SENATE BILL**No. 781**

Introduced by Senator Speier

February 25, 1999

An act to add Chapter 16 (commencing with Section 18998) to Part 6 of Division 9 of the Welfare and Institutions Code, relating to housing, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 781, as amended, Speier. Housing subsidies: counties.

Existing law sets forth the duties of the State Department of Social Services in administering various public assistance programs in the state.

This bill would require the department to oversee a rental housing subsidy program to be administered by counties, at their option, pursuant to which families who are successfully meeting participation requirements under the welfare-to-work component of the CalWORKs program, or who are certain former CalWORKs recipients whose income is less than 150% of the federal poverty level, would receive subsidies for rent for up to 3 years, at specified levels. It would require a county receiving subsidies to provide a 15% match,

and would authorize the county to develop criteria for eligibility for the program in addition to that set forth in the bill, and to designate a local agency or community-based organization to implement the program. *It would provide that counties implementing the program and meeting its requirements would receive funds necessary to operate the program within their CalWORKs single allocation.*

The bill would require participating counties to provide a status report to the department by March 1, 2003, and would require the department to report to the Legislature by September 1, 2003, on the program.

The bill would appropriate \$5,000,000 from federal Temporary Assistance for Needy Families (TANF) block grant funds to the department for funding the rental housing subsidy program.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares the
2 following:

3 (a) According to nationwide research, California has
4 the greatest number of low-income renters facing
5 unaffordable rents, substandard conditions, or both.

6 (b) The average monthly rents in high-cost areas of
7 the state are as much as 60 percent or more above the
8 statewide median.

9 (c) The average rents in high-cost counties are almost
10 double the maximum aid payment for CalWORKs
11 families.

12 (d) Families in high-cost areas are increasingly at risk
13 of homelessness as they struggle month to month to meet
14 their basic needs.

15 (e) Research studies have proven that subsidized
16 housing stabilizes families at risk of homelessness and
17 helps families move toward self-sufficiency.

18 (f) Thousands of low-income California families will
19 be required to participate in work activities for a
20 minimum of 32 hours per week beginning July 1999 and

1 must find self-sustaining employment within five years or
2 face losing their CalWORKs benefits.

3 (g) Counties are finding that families who face
4 housing crises have more difficulty meeting the
5 CalWORKs participation requirements and progressing
6 toward self-sufficiency.

7 (h) High housing costs and long waiting lists are
8 rendering current federal housing programs ineffective.
9 Section 8 waiting lists in high-cost counties are either
10 closed or are so long that it takes a family more than five
11 years to move to the top of the list to receive a subsidy.
12 Low-income families in high-cost counties have extreme
13 difficulty using Section 8 certificates because the United
14 States Department of Housing and Urban Development
15 fair market rents (FMRs) on which federal Section 8
16 certificates are based do not accurately reflect the
17 extremely high rents.

18 (i) It is therefore the intent of the Legislature to
19 establish a transitional and time-limited housing subsidy
20 program for CalWORKs families living in high-cost
21 counties that encourages work and provides CalWORKs
22 families with a cash rental subsidy to help them meet
23 their basic needs and progress toward self-sufficiency.

24 SEC. 2. Chapter 16 (commencing with Section 18998)
25 is added to Part 6 of Division 9 of the Welfare and
26 Institutions Code, to read:

27
28 CHAPTER 16. HOUSING SUBSIDIES FOR COUNTIES
29

30 18998. (a) The State Department of Social Services
31 shall oversee a rental housing subsidy program to be
32 administered by counties, at their option.

33 (b) (1) The subsidy provided under this section shall
34 be applied for the benefit of families who are successfully
35 meeting participation requirements under the
36 welfare-to-work component of the CalWORKs program
37 pursuant to Article 3.2 (commencing with Section 11320)
38 of Chapter 2 of Part 3 of Division 9 of the Welfare and
39 Institutions Code, or former CalWORKs recipients who
40 are receiving retention services within one year of

1 receipt of aid and whose income level is less than 150
2 percent of the federal poverty level.

3 (2) To be eligible for a subsidy under this section, a
4 family must be paying 50 percent or more of its grant and
5 income for rent *or be homeless or at risk of homelessness*
6 *due to shared or temporary living conditions*. Counties
7 may establish additional eligibility criteria, at their
8 option.

