32 relation to appropriate standards of credential program quality and
33 effectiveness that have been adopted by the commission, the
34 Superintendent, and the state board pursuant to this subdivision.
35 The standards for alternative programs shall encourage innovation
36 and experimentation in the continuous preparation and induction
37 of beginning teachers. Any alternative program of beginning
38 teacher induction that has met state standards pursuant to this
39 subdivision may apply for state funding pursuant to Sections
40 44279.1 and 44279.2.

(C) An alternative program of beginning teacher induction that is sponsored by a regionally accredited college or university, in cooperation with one or more local school districts, that addresses the individual professional needs of beginning teachers and meets the commission's standards of induction. The commission shall ensure that preparation and induction programs that qualify candidates for professional credentials extend and refine each beginning teacher's professional skills in relation to the California Standards for the Teaching Profession and the standards of pupil performance adopted pursuant to Section 60605.

(3) (A) If a candidate satisfies the requirements of subdivision (b), including completion of an accredited internship program of professional preparation, and if that internship program fulfills induction standards and is approved as set forth in this subdivision, the commission shall determine that the candidate has fulfilled the requirements of paragraph (2).

(B) If an approved induction program is verified as unavailable to a beginning teacher, or if the beginning teacher is required under the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.) to complete subject matter coursework to be qualified for a teaching assignment, the commission shall accept completion of an approved clear credential program after completion of a baccalaureate degree at a regionally accredited institution as fulfilling the requirements of paragraph (2). The commission shall adopt regulations to implement this subparagraph.

(4) Experience that includes the application of knowledge and skills previously acquired in a preliminary credential program, in accordance with commission standards, that addresses the following:

4 paragraph (4) of subdivision (c), starting in professional preparation
5 and continuing through induction.

6 (e) A credential that was issued prior to January 1, 1993, shall
7 remain in force as long as it is valid under the laws and regulations
8 that were in effect on the date it was issued. The commission may
9 not, by regulation, invalidate an otherwise valid credential, unless
10 it issues to the holder of the credential, in substitution, a new
11 credential authorized by another provision in this chapter that is
12 no more restrictive than the credential for which it was substituted
13 with respect to the kind of service authorized and the grades,
14 classes, or types of schools in which it authorizes service.

15 (f) A credential program that is approved by the commission
16 may not deny an individual access to that program solely on the
17 grounds that the individual obtained a teaching credential through
18 completion of an internship program when that internship program
19 has been accredited by the commission.

20 (g) Notwithstanding this section, persons who were performing
21 teaching services as of January 1, 1999, pursuant to the language
22 of this section that was in effect prior to that date, may continue
23 to perform those services without complying with any requirements
24 that may be added by the amendments adding this subdivision.

25 (h) Subparagraphs (A) and (B) of paragraph (4) of subdivision
26 (b) do not apply to any person who, as of January 1, 1997, holds
27 a multiple or single subject teaching credential, or to any person
28 enrolled in a program of professional preparation for a multiple
29 or single subject teaching credential as of January 1, 1997, who
30 subsequently completes that program. It is the intent of the
31 Legislature that the requirements of subparagraphs (A) and (B) of
32 paragraph (4) of subdivision (b) be applied only to persons who
33 enter a program of professional preparation on or after January 1,
34 1997.

38 article may be assigned, with his or her consent, to teach a single
39 subject class in which he or she has 18 semester hours of
40 coursework or nine semester hours of upper division or graduate

1 coursework or a multiple subject class if he or she holds at least
2 60 semester hours equally distributed among the 10 areas of a
3 diversified major set forth in Section 44314. A three-semester-unit
4 variance in any of the required 10 areas may be allowed. The
5 governing board of the school district by resolution shall provide
6 specific authorization for the assignment. The authorization of the

13 of a valid certification or other document authorizing the holder
14 to serve in a position requiring certification qualifications as an
15 employee of the school district.

