SENATE BILL

No. 1166

Introduced by Senator Simitian

February 18, 2010

An act to amend Sections 1798.29 and 1798.82 of the Civil Code, relating to personal information.

LEGISLATIVE COUNSEL'S DIGEST

SB 1166, as amended, Simitian. Personal information: privacy.

Existing law requires any agency, and any person or business conducting business in California, that owns or licenses computerized data that includes personal information, as defined, to disclose in specified ways, any breach of the security of the system or data, as defined, following discovery or notification of the security breach, to any California resident whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

This bill would require any agency, person, or business that is required to issue a security breach notification pursuant to existing law to fulfill certain additional requirements pertaining to the security breach notification, as specified.

The bill would also require any agency, person, or business that is required to issue a security breach notification to more than 500 California residents pursuant to existing law to electronically submit a single sample copy of that security breach notification to the Attorney General, as specified.

This bill would provide that a covered entity under the federal Health Insurance Portability and Accountability Act is deemed to have complied

with these provisions, if it has complied with existing federal law, as specified.

The bill would also incorporate additional changes made by the Governor's Reorganization Plan.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1798.29 of the Civil Code is amended

4 data that includes personal information shall disclose any breach
5 of the security of the system following discovery or notification
6 of the breach in the security of the data to any resident of California
7 whose unencrypted personal information was, or is reasonably
8 believed to have been, acquired by an unauthorized person. The
9 disclosure shall be made in the most expedient time possible and
10 without unreasonable delay, consistent with the legitimate needs
11 of law enforcement, as provided in subdivision (c), or any measures
12 necessary to determine the scope of the breach and restore the
13 reasonable integrity of the data system.

14 (b) Any agency that maintains computerized data that includes
15 personal information that the agency does not own shall notify the
16 owner or licensee of the information of any breach of the security
17 of the data immediately following discovery, if the personal
18 information was, or is reasonably believed to have been, acquired
19 by an unauthorized person.

20 (c) The notification required by this section may be delayed if
21 a law enforcement agency determines that the notification will
22 impede a criminal investigation. The notification required by this
23 section shall be made after the law enforcement agency determines
24 that it will not compromise the investigation.

25 (d) Any agency that is required to issue a security breach

6 notice is provided, then any of the following: (i) the date of the
7 breach, (ii) the estimated date of the breach, or (iii) the date range
8 within which the breach occurred. The notification shall also
9 include the date of the notice.

11 enforcement investigation, if that information is possible to
12 determine at the time the notice is provided.

13 (E) A general description of the breach incident, if that
14 information is possible to determine at the time the notice is
15 provided.

16 (F) The toll-free telephone numbers and addresses of the major
