An act to amend Section 110480 of the Health and Safety Code, relating to food safety.

LEGISLATIVE COUNSEL'S DIGEST

SB 1106, as introduced, Strickland. Food safety.

Existing law, the Sherman Food, Drug, and Cosmetic Law, prohibits, with specified exceptions, a person from engaging in the manufacture, packing, or holding of any processed food in this state unless the person has a valid registration from the State Department of Public Health.

This bill would make a technical, nonsubstantive change to the exceptions to the registration requirement.