16 (b) During any period when summary criminal history
17 information is not available from the Federal Bureau of
18 Investigation, an applicant for an initial credential, certificate, or
19 permit shall not be employed in a position requiring certification
20 qualifications until he or she has met the minimum requirements
21 for a temporary certificate of clearance. A temporary certificate
22 of clearance or a credential, certificate, or permit authorizing
23 service in the public schools shall be issued when the applicant
24 has:

25 (1) Made full disclosure of all facts necessary to establish his
26 or her true identity.

27 (2) Made a statement under penalty of perjury that he or she
28 has not been convicted of a crime which would constitute grounds
29 for the denial of the credential, permit, or certificate applied for.

30 An applicant shall not be required to disclose, and the Committee
31 of Credentials shall not inquire into or consider, any acts or
32 omissions not related to the applicant's fitness to teach or to
33 perform other duties for which he or she is certificated, or that is
34 related to his or her competence to perform the duties authorized
35 by his or her credential.

36 (3) Paid to the Commission on Teacher Credentialing the amount
37 of twelve dollars (\$12) or the fees or costs which have been or will
38 be assessed by the Federal Bureau of Investigation for the issuance
39 of its summary criminal history of the applicant when this
40 information is once again made available to the commission. The

1 fees authorized by this paragraph shall be applicable to all
2 credentials, permits, and certificates which were applied for or
3 issued after October 1, 1981.

4 (c) Upon receipt of a statement from the Federal Bureau of
5 Investigation that it has no summary criminal history information
6 on the applicant, or upon receipt of the summary criminal history
7 information and clearance by the Committee of Credentials, a
8 temporary certificate of clearance shall be converted to a regular
9 certificate of clearance.

10 SEC. 7. Section 44421 of the Education Code is amended to
11 read:

12 44421. The Commission on Teacher Credentialing shall
13 privately admonish, publicly reprove, revoke or suspend for
14 immoral or unprofessional conduct, or for persistent defiance of,
15 and refusal to obey, the laws regulating the duties of persons
16 serving in the public school system, or for any cause that would
17 have warranted the denial of an application for a credential or the
18 renewal thereof, or for evident unfitness for service.

19 SEC. 8. Section 44422 of the Education Code is amended to
20 read:

21 44422. Whenever the holder of a credential issued by the State
22 Board of Education or the Commission on Teacher Credentialing
23 is charged with immoral or unprofessional conduct or evident
24 unfitness for service or persistent defiance of, and refusal to obey,
25 the laws regulating the duties of his or her position, the commission
26 in its discretion after notifying the person charged of its intention
27 to do so, may require the county board of education of the county
28 in which he or she is serving or has last served to give notice of,
29 and conduct, a hearing of the charges in the manner prescribed by
30 law for the hearing of charges for private admonition, or for the
31 revocation or suspension of a certificate by a county board of
32 education.

33 The county board of education, after the hearing, shall report to
34 the commission its findings, and a summary of the evidence, and
35 shall make a definite recommendation concerning the revocation
36 or suspension of the credential.

37 Upon receipt of a copy of the findings, summary of evidence,
38 and recommendation, the commission may privately admonish the
39 holder of the credential, or suspend or revoke the credential for
40 the causes stated, or order the charges dismissed.

1 SEC. 9. Section 44426 of the Education Code is amended to
2 read:

3 44426. Whenever the holder of a credential issued by the State
4 Board of Education or the Commission on Teacher Credentialing
5 has been determined to be a sexual psychopath under the provisions
6 of Article 1 (commencing with Section 6300) of Chapter 2 of Part
7 2 of Division 6 of the Welfare and Institutions Code or under
8 similar provisions of law of any other state, the commission shall
9 forthwith suspend the credential. If the determination is reversed
10 and the holder is determined not be a sexual psychopath in a new
11 proceeding or the proceeding to determine whether he or she is a
12 sexual psychopath is dismissed, the commission shall forthwith
13 terminate the suspension of the credential. When the determination
14 becomes final, the commission shall forthwith revoke the
15 credential.

