

ASSEMBLY BILL

No. 2352

Introduced by Assembly Member Chesbro

February 21, 2014

An act to amend Sections 76001 and 76002 of the Education Code, relating to community colleges.

LEGISLATIVE COUNSEL'S DIGEST

AB 2352, as introduced, Chesbro. Community colleges: early and middle college high schools.

(1) Existing law authorizes the governing board of a community college district to admit to any community college under its jurisdiction as a special part-time or full-time student in any session or term any student who is eligible to attend community college pursuant to authorization given by the governing board of a school district, as specified. Existing law requires the governing board of the community college district to assign a low enrollment priority to the special part-time or full-time students, except for a student attending a middle college high school if the student is seeking to enroll in a community college course that is required for the student's middle college high school program.

This bill would also except from the low enrollment priority requirement a student attending an early college high school if the student is seeking to enroll in a community college course that is required for the student's early college high school program.

(2) Existing law, for purposes of receiving state apportionments, authorizes a community college district to include high school pupils who attend a community college as special part-time or full-time

students in its report of full-time equivalent students only if those pupils are enrolled in community college classes that meet specified criteria.

This bill would provide that the specified criteria do not apply to a student attending a middle college high school or early college high school if the student is enrolled in a community college course that is required for the student's middle college or early college high school program.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