9 (c) Individual subsidies under this section shall be
10 limited to the fair market rents in the local area, as
11 defined by an acceptable market study, and shall be
12 applied for no longer than a total of three years, as follows:

13 (1) In the first year, 50 percent of the family's rent shall
14 be subsidized.

15 (2) In the second year, 40 percent of the family's rent
16 shall be subsidized.

17 (3) In the third year, 30 percent of the family's rent
18 shall be subsidized.

19 (d) Rental units subsidized under this program shall
20 meet acceptable housing quality standards.

21 (e) In order to receive funds under this section, a
22 county shall demonstrate an urgent need for housing
23 assistance for its families receiving CalWORKs assistance.
24 Counties shall submit to the department documentation
25 that includes the number and percentage of CalWORKs
26 families paying more than 50 percent of their grant and
27 income in rent, the number and percentage of
28 CalWORKs families living in shared housing, the average
29 rents by unit size broken down by subcounty region, the
30 vacancy rate among units whose rental cost is at or below
31 100 percent of the United States Department of Housing
32 and Urban Development (HUD) fair market rent levels
33 for the county, and the incidence of homelessness among
34 CalWORKs families in the county. Only counties that
35 provide sufficient documentation demonstrating a need
36 for housing assistance for its CalWORKs families shall
37 receive funding under this section.

38 (f) A county that receives funds pursuant to this
39 section shall provide a 15-percent match, which may
40 include funds from the county's CalWORKs single

1 allocation, county maintenance-of-effort funds under the
2 CalWORKs program, county CalWORKs incentive
3 funds, or other county funds to the extent not in conflict
4 with federal law. County funds expended on housing case
5 management linked to this program shall count toward
6 the required match.

7 (g) Eligible counties shall be allocated a dollar amount
8 based on a formula that takes into account the size of the
9 county CalWORKs population, the number of
10 CalWORKs families paying more than 50 percent of their
11 grant and income in rent, and the HUD fair market rent
12 levels. The formula shall be determined by a work group
13 comprised of representatives from the county welfare
14 ~~department~~ departments and the State Department of
15 Social Services.

16 (h) A county may designate a local agency, including
17 the county welfare department or the local public
18 housing agency, or a community-based organization to
19 implement the program. All counties that choose to
20 participate in the program shall develop, *as an addendum*
21 *to the CalWORKs county plan*, a county CalWORKs
22 housing stabilization plan that outlines the program
23 design and includes the criteria for family selection, the
24 amount and source of the local matching funds, a
25 description of how housing quality standards will be met,
26 and evidence of consultation with local stakeholders. If
27 the local agency designated to implement the program is
28 not the county welfare department, the county welfare
29 department shall participate in the development of the
30 plan. The county CalWORKs housing stabilization plan
31 shall be approved by the board of supervisors in each
32 county and shall be submitted to the department for
33 certification. In overseeing the county operated
34 programs, the department shall ensure that each county
35 fulfills its responsibilities as outlined in its housing
36 stabilization plan.

37 (i) *Beginning in the 2000-01 fiscal year, counties that*
38 *elect to implement this program and that meet all of the*
39 *requirements under this section shall receive funds*
40 *necessary to operate the program within their*

1 *CalWORKs* single allocation provided under Section
2 15204.2 and as prescribed by Section 15204.3.

3 (j) Each participating county shall provide to the
4 department by March 1, 2003, a status report on its
5 specific subsidy program to enable the department to
6 complete its report to the Legislature required by
7 subdivision-~~(j)~~ (k).

8 ~~(j)~~-

9 (k) Notwithstanding Section 7550.5 of the
10 Government Code, the department by September 1,
11 2003, shall submit to the Legislature a report on the status
12 of the subsidy program.

13 SEC. 3. The sum of five million dollars (\$5,000,000) is
14 hereby appropriated from federal Temporary Assistance
15 for Needy Families (TANF) block grant funds to the
16 State Department of Social Services for funding the
17 rental housing subsidy program established pursuant to
18 Chapter 16 (commencing with Section 18998) of Part 6 of
19 Division 9 of the Welfare and Institutions Code, as added
20 by Section 2 of this act.