16 SEC. 10. Section 44830.7 of the Education Code is amended
17 to read:

18 44830.7. Every contract for employment for a position requiring
19 certification qualifications between a school district governing
20 board and a person who possesses certification qualifications from
21 another state shall provide that employment shall terminate upon
22 notice by the Commission on Teacher Credentialing to the district
23 and the employee, that the employee does not have the necessary
24 qualifications for the credential required by law for the position
25 for which the service was rendered.

26 SEC. 11. Section 44853 of the Education Code is amended to
27 read:

28 44853. The governing board of any school district, subject to
29 the rules and regulations prescribed by the state board, may enter
30 into an agreement with the proper authorities of any foreign
31 country, or of any state, territory, or possession of the United
32 States, or other district within the state, for the exchange and
33 employment of regularly credentialed employees and employees
34 of public schools of any foreign country, state, territory, or
35 possession, or other district within this state. Any certificated
36 person employed as provided in this section shall be known as an
37 "exchange certificated employee." No exchange shall be made
38 without the consent of the employee to be exchanged.

39 Due consideration shall be given to the general qualifications
40 and professional status of the exchange employee as compared to

1 the general qualifications and professional status of the employee
2 for whom exchanged. However, it shall not be a requirement that
3 an exchange certificated employee be a teacher of the same subject
4 or grade, or both, as the employee for whom exchanged. If the
5 service authorized is other than teaching, it shall not be a
6 requirement that the service be at the same grade level or that the
7 service be exactly the same as the employee for whom exchanged.

8 A person shall not be employed as an exchange employee by a
9 school district in the state unless he or she holds the necessary
10 valid credential or credentials issued by the Commission on
11 Teacher Credentialing authorizing the person to serve in a position
12 requiring certification qualifications in the school district proposing
13 to employ the person. The commission may establish minimum
14 standards for the credentials for exchange certificated employees,
15 provided that no exchange certificated employee shall be required
16 to pay a fee or other charge for the issuance of any necessary valid
17 credential or credentials authorizing him or her to serve in a
18 position requiring certification qualifications in any school district
19 in this state.

20 An exchange agreement may be made for a period not to exceed
21 three years.

22 At the end of the assignment period, the exchange, with the
23 consent of all parties, may be made complete and permanent.

24 SEC. 12. Section 44856 of the Education Code is amended to
25 read:

26 44856. The governing board of a school district, for the
27 purposes of providing bilingual instruction, foreign language
28 instruction, or cultural enrichment, in the schools of the district,
29 subject to the rules and regulations of the state board, may conclude
30 arrangements with the proper authorities of a foreign country, or
31 of a state, territory, or possession of the United States, for the hiring
32 of bilingual teachers employed in public or private schools of a
33 foreign country, state, territory, or possession. To be eligible for
34 employment, the teacher must speak English fluently. Any persons
35 employed pursuant to this section shall be known as a “sojourn
36 certificated employee.”

37 A person shall not be hired as a sojourn certificate employee by
38 a school district unless he or she holds the necessary valid
39 credential or credentials issued by the Commission on Teacher
40 Credentialing authorizing the person to serve in a position requiring

1 certification qualifications in the school district proposing to
2 employ him or her. The person may be employed for a period not
3 to exceed two years, except that thereafter the period of
4 employment may be extended from year to year for a total period
5 of not more than five years upon verification by the employing
6 district that termination of the employment would adversely affect
7 an existing bilingual or foreign language program or program of
8 cultural enrichment, and that attempts to secure the employment
9 of a certificated California teacher qualified to fill the position
10 have been unsuccessful. The commission shall establish minimum
11 standards for the credentials for sojourn certificated employees.

12 SEC. 13. Section 44917 of the Education Code is amended to
13 read:

14 44917. Except as provided in Sections 44888 and 44920,
15 governing boards of school districts shall classify as substitute
16 employees those persons employed in positions requiring
17 certification qualifications, to fill positions of regularly employed
18 persons absent from service.

