in the Medi-Cal program, prior to May
15 1, 2003, and for whom the application has not been approved or
16 denied, or who has not received a notice on or before January 1,
17 2004, that the department is exercising its authority under Section
18 14043.37, 14043.4, or 14043.7 to conduct background checks,
19 preenrollment inspections, or unannounced visits, shall be granted
20 provisional provider status effective on January 1, 2004.
21 Applications from applicants or providers who have been so
22 noticed prior to January 1, 2004, shall be processed in accordance
23 with subdivision (h) of Section 14043.26.

24 (2) Applications from applicants or providers that have been
25 received by the department after May 1, 2003, but prior to January
26 1, 2004, shall be processed in accordance with Section 14043.26,
27 except that these application packages shall be deemed to have
28 been received by the department on January 1, 2004.

29 SEC. 25. Section 14115.8 of the Welfare and Institutions Code
30 is amended to read:

31 14115.8. (a) (1) The department shall amend the Medicaid
32 state plan with respect to the billing option for services by local
33 educational agencies, to ensure that schools shall be reimbursed
34 for all eligible services that they provide that are not precluded by
35 federal requirements.

36 (2) The department shall examine methodologies for increasing
37 school participation in the Medi-Cal billing option for local
38 educational agencies so that schools can meet the health care needs
39 of their students.

1 (3) The department, to the extent possible shall simplify claiming
2 processes for local educational agency billing.

3 (4) The department shall eliminate and modify state plan and
4 regulatory requirements that exceed federal requirements when
5 they are unnecessary.

6 (b) If a rate study for the LEA Medi-Cal billing option is
7 completed pursuant to Section 52 of Chapter 171 of the Statutes
8 of 2001, the department, in consultation with the entities named
9 in subdivision (c), shall implement the recommendations from the
10 study, to the extent feasible and appropriate.

11 (c) In order to assist the department in formulating the state plan
12 amendments required by subdivisions (a) and (b), the department
13 shall regularly consult with the State Department of Education,
14 representatives of urban, rural, large and small school districts,
15 and county offices of education, the local education consortium,
16 and local education agencies. It is the intent of the Legislature that
17 the department also consult with staff from Region IX of the federal
18 Centers for Medicare and Medicaid Services, experts from the
19 fields of both health and education, and state legislative staff.

20 (d) Notwithstanding any other provision of law, or any other
21 contrary state requirement, the department shall take whatever
22 action is necessary to ensure that, to the extent there is capacity in
23 its certified match, a local educational agency shall be reimbursed
24 retroactively for the maximum period allowed by the federal
25 government for any department change that results in an increase
26 in reimbursement to local educational agency providers.

27 (e) The department may undertake all necessary activities to
28 recoup matching funds from the federal government for
29 reimbursable services that have already been provided in the state's
30 public schools. The department shall prepare and take whatever
31 action is necessary to implement all regulations, policies, state
32 plan amendments, and other requirements necessary to achieve
33 this purpose.

34 (f) The department shall file an annual report with the
35 Legislature that shall include at least all of the following:

36 (1) A copy of the annual comparison required by subdivision
37 (i).

38 (2) A state-by-state comparison of school-based Medicaid total
39 and per eligible child claims and federal revenues. The comparison

1 shall include a review of the most recent two years for which
2 completed data is available.

3 (3) A summary of department activities and an explanation of
4 how each activity contributed toward narrowing the gap between
5 California's per eligible student federal fund recovery and the per
6 student recovery of the top three states.

7 (4) A listing of all school-based services, activities, and
8 providers approved for reimbursement by the federal Centers for
9 Medicare and Medicaid Services in other state plans that are not
10 yet approved for reimbursement in California's state plan and the
11 service unit rates approved for reimbursement.

12 (5) The official recommendations made to the department by
13 the entities named in subdivision (c) and the action taken by the
14 department regarding each recommendation.

15 (6) A one-year timetable for state plan amendments and other
16 actions necessary to obtain reimbursement for those items listed
17 in paragraph (4).

18 (7) Identify any barriers to local educational agency
19 reimbursement, including those specified by the entities named in
20 subdivision (c), that are not imposed by federal requirements, and
21 describe the actions that have been, and will be, taken to eliminate
22 them.

23 (g) (1) These activities shall be funded and staffed by
24 proportionately reducing federal Medicaid payments allocable to
25 local educational agencies for the provision of benefits funded by
26 the federal Medicaid program under the billing option for services
27 by local educational agencies specified in this section. Moneys
28 collected as a result of the reduction in federal Medicaid payments
29 allocable to local educational agencies shall be deposited into the
30 Local Educational Agency Medi-Cal Recovery Fund, which is
31 hereby established in the Special Deposit Fund established pursuant
32 to Section 16370 of the Government Code. These funds shall be
33 used, upon appropriation by the Legislature, only to support the
34 department to meet all the requirements of this section. As of
35 January 1, 2013, unless the Legislature enacts a new statute or
36 extends the repeal date in subdivision (j), all funds in the Local
37 Educational Agency Medi-Cal Recovery Fund shall be returned
38 proportionally to all local educational agencies whose federal
39 Medicaid funds were used to create this fund. The annual amount

1 funded shall not exceed one million five hundred thousand dollars
2 (\$1,500,000).

3 (2) Funding received pursuant to paragraph (1) shall derive only
4 from federal Medicaid funds that exceed the baseline amount of
5 local educational agency Medicaid billing option revenues for the
6 2000-01 fiscal year.

7 (h) (1) The department may enter into a sole source contract
8 to comply with the requirements of this section.

9 (2) The level of additional staff to comply with the requirements
10 of this section, including, but not limited to, staff for which the
11 department has contracted for pursuant to paragraph (1), shall be
12 limited to that level that can be funded with revenues derived
13 pursuant to subdivision (g).

14 (i) The activities of the department shall include all of the
15 following:

16 (1) An annual comparison of the school-based Medicaid systems
17 in comparable states.

18 (2) Efforts to improve communications with the federal
19 government, the State Department of Education, and local
20 educational agencies.

21 (3) The development and updating of written guidelines to local
22 educational agencies regarding best practices to avoid audit
23 exceptions, as needed.

24 (4) The establishment and maintenance of a local educational
25 agency friendly interactive Web site.

26 (j) This section shall remain in effect only until January 1, 2013,
27 and as of that date is repealed, unless a later enacted statute, that
28 is enacted before January 1, 2013, deletes or extends that date.