19 After September 1 of any school year, the governing board of
20 any school district may employ, for the remainder of the school
21 year, in substitute status any otherwise qualified person who
22 consents to be employed in a position for which no regular
23 employee is available, including persons retired for service under
24 the State Teachers' Retirement System. Inability to acquire the
25 services of a qualified regular employee shall be demonstrated to
26 the satisfaction of the Commission on Teacher Credentialing.

27 Any person employed for one complete school year as a
28 temporary employee shall, if reemployed for the following school
29 year in a position requiring certification qualifications, be classified
30 by the governing board as a probationary employee and the
31 previous year's employment as a temporary employee shall be
32 deemed one year's employment as a probationary employee for

29 read:

30 52127. (a) As a condition to receiving an apportionment
31 pursuant to Section 52126, school districts shall have a staff
32 development program that requires a certificated teacher who will
33 provide direct instructional services for a class participating in the
34 school district's class size reduction program to receive the
35 appropriate training necessary to maximize the educational
36 advantages of class size reduction. This training shall include, but
37 not be limited to, methods for providing each of the following:

38 (1) Individualized instruction.

39 (2) Effective teaching, including classroom management, in
40 smaller classes.

1 (3) Identifying and responding to pupil needs.

2 (4) Opportunities to build on the individual strengths of pupils.

5 requirements of this section.

6 SEC. 17. Section 52163 of the Education Code is amended to
7 read:

8 52163. Unless the context otherwise requires, the definitions
9 set forth in this section shall govern the construction of this article.

10 (a) “Basic bilingual education” is a system of instruction that
11 builds upon the language skills of the pupil and that consists of,
12 but is not limited to, all of the following:

13 (1) A structured English language development component with
14 daily instruction leading to the acquisition of English language
15 proficiency, including English reading and writing skills.

16 (2) A structured primary language component with daily basic
17 skills instruction in the primary language for the purpose of
18 sustaining achievement in basic subject areas until the transfer to
19 English is made.

20 As the pupil develops English language skills, the amount of
21 instruction offered through English shall increase.

22 (b) “Bilingual-bicultural education” is a system of instruction
23 that uses two languages, one of which is English, as a means of
24 instruction. It is a means of instruction that builds upon and
25 expands the existing language skills of each participating pupil,
26 that will enable the pupil to achieve competency in both languages.

27 This instruction shall include all of the following:

28 (1) Daily instruction in English language development that shall
29 include:

30 (A) Listening and speaking skills.

31 (B) Reading and writing skills; formal instruction in reading
32 and writing of English shall be introduced when appropriate criteria
33 are met.

34 (2) Language development in the pupil’s primary language,
35 including oral and literacy skills.

36 (3) Reading in the pupil’s primary language.

37 (4) Selected subjects taught in the pupil’s primary language.

38 (5) Development of an understanding of the history and culture
39 of California and the United States, as well as an understanding

1 of customs and values of the cultures associated with the languages
2 being taught.

3 (c) (1) “Experimental bilingual programs” are:

4 (A) Innovative programs that are consistent with the provisions
5 of this article, the requirements for bilingual teaching personnel
6 pursuant to Section 52165, and the requirements for English
7 language and primary language development pursuant to this
8 section. Innovative programs may include new management
9 approaches, greater emphasis on team teaching, or other appropriate
10 improvements that expand the learning opportunities of pupils of
11 limited English proficiency. Unless waivers of code sections are
12 required, project approval of the state board is not required. A
13 description of each innovative program shall be included with the
14 consolidated application for program funding and an annual
15 evaluation of the programs shall be included in the multiple-funded
16 program evaluation required pursuant to Section 33403.

17 (B) Planned variation programs for the purpose of comparing
18 and improving language development programs for pupils of
19 limited English proficiency. A primary focus shall be on
20 appropriate instruction for pupils of limited English proficiency
21 whose English skills are superior to their skills in their primary
22 language.

23 A focus may also be placed upon situations in which the number
24 of pupils who, in accordance with Section 52165, would be
25 required to receive instruction pursuant to subdivision (a) or (b)
26 of Section 52163, is substantially smaller than the census indicated
27 for the previous year, in which case all pupils of limited English
28 proficiency shall receive instruction through individual learning
29 programs during the preparation of the district’s proposal and the
30 consideration of the proposal by the state board. The programs
31 shall be authorized by the state board in up to 300 classrooms in
32 1982–83 and up to 700 classrooms in 1983–84 and each school
33 year thereafter in districts that are representative of the state both
34 geographically and by size. Not more than 30 classrooms in
35 1982–83 and 50 classrooms in 1983–84, that may or may not be
36 in another school, shall be approved in any one district. The
37 programs shall not result in segregation. For districts proposing a
38 planned variation program, the staffing requirements of Section
39 52165 may be partially or totally waived by the state board
40 provided that the district has an inadequate number of certified

1 bilingual teachers, that certified bilingual teachers are not replaced,
2 that present level of effort is not reduced, and that the proposed
3 language development program is appropriate. For each
4 participating classroom there shall be another similar classroom
5 in the district that has fully implemented and is in compliance with
6 the other provisions of this article.

7 (2) Proposals for planned variation programs shall include, but
8 need not be limited to:

9 (A) A clear statement of the purposes, goals, and objectives for
10 planned variation programs and projected outcomes.

11 (B) A delineated management, staffing, and instructional plan.

12 (C) Pupil identification, diagnosis, and assessment procedures.

13 (D) Evidence of qualified bilingual and other instructional staff
14 with demonstrated competence in language development, bicultural
15 or multicultural knowledge of participating pupils, and instructional
16 methodologies.

17 (E) Documented parent and community participation and
18 support.

19 (F) Use of state and federal funding, where applicable.

20 (G) Evaluation component that controls for instructional
21 treatments, instructional engaged time, staffing, pupil language
22 characteristics, achievement, attendance, and related data.

23 (H) For purposes of this subdivision, if formal action upon a
24 proposal for a planned variation program is not taken by the state
25 board on or before the second regular meeting of the state board
26 following the receipt of a complete and documented proposal, the
27 proposal shall be deemed approved for the remainder of the school
28 year.

29 Proposals that meet the requirements of this subdivision shall
30 be approved by the state board in accordance with standards
31 established in subdivision (b) of Section 52820.

32 Proposals may be approved annually for a second, third, or fourth
33 year based upon a demonstration of compliance with planned
34 variation program requirements.

35 (3) The department shall include in its annual report to the
36 Legislature submitted pursuant to Sections 33405 and 52171.6 the
37 number and nature of experimental bilingual and planned variation
38 programs and progress of participating pupils.

39 (4) Nothing contained in this subdivision shall be construed to
40 permit the operation of experimental bilingual and planned

1 variation programs contrary to the purposes or intent of this article
2 and other state or federal statutes and regulations promulgated for
3 and on behalf of pupils of limited English proficiency. The primary
4 goal of all programs shall be to teach the pupil English.

5 (d) “Secondary level language development program” is a
6 program in grades 7 to 12 that provides a prescriptive English
7 language program that systematically develops a pupil’s listening
8 and speaking skills, knowledge of linguistic and grammatical
9 structure leading to proficiency in reading and writing English.
10 The prescriptive English language program shall be based on the
11 diagnosis of a pupil’s language skills pursuant to Sections 52164
12 and 52164.1 and shall be conducted as an integral instructional
13 program of English curriculum for not less than one full period a
14 day or its equivalent for the purpose of providing pupils with
15 minimum English language competencies pursuant to subdivision
16 (e). The primary goal of the programs shall be to teach pupils the
17 English language.

18 In addition to the prescriptive English language program required
19 by this subdivision, a secondary level language development
20 program shall provide primary language instructional support to
21 sustain academic achievement in nonelective content subject areas
22 required for high school graduation consistent with current law.

23 Instruction in a secondary level language development program
24 shall be provided either by a language development specialist, or
25 by a certified bilingual-crosscultural teacher, who has received the
26 recommendation of the local superintendent of schools verifying
27 in writing that the teacher is competent and qualified to teach an
28 English-as-a-second-language component, as measured by the
29 district’s personnel evaluation system.

30 School districts offering an instructional program pursuant to
31 this subdivision shall not be required to provide a secondary level
32 individual learning program, as defined in subdivision (e), but
33 shall be required to maintain records documenting all parental
34 notices and of the continuing evaluation of pupil needs and
35 services.

36 A school district may make a secondary level language
37 development program available to pupils enrolled in grade 6
38 whenever that grade is maintained by the district in a middle school
39 comprised of any of grades 6, 7, 8, or 9.

(e) “Secondary level individual learning program” is an individualized systematic program of instruction that meets the needs of limited-English-proficient pupils and builds upon their language skills in order to develop proficiency in English. This program shall be offered in a manner consistent with the United States Supreme Court decision in *Lau v. Nichols* (414 U.S. 563), the Equal Education Opportunities Act of 1974 (20 U.S.C. Sec. 1701 et seq.) and federal regulations promulgated pursuant to those court decisions and federal statutes. The primary goal of the programs shall be to teach the pupil English.

(f) “Elementary level individual learning program” is any program of instruction for a pupil of limited English proficiency in which any one of the three program options described in subdivision (a), (b), or (c) is individualized to meet the needs of the pupil of limited English proficiency and is offered in a manner consistent with the requirements of this article. Instruction shall be offered in a manner consistent with the United States Supreme Court decision in *Lau v. Nichols* (414 U.S. 563), the Equal Educational Opportunities Act of 1974 (20 U.S.C. Sec. 1701 et seq.), and federal regulations promulgated pursuant to those court decisions and federal statutes. The primary goal of the programs shall be to teach the pupil English.

(g) “Primary language” is a language other than English that is the language the pupil first learned or the language that is spoken in the pupil’s home.

(h) “Bilingual-crosscultural teacher” means a person who (1) holds a valid, regular California teaching credential and (2) holds either a bilingual-crosscultural certificate of proficiency or other credential in bilingual education authorized by the Commission on Teacher Credentialing or a bilingual-crosscultural specialist credential. The person shall be fluent in the primary language and familiar with the cultural heritage of limited-English-proficiency pupils in the bilingual classes he or she conducts. The person shall have a professional demonstrated working knowledge of the methodologies that are necessary to effectively educate those pupils.

(i) “Bilingual-crosscultural teacher aide” means an aide fluent in both English and the primary language of the pupil or pupils of limited English proficiency in a bilingual-bicultural program. The aide shall be familiar with the cultural heritage of pupils of limited

1 English proficiency in the bilingual classes to which he or she is
2 assigned.

3 (j) “State board” means the State Board of Education.

4 (k) “Superintendent” means the Superintendent of Public
5 Instruction.

6 (l) “Basic skills” means language arts, including, but not limited
7 to, reading and writing, and mathematics.

8 (m) “Pupils of limited English proficiency” are pupils who do
9 not have the clearly developed English language skills of
10 comprehension, speaking, reading, and writing necessary to receive
11 instruction only in English at a level substantially equivalent to
12 pupils of the same age or grade whose primary language is English.
13 The determination of which pupils are pupils of limited English
14 proficiency shall be made in accordance with the procedures
15 specified in Sections 52164 and 52164.1. Pupils who have no
16 proficiency in their primary language are not included within this
17 definition.

18 (n) “Pupils of fluent English proficiency” are pupils whose
19 English proficiency is comparable to that of the majority of pupils,
20 of the same age or grade, whose primary language is English.

21 (o) “Department” means the State Department of Education.

22 *SEC. 18. Section 52165 of the Education Code is amended to*
23 *read:*

24 52165. Each pupil of limited English proficiency enrolled in
25 the California public school system in kindergarten and grades 1
26 to 12, inclusive, shall receive instruction in a language
27 understandable to the pupil that recognizes the pupil’s primary
28 language and teaches the pupil English.

29 (a) In kindergarten and grades 1 to 6, inclusive, the following
30 shall apply:

31 (1) If the language census indicates that any school of a school
32 district has 10 or more pupils of limited English proficiency with
33 the same primary language in the same grade level or 10 or more
34 pupils of limited English proficiency with the same primary
35 language, in the same age group, and in a multigrade or ungraded
36 instructional environment, the school district shall offer instruction
37 pursuant to subdivision (a), (b), or (c) of Section 52163 for those
38 pupils at the school. If there are pupils of limited English
39 proficiency with different primary languages who do not otherwise
40 satisfy the program requirements of subdivision (a), (b), or (c) of

Section 52163 or of this subdivision, a language development specialist defined in subdivision (b) may be used.

(2) To the extent state or federal categorical funds are available, the services, as described in this paragraph, are required for pupils of limited English proficiency in concentrations of fewer than 10 per grade level. If there are fewer than 10 pupils of limited English proficiency in the same grade, but at least 20 pupils of limited English proficiency in the school with the same primary language, the school district shall provide at least one certified bilingual-crosscultural teacher or teachers on waiver as defined in Section 52178 or 52178.5 and an individualized instruction program as defined in subdivision (f) of Section 52163 for those pupils at the school. If the number of pupils of limited English proficiency in the school exceeds 45, the district shall provide two of those teachers. These teachers may be used as resource teachers or team teachers or to provide any other services to pupils of limited English proficiency as the district deems appropriate. These teachers shall be different teachers than those required pursuant to paragraph (1).

(b) The Legislature recognizes that in the past equal educational opportunities have not been fully available to secondary pupils of limited English proficiency. It is the intent of the Legislature to encourage school districts to offer a language learning program pursuant to subdivision (d) of Section 52163. Certified bilingual-crosscultural teachers or, if those teachers are not available, language development specialists assisted by a bilingual aide shall be qualified to provide instruction for those programs. Language development specialists shall be formally trained and competent in the field of English language learning, including second language acquisition and development, structure of modern English, and basic principles of linguistics, and shall meet the culture and methodology competencies established by subdivisions (b) and (c) of Section 44253.5. The Commission for Teacher Preparation and Licensing on Teacher Credentialing shall provide for the assessment of language competencies specified in this section and shall modify existing culture and methodology competency for language development specialist to ensure that they meet the crosscultural and instructional methodologies for pupils being served by those teachers. A teacher of English to speakers of other languages certificate from a

1 commission-approved teacher training institution of higher
2 education that meets the criteria established by the commission
3 pursuant to Section 44253.5 shall be accepted instead of the
4 methodology requirement.

5 (c) In kindergarten and grades 1 to 12, inclusive, pupils of
6 limited English proficiency who are not enrolled in a program
7 described in subdivision (a), (b), (c), or (d) of Section 52163, shall
8 be individually evaluated and shall receive educational services
9 defined in subdivision (e) or (f), as appropriate, of Section 52163.
10 These services shall be provided in consultation with the pupil and
11 the parent, parents, or guardian of the pupil.

12 (d) As a part of its consolidated application for categorical
13 program funds, each district receiving those funds shall include a
14 specific plan indicating the ways in which the individual learning
15 plans will meet the needs of pupils of limited English proficiency.
16 The plan shall describe all of the following:

17 (1) Procedures used in making the individual evaluation.

18 (2) The pupils' levels of English and primary language
19 proficiency and levels of educational performance.

20 (3) Instructional objectives and scope of educational services
21 to be provided.

22 (4) Periodic evaluation procedures, using objective criteria, to
23 determine whether the instructional objectives are being met.
